CON FRONTING MAD NESS - Princeton University

Madness in civilization? Surely madness is the very negation of civilization? Enlightenment thinkers, after all, used to argue that Reason is the faculty that distinguishes human beings from beasts If that is so, then surely Unreason is what lies beyond the pale, corresponding in some sense to the point at which the civilized becomes the savage

Foucault on Race and Colonialism - Robert J. C. Young

Madness and Civilization (1961) has functioned as a founding study of the way in which European society has determined its forms of exclusion and the differences which limit it Foucault himself described Madness and Civilization as a history of difference, of the expulsion of alterity: The history of madness would be the history of the Other—of
