The Pathway to Self-Honesty demonstrated in Mardukite Systemology literature is the ultimate spiritual adventure of the true Self, or Alpha Spirit, undertaken during this lifetime—a journey that is quite deserving of a specialized journal, whereby a Seeker may record their experiences and chart their progress toward their ultimate goal of Beingness. If you are here now, then you are the Seeker—and this journal was designed especially for you. This publication is a specific purpose journal designed as an official supplement to materials presented in two core Grade-III Mardukite Systemology course textbooks by Joshua Free: "The Tablets of Destiny: Using Ancient Wisdom to Unlock Human Potential" and "Crystal Clear: The Self-Actualization Manual & Guide to Total Awareness." The "Systemology: Pathway to Self-Honesty: Truth Seeker's Adventure Journal" is

The Decline of Deference

Take control of your destiny and chart the first steps toward your own personal spiritual evolution. Realize new potentials for the Human Condition in Self-Honesty. Reclaim the freedom of the spirit and achieve Ascension in this lifetime with a manual of techniques and teachings so profound, that its effectiveness has been deemed "Crystal Clear." NexGen Systemology is grounded on foundations extending back to the original inception of current "systems" inherent in our modern world. These records--mostly maintained on cuneiform tablets from Mesopotamia--are the "Arcane Tablets" within Systemology literature and its predecessor, Mardukite Zuism, described in "Tablets of Destiny: Using Ancient Wisdom to Unlock Human Potential" by Joshua Free. The deepest meanings realized of the "Arcane Tablets" are only now being actualized toward a full application of a "futurist spiritual technology" for the first time in modern history. And as we travel this Pathway we are constantly reminded of how many elements on

this journey are all too familiar--and realize that we have actually charted this adventure once before. But, of course we have--for this is, and always has been, the Adventure of Self. With Joshua Free's "Crystal Clear Self-Defragmentation Course" a Seeker may learn to free the Self from lower levels of personal fragmentation and programming; to apply Will-Intention to the fullest extent from outside lower "systems"; and live without regard of former fragmentation and erroneous programming concerning personal ability and responsibility accumulated during this lifetime. The way out is always the way through; not avoidance, neglect or indifference--which only mark a path to ignorance. When a Seeker attains actualized Awareness outside of physical existence, therein alone lies the true personality of the Spirit, the individuated "I" that is Self. This is the state of Self free of worldly fragmentation. The Seeker has extended the reach of Awareness and the ability (and responsibility) of Self-direction from the point of WILL as Cause in the Universe, rising above lower planes of Effect and Desire. Every technique and Self-Processing method contained within Crystal Clear targets personal management of emotion, memory and thought, assisting Seeker's to regain Self-control of these systems. We are not using Systemology to condition ourselves into some false sense of grandeur; we are

using it to systematically remove fragmentation that undeniably reveals the "Unconditioned Self", the very Alpha state of our true spiritual Beingness. There is no higher purpose or demonstration of the "Great Work" available. Every cultural mythology, pantheist tradition and spiritual paradigm in history has attempted to be the route toward Ascension. We are in the 21st century now, beginning a decade of 2020's--and it is time we brought some clear 20/20 vision to the "I" that is Spirit, and actualize a new realization of the Human Condition that unfolds the latent genetic and spiritual potential that is waiting to advance us toward attaining the state of Homo Novus in this lifetime This is the most important thing an individual can be doing right now for themselves, for family, for society, for all Life on planet Earth--and to every sphere of influence and existence that we can extend our reach in Self-Honesty to Infinity.

awaken the first seeds and cells on Earth to a new realization, signaling the inception of a Coming Race, one that undeniably represents Human Destiny: the evolutionary future of the Human Condition. This future may be shaped in Self-Honesty only by the highest caliber "spiritual technologies" at our disposal—methods that only a small esoteric demographic of the population has kept a possession of, and which is markedly only being developed, refined and radiated into this existence by those few who are "in the know." Hot on the heels of the public inception of "Mardukite Zuism" and "Mardukite Systemology", emerging on the scene from the underground with the release of new classics on the subject, including "The Tablets of Destiny" and "Crystal Clear"—and even the reissue of the first articles presented nearly a decade ago as "Systemology: The Original Thesis" and a concise presentation of the new spiritual movement in "Mardukite Zuism: A Brief Introduction", Joshua Free takes a step back to introduce the entire subject from scratch in a way that anyone can understand and anyone can begin benefiting from right at the start. The complete transcripts and supplementary materials from Joshua Free's introductory course lecture series on Mardukite Systemology, including a special 20-page academic introduction by Reed Penn regarding Sumerian vocabulary and semantics of the cuneiform sign "ZU." Joshua Free describes the source of motivation

