The history of medicine in the Philippines discusses the folk medicinal practices and the medical applications used in Philippine society from the prehistoric times before the Spaniards were able to set a firm foothold on the islands of the Philippines for over 300 years, to the transition from Spanish rule to fifty-year American colonial embrace of the Philippines, and up to the establishment

Second Republic | French history | Britannica

Second Empire, (1852–70) period in France under the rule of Emperor Napoleon III (the original empire having been that of Napoleon I). In its early years (1852–59), the empire was authoritarian but enjoyed economic growth and pursued a favourable foreign policy. Liberal reforms were gradually introduced after 1859, but measures such as a low-tariff treaty with Britain alienated French
