Played on frozen ponds in cold northern lands, hockey seemed an especially unlikely game to gain a global following. But from its beginnings in the nineteenth century, the sport has drawn from different cultures and crossed boundaries--between Canada and the United States, across the Atlantic, and among different regions of Europe. It has been a political flashpoint within countries and internationally. And it has given rise to far-reaching cultural changes and firmly held traditions. The Fastest Game in the World is a global history of a global sport, drawing upon research conducted around the world in a variety of languages. From Canadian prairies to Swiss mountain resorts, Soviet housing blocks to American suburbs, Bruce Berglund takes readers on an international tour, seamlessly weaving in hockey's local, national, and international trends. Written in a lively style with wide-ranging breadth and attention to telling detail, The Fastest Game in the World will thrill both the lifelong fan and anyone who is curious about how games intertwine with

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative

of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

In *The Death of the American Trial*, distinguished legal scholar Robert P. Burns makes an impassioned case for reversing the rapid decline of the trial before we lose one of our public culture's greatest achievements. As a practice that is adapted for modern times yet rooted in ancient wisdom, the trial is uniquely suited to balance the tensions—between idealism and realism, experts and citizens, contextual judgment and reliance on rules—that define American culture. Arguing that many observers make a grave mistake by taking a complacent or even positive view of the trial's demise, Burns concludes by laying out the catastrophic consequences of losing an institution that so perfectly embodies democratic governance.

For more than twenty-five years, The Best American Sports Writing has curated the year's finest sports journalism. Continuing the tradition in a long line of notable guest editors is Rick Telander, acclaimed journalist, author, and champion of the written word. His choices are defined by one shared thread: effort, on the part of athletes and writers alike. The physical strength it takes to play professional hockey and football, or for a forty-two-year-old writer to learn how to dunk in six months. The mental and emotional toughness needed to turn around a losing team, or to speak out about a coach. The careful striving to make everything seem effortless. This edition encompasses it all. #1 NEW YORK TIMES BESTSELLER Rick Dockery is the third-string quarterback for the Cleveland Browns. In the AFC Championship game, to the surprise and dismay of virtually everyone, Rick actually gets into the game. With a seventeen-point lead and just minutes to go, Rick provides what is arguably the worst single performance in the history of the NFL. Overnight, he becomes a national laughingstock—and is immediately cut by the Browns and shunned by all other teams. But all Rick knows is football, and he insists that his agent find a team that needs him. Against enormous odds, Rick finally gets a job—as the starting quarterback for the Mighty Panthers . . . of Parma, Italy. The Parma Panthers desperately want a former NFL player—any former NFL player—at their helm. And now they've got Rick, who knows nothing about Parma (not even where it is) and doesn't speak a word of Italian. To say that Italy—the land of fine wines, extremely small cars, and football americano—holds a few surprises for Rick Dockery would be something of an understatement. BONUS: This edition includes an excerpt from John Grisham's *The Litigators*.