behind the discovery of "The Power of Zu" within the first lectures, explaining: "The premise and pursuit of a vital force behind all of Life, the Universe and Everything, has fueled my own efforts toward a unique futurist NexGen Systemology since the days of my youth in the late 1990's. In spite of any other interests I may have applied to this quest along the way-ranging from esoteric occult mysticism to quantum physics and metapsychology-my personal aim has remained to codify the underlying Systemology of "existence." This, for me, represents a holistic and unified understanding of the Universe and "apparent Reality" as experienced from the Human Condition-and all those using the Human Condition to experience a Reality in this Physical Universe." The "Pathway to Self-Honesty" is what has uniquely defined the 21st Century paradigm of Mardukite Zuism and Mardukite Systemology-demonstrating its superiority as the preferred method of driving us forward into the future. Although it is our destiny to reach a superior state of Self-Actualization-to "walk among the gods"-the route or pathway that is our "fate" is ours alone to determine. Whatever detours and distractions we experience are entirely ours to decide-and the power and responsibility of such only thickens as we tread further and further on the Pathway to Self-Honesty.

establish sustainable policies and programs in the major areas of institutional operations. While almost seven hundred chief executive officers have signed the American College and University Presidents' Climate Commitment, several thousand have yet to do so. This book identifies four of the most formidable challenges facing these presidents and leadership teams along with solutions to address them: effectively institutionalizing sustainability thinking; developing an efficient, flexible system of sustainability benchmarks; implementing an accountable university budget model; and engaging boards of trustees in the campus sustainability agenda. The volume's contributors, including recognized authorities on sustainability as well as campus executives with broad-ranging experience, consider these challenges and discuss specific action plans, best practices, and emerging trends in sustainability efforts. They offer sustainability solutions for almost every major operational area of campus and consider what sustainability means for colleges and universities—and the legacy of those entrusted with shaping their future. The meaning of sustainability is evolving, and it differs from one campus to the next. This timely and comprehensive volume guides institutional leaders past the myths and misconceptions to the sustainable university.

How to Get Out of a Rut

I have tried in this revision to incorporate the main lessons of the last sixteen years. These lessons have been considerable. I consider it a real and extensive revision—even though I had to do only a moderate amount of rewriting—because the main thrust of the book has been modified in important ways which I shall detail below.

Papers Presented at the 21 Clinical Sessions Held During the 1962 American Nurses' Convention in Detroit, Michigan

Ancient Sumerians and Babylonians of Mesopotamia used the cuneiform Tablets of Destiny & Epic of Creation to systematize all cosmic knowledge into a workable paradigm called "Mardukite Zuism"—a precise systemology received directly from the Anunnaki. And for the first time in modern history, a religious movement has emerged with workable spiritual technology that is relevant to the state of humanity far more than anything before known. The true Destiny of Humanity is to achieve spiritual Self-

Actualization; the reunion of Self with the Divine. History demonstrates how dangerous and troublesome the idea of "Religion" actually is and how easily it is misused. For purposes of incorporating Mardukite Zuism into a contemporary standard, the idea of religion is here treated as: a concise spiritual paradigm and set of beliefs and practices regarding Divine "Infinite Beingness"-or else "God." It should be understood that the Highest form of "True Worship" is to fulfill personal destiny and this begins with the Spirit-the true Self-and all external practices, rituals, ceremonies and historical examples are but outer reflections of this ideal. The word "ZU" meant "knowing" in original Sumerian cuneiform script. Goals and ideals of Zuism reflect this. Mardukite Zuism seeks to assist an individual in reclaiming a realization of the True Self or "I-AM" as the Immortal Spirit, in line with a most ancient directive: to "Know Thyself." In view of the fact that all modern humans are subjected to technologies depriving them of their freedoms to be, think, know and pursue truth: the goals and ideals of Zuism are to effectively revive and repair abilities and certainties of the Individual. Joshua Free first publicly launched "Mardukite Ministries" on the Summer Solstice, June 21, 2008. An active research division called the "Mardukite Chamberlains" was established in 2009, which developed and published a research library. In 2019, Joshua

Free released the first published practical discoveries of "Mardukite Systemology" which now contributes applicable methods of spiritual technology that further the development of "Mardukite Zuism" as an effective religion to promote the spiritual advancement of anyone. Following the recent release of "Tablets of Destiny: Using Ancient Wisdom to Unlock Human Potential" and "Crystal Clear: The Self-Actualization Manual", this concise booklet by Joshua Free expertly presents a summation of the most promising futurist religious movement of the 21st century!
