good.” —NPR.org “A page-turner. . . .

Inventive, funny. . . . Quietly profound and touching.”—BoingBoing From the author of *The Postmortal*, a fantasy saga unlike any you’ve read before, weaving elements of folk tales and video games into a riveting, unforgettable adventure of what a man will endure to return to his family When Ben, a suburban family man, takes a business trip to rural Pennsylvania, he decides to spend the afternoon before his dinner meeting on a short hike. Once he sets out into the woods behind his hotel, he quickly comes to realize that the path he has chosen cannot be given up easily. With no choice but to move forward, Ben finds himself falling deeper and deeper into a world of man-eating giants, bizarre demons, and colossal insects. On a quest of epic, life-or-death proportions, Ben finds help comes in some of the most unexpected forms, including a profane crustacean and a variety of magical objects, tools, and potions. Desperate to return to his family, Ben is determined to track down the “Producer,” the creator of the world in which he is being held hostage and the only one who can free him from the path. At once bitinglly funny and emotionally absorbing, Magary’s novel is a remarkably unique addition to the contemporary fantasy genre, one that draws as easily from the world of classic folk tales as it does from video games. In *The Hike*, Magary takes readers on a daring odyssey away from our day-to-day grind

Charlie Wheelan and his family do what others dream of: They take a year off to travel the world. This is their story. What would happen if you quit your life for a year? In a pre-COVID-19 world, the Wheelan family decided to find out; leaving behind work, school, and even the family dogs to travel the world on a modest budget. Equal parts "how-to" and "how-not-to"—and with an eye toward a world emerging from a pandemic—*We Came, We Saw, We Left* is the insightful and often hilarious account of one family's gap-year experiment. Wheelan paints a picture of adventure and connectivity, juggling themes of local politics, global economics, and family dynamics while exploring answers to questions like: How do you sneak out of a Peruvian town that has been barricaded by the local army? And where can you get treatment for a flesh-eating bacteria your daughter picked up two continents ago? From Colombia to Cambodia, *We Came, We Saw, We Left* chronicles nine months across six continents with three teenagers. What could go wrong?
