Wisdom of Souls

Do you believe in reincarnation? For a growing number of people, reincarnation is a sensible philosophical understanding that is seen in many metaphysical, spiritual, and psychological practices—and even experienced in actual personal past-life memories. The proof is in the experience. With the straightforward guidance in this small e-book, you can recall your own past lives. In doing so, you can resolve residual conflicts in your current life, improve your health, regain lost knowledge and skills, and develop a more comprehensive understanding of what your life is really all about. What is the prevailing belief today? A 2009 study by the Pew Forum reports that 24% of Americans overall, and 22% of Christians and 28% of Catholics say they believe in reincarnation. However, AllAboutSpirituality.org reported in May 2011 that nearly 60% of Americans believe reincarnation is possible. It's important to realize that reincarnation is not necessarily a religious belief. You have lived before, you will live again, and you will continue to grow into the greater being that you are meant to be. Remembering Past Lives will help you awaken to the incredible journey of spiritual growth and psychic empowerment that opens before you now.

One minute he'd been Michael Williams, six foot four, short cut brown hair and unassuming brown eyes. The next minute he'd found himself in a vast boundless void of light and space with no point of reference. It was immensely peaceful with a sense of oneness and connectedness with everything . Then he was spat out the other side, confronted by a woman with sea-green eyes and hair the color of softly spun gold that flowed down her back. Horror stills Michael to the core as he realizes that he has travelled not just through space but time as well and this wondrous woman is destined to fight to save his planet from an invasion of aliens from the lower dimensions. Only trouble is she's going to be on the losing side. Kiana's a warrior and her kind don't interfere with free will or destiny." "If I must face what I must face tomorrow though, I have something to ask of you. It may even be the reason you came." God help him, he thought he'd sell his soul if she wanted it. "Ask away. If there is anything I can do it would make me feel a bit less damn helpless right at this moment." Kiana didn't hesitate. If tomorrow was her doom then she wanted her moment with this amazing man. "Mate me." Around midnight her sixth sense woke Sarah. Looking up amongst the stars she saw a strange and wondrous sight. A real UFO was coming into land due south of her position. It was unlike any aircraft she had ever seen. It was only because of her keen sight that she was able to make out its almost circular shape. There were no obvious portals or windows. Its mirror like surface sparkled like a myriad of diamonds. It wasn't in any stealth mode. It hovered over the land for a moment and then seemingly disappeared straight into the earth. Her curiosity got the better of her. She banked her fire, gathered up her spear and her few belongings and headed off in the direction of the UFO.

Would you like to understand the deeper spiritual meaning of physical illness, parenting handicapped children, drug addiction, alcoholism, the death of a loved one, accidents, deafness, and blindness? Your Soul's Plan (which was originally published under the title Courageous Souls: Do We Plan Our Life Challenges Before Birth?) explores the premise that we are all eternal souls who plan our lives, including our greatest challenges, before we are born for the purpose of spiritual growth. Through compelling profiles of people who knowingly planned the experiences mentioned above, Your Soul's Plan shows that suffering is not purposeless, but rather imbued with deep meaning. Working with four gifted mediums, author Robert Schwartz reveals the significance of each person's life plan and allows us a fascinating look into the "other side." Each personal story focuses on a specific

life challenge, organized by type for easy reference. Accessible both to those familiar with the metaphysical aspects of spirituality and to the general reader, the moving narratives that comprise Your Soul's Plan help readers awaken to the reality that they are transcendent, eternal souls. With this stirring book as a guide, feelings of anger, resentment, guilt, and victimization are healed and transformed into acceptance, forgiveness, gratitude, and peace. Robert Schwartz is also the author of *Your Soul's Gift: The Healing Power of the Life You Planned Before You Were Born*, which explores the pre-birth planning of spiritual awakening, miscarriage, abortion, caregiving, abusive relationships, sexuality, incest, adoption, poverty, suicide, rape, and mental illness. There's also a chapter about the pre-birth planning we do with our future pets. Robert Schwartz is a hypnotherapist who offers general Spiritual Guidance Sessions, Past Life Soul Regressions, and Between Lives Soul Regressions. Visit Robert online at www.yoursoulsplan.com.

"Spirituality in Nursing is thought provoking and Barnum offers some excellent material and food for thought."--Journal of Christian Nursing "This is a very thought-provoking book that asks many questions, often without answers. It could be used in an undergraduate or graduate course on spirituality or death and dying, or as in-service material in hospitals and other healthcare agencies. A very interesting chapter discusses near death experiences (NDE), a phenomenon that has begun to be accepted and has garnered more study." Score: 95, 4 stars --Doody's Can nurses be expected to deliver spiritual care? Should nursing claim healing as part of its mission? Should spiritual care be taught in nursing education? What do recent brain studies teach us about spirituality? Exploring these questions and many more, this new edition of *Spirituality in Nursing* provides a wealth of insight into current challenges presented to both practicing nurses and students. Newly updated, revised, and expanded, this third edition examines spirituality in nursing from an interdisciplinary perspective, drawing from theoretical, historical, religious, psychological, and even physiological contexts. In her thought-provoking exploration of this sometimes controversial topic, Dr. Barnum traces nursing's involvement with spirituality from its historical ties with religion to the current interest in new age and alternative health methods. The chapters offer engaging discussions of important topics such as the distinction between spirituality and religion, spirituality and research, humanism, and death and dying. Taking a problem-solving approach, this book serves as an invaluable guide to understanding the complex and expanding role of spirituality in nursing.

Remember Who You Truly Are

No one is prepared for the loss of a child. No one. It feels completely unnatural for children to predecease their parents. Although it is not widely known, each year there are over 135,000 under 40-year-old deaths in the U.S. alone. And, according to one study, 19% of parents outlive their children—often carrying the weight of horrendous grief to their own graves. “Isolated and alone” is how parents often describe the grief process. Well-meaning friends and family members usually rush to their side... in the beginning. Once the floral arrangements have wilted, and the dinners from caring friends diminish, there isn't really much that can be said to bring comfort to a suffering parent, especially if those friends haven't experienced it themselves. Unfortunately, when these caring friends do bring up the loss, quite often they say the wrong things. *Loss, Survive, Thrive* offers a lifeline of hope. Each chapter is an inspirational story written by a parent who also experienced the agony of losing a child, reclaimed his/her vitality, and is now living a fulfilling life. Every story is authentic and heartfelt, designed to uplift and inspire. The collective authors reach out through the pages to virtually hold hands with those who are suffering. We, the contributors, have all been there. We know their pain, and we know about survival. And now, through our stories, we offer comfort and support in helping them get through the toughest time of their lives. Bereaved parents share an unspeakable bond. And *Loss, Survive, Thrive* imparts insight from what's likely the only voices that grieving parents can hear—others

who have walked in their shoes. This book is a giant step toward healing the grieving heart.

Life Between Lives

In sharing her metaphysical journey in *Energy, Spirit and Homosexuality*, author and psychic Nan Moore reveals how we can balance our energies by drawing on the wisdom of the higher self or Spirit. She shows how we can: develop psychic abilities, recall past life memories, master the reincarnation process, negate karma and accelerate our spiritual evolution. A major highlight of this book is the controversial, groundbreaking-channeled readings that reveal why people are bisexual, gay, lesbian or trans-gendered. AND, she discloses why homosexuality is not a religious, psychiatric or psychological issue and why homosexuals choose such difficult incarnations. Similar books to explore are *Spirit Communication* by author and psychic, Kevin Ryerson and *Destiny of Souls—New Case Studies of Life between Lives* by author and counseling psychologist, Michael Newton, Ph.D.
