If you haven't looked at The Bedford Handbook in a while, look again: This edition has everything your students need to become stronger writers--in a briefer book. This reimagined Bedford Handbook takes a fresh "essentials" approach to the familiar coverage of writing, research, style, and grammar that The Bedford Handbook has always had. The result is a handbook that's equal parts approachable and comprehensive. Students will quickly find answers in the book's direct explanations and step-by-step instruction. They'll get the practice and guidance they need with exercises, how-to guides, model papers, and class-tested examples. The advice you trust from Diana Hacker and Nancy Sommers is here. It all comes in a book that's easier to carry, easier to use, and more affordable than ever.

Now fully updated to reflect recent changes in the curriculum, Computing and ICT in the Primary School encourages teachers, and pupils, to realise the potential of a full range of ICT and computing resources. Tackling computing head on, this book enables trainee and experienced teachers to better understand what computing is and how to use ICT effectively in teaching and learning. It is not a 'how to' guide or a collection of lesson plans, but instead balances research-based theory with everyday experiences, challenging readers to understand teaching methods and how they translate into a range of suitable teaching and learning strategies using ICT. This book offers primary teachers the knowledge, skills and confidence to plan, teach and assess creatively to enhance learning across the whole curriculum. This second edition includes updates of all chapters and completely new chapters on: • mobile technologies • social media, and • modern foreign languages. Gary Beauchamp places theory and practice hand in hand, providing a uniquely relatable resource based on his own teaching practice, classroom experience and research. This text is crucial reading for both serving teachers and those in training on undergraduate and PGCE courses, Education Studies courses and MA (Ed) programmes.
