It Can't be Done, Nellie Bly!

Get ready to journey around the world with Nellie Bly--one of America's first investigative journalists. Elizabeth Cochrane Seaman had no idea that the open letter she'd written to a local newspaper in Pittsburgh in 1885 would change her life forever. The editor of the paper was so impressed with her writing, that he offered her a job! She'd later change her name to Nellie Bly and work as an investigative reporter in New York City. Known for her extraordinary and record-breaking trip around the world and her undercover investigation of a mental institution, Nellie Bly was one of the first female investigative reporters in the United States and a pioneer in the field of journalism.

The Sun and the Moon

In the tradition of "Devil in the White City" and "The War of the Worlds," the remarkable true story of the hoax that bewildered nineteenth-century America.

The Daring Nellie Bly

For centuries Jewish communities around the world forged dynamic cuisines from ancient traditions combined with the bounties -- and limitations -- of their

adopted homelands. In this important new collection, Matthew Goodman has assembled more than 170 recipes from twenty-nine countries, handed down through the generations and now preserved in this historic volume. The heirloom offerings Goodman gathered range from such iconic specialties as bagels, kugel, and chopped liver to such favorites, mostly unknown in the United States, as Turkish borekas, flaky cheese-filled turnovers; chelou, an Iranian rice specialty; and shtritzlach, a sweet blueberry pastry unique to Toronto. Together the recipes celebrate the ingenuity of Jewish cooks around the world, in Mexican Baked Blintzes with Vegetables and Roasted Poblano Peppers, Syrian Bulgur Salad with Pomegranate Molasses, Moroccan Roast Chicken with Dried Fruit and Nuts, Iraqi Sweet-and-Sour Lamb with Eggplant and Peppers, Italian Baked Ricotta Pudding, and many other unexpected delights. These dishes have been shaped by the histories of the communities from which they come. This book also features dozens of lively, engaging essays that present the history of Jewish food in all its richness and variety. The essays focus on ingredients, prepared dishes, and cultures. Food is a repository of a community's history, and here, in its broad strokes, is the history of the Jews. The recipes and essays in this book provide a fascinating new perspective on Jewish food. More than a cookbook, Matthew Goodman's *Jewish Food: The World at Table* is a book to learn from, to cook with, and to pass on through the ages.

The Race Around the World (Totally True Adventures)

The musical tells the story of Nellie Bly, America's first female journalist. In a profession dominated by men, in the late-19th century, Nellie was determined not only to join the profession but to become one of its brightest lights. To get herself noticed, Nellie undertook a series of daring and outrageous stunts, including committing herself to New York's infamous insane asylum on Blackwell's Island. By turns comic and tragic this is the story of a woman who opened a door previously closed to all women: the story of a brave pioneer who sacrificed love and happiness to achieve her ambition.

Sin In The Second City

In 1905, a tourist agent and amateur antiques collector named Armand de Potter mysteriously disappeared off the coast of Greece. His body is never recovered and his wife is left to manage his affairs on her own. But as she starts to piece together his life, she realizes that everything was not as he had said. Infused with details from letters and diary entries, the narrative twists forward and backward through time, revealing a lost world of fake identities, underground antiques networks, and a husband who wasn't what he seemed. Originally from Belgium, young Armand de Potter comes to New York without a penny in his pocket. With cunning ambition, he quickly makes a name for himself as both a worldwide travel guide and a trusted—if illegal—antiques dealer. After marrying, he moves the family to a luxurious villa in Cannes and embraces an aristocratic life. But as he grows increasingly entangled in the antiques trade and his touring business begins to falter, Armand's control starts to fray. As the world closes in, he believes he only has one option left. Told with masterful narrative agility, *De Potter's Grand Tour* is a tale as grand as the tour guide at its center. Drawing on real letters, legal documents, and a trove of diaries only recently discovered, Joanna Scott points delicately toward the story's historical basis and unfolds a detective tale of the highest order.

Who Was Nellie Bly?

Her published story is well known. But did she tell the whole truth about her ten days in the madhouse? Down to her last dime and offered the chance of a job of a lifetime at *The New York World*, twenty-three-year old Elizabeth Cochrane agrees to get herself admitted to Blackwell's Island Lunatic Asylum and report on conditions from the inside. But what happened to her poor friend, Tilly Mayard? Was there more to her high praise of Dr Frank Ingram than everyone knew? Thirty years later, Elizabeth, known as Nellie Bly, is no longer a celebrated trailblazer and the toast of Newspaper Row. Instead, she lives in a suite in the Hotel McAlpin, writes a column for *The New York Journal* and runs an informal adoption agency for the city's orphans. Beatrice Alexander is her secretary, fascinated by Miss Bly and her causes and crusades. Asked to type up a manuscript revisiting her employer's experiences in the asylum in 1887, Beatrice believes she's been given the key to understanding one of the most innovative and daring figures of the age.

"Nothing is Impossible," Said Nellie Bly

From the award-winning picture book biographer of Woody Guthrie comes the inspirational story of Nellie Bly. Born in 1864, during a time in which options were extremely limited for women, Nellie defied all expectations and became a famous newspaper correspondent. Her daring exploits included committing herself to an infamous insane asylum in New York City to expose the terrible conditions there and becoming the first American war correspondent of either sex to report on the front lines of Austria during World War I. In 1889, Nellie completed her most publicized stunt, her world-famous trip around the world in just 72 days, beating the record of Jules Verne's fictional hero in *Around the World in 80 Days*. With an informative text and pen-and-ink illustrations reminiscent of the graphic style of the late 1800s, *The Daring Nellie Bly* captures the independent spirit of America's first star reporter, Nellie Bly.

Pioneer Work in Opening the Medical Profession to Women

Nellie Bly has the story of a lifetime. But will she survive to tell it? Enraged by an article entitled 'What Girls Are Good For', Elizabeth Cochrane pens an angry letter to the Pittsburgh Dispatch, never imagining a Victorian newspaper would hire a woman reporter. Taking the name Nellie Bly, she struggles against the male-dominated industry, reporting stories no one else will - the stories of downtrodden women. Chased out of Mexico for revealing government corruption, her romantic advances rejected by a married colleague, Bly earns the chance to break into the New York's Newspaper Row if she can nab a major scoop - life inside a madhouse. Feigning madness, she dupes the court into committing her to the Insane Asylum on Blackwell's Island. But matters are far worse than she ever dreamed. Stripped, drugged, beaten, she must endure a week of terror, reliving the darkest days of her childhood, in order to escape and tell the world her story. Only, at the end of the week, no rescue comes, and she fears she may be trapped forever Based on the real-life events of Nellie Bly's life and reporting, What Girls Are Good For is a tale of rage, determination, and triumph - all in the frame of a tiny Pennsylvania spitfire who refused to let the world tell her how to live her life, and changed the world instead.

Around the World in 72 Days

The powerful story of a college basketball team who carried an era's brightest hopes--racial harmony, social mobility, and the triumph of the underdog--but whose success was soon followed by a shocking downfall The unlikelyst of champions, the 1949-50 City College Beavers were extraordinary by every measure. City College was a tuition-free, merit-based college in Harlem known far more for its intellectual achievements and political radicalism than its athletic prowess. Only two years after Jackie Robinson broke the Major League Baseball color barrier--and at a time when the National Basketball Association was still segregated--every single member of the Beavers was either Jewish or African American. But during that remarkable season, under the guidance of the legendary former player Nat Holman, this unheralded group of city kids would stun the basketball world by becoming the only team in history to win the NIT and NCAA tournaments in the same year. This team, though, proved to be extraordinary in another way: During the following

Access Free Eighty Days Nellie Bly And Elizabeth Bislands History Making Race Around The World

season, all of the team's starting five were arrested by New York City detectives, charged with conspiring with gamblers to shave points. Almost overnight these beloved heroes turned into fallen idols. The story centers on two teammates and close friends, Eddie Roman and Floyd Layne, one white, one black, each caught up in the scandal, each searching for a path to personal redemption. Though banned from the NBA, Layne continued to devote himself to basketball, teaching the game to young people in his Bronx neighborhood and, ultimately, with Roman's help, finding another kind of triumph--one that no one could have anticipated. Drawing on interviews with the surviving members of that championship team, Matthew Goodman has created an indelible portrait of an era of smoke-filled arenas and Borscht Belt hotels, when college basketball was far more popular than the professional game. It was a time when gangsters controlled illegal sports betting, the police were on their payroll, and everyone, it seemed, was getting rich--except for the young men who actually played the games. Tautly paced and rich with period detail, *The City Game* tells a story both dramatic and poignant: of political corruption, duplicity in big-time college sports, and the deeper meaning of athletic success.

Essential Novelists - Nellie Bly

Her trip was sponsored by her employer, *The World*. Just hours after her ship set out across the Atlantic, another New York publication put writer Elizabeth Bisland on a westbound train. Bisland was headed around the world in the opposite direction, thinking she could beat Bly's time. Only one woman could win the race, but both completed their journeys in record time.

The City Game

Six Months in Mexico

Published in 1890 under the pseudonym Nellie Bly, *"Around the World in Seventy-Two Days"* is the true account by journalist Elizabeth Jane Cochran of her daring trip around the world. Inspired by Jules Verne's book *"Around the World in Eighty Days"*, Bly proposed to her newspaper editor that she undertake a similar adventure. On November 14, 1889, she boarded a steamer ship in New York with the goal of completing her journey in 75 days. Travelling with very little, Bly journeyed first to England and then on across Europe and Asia by ship and train. Bly was able to send many brief updates by telegraph and sent longer letters by post that often took weeks to reach New York. A rival newspaper, the *"Cosmopolitan"*, sent a reporter of their own in the opposite direction to try and beat Bly, which Bly only learned of once she arrived in Hong Kong. While Bly had been delayed in Asia, she arrived back in New York nearly three days ahead of schedule and completed her amazing odyssey to worldwide amazement. The tale of her bold adventure remains an exciting and fascinating account of a woman who dared convention and succeeded. This edition is printed on premium acid-free paper.
