How to Live the Dream

A New York Times Notable Book In medieval England, a runaway scholar-priest named Nicholas Barber has joined a traveling theater troupe as they make their way toward their liege lord's castle. In need of money, they decide to perform at a village en route. When their traditional morality plays fail to garner them an audience, they begin to stage the "the play of Thomas Wells"--their own depiction of the real-life drama unfolding within the village around the murder of a young boy. The villagers believe they have already identified the killer, and the troupe believes their play will be a straightforward depiction of justice served. But soon the players soon learn that the details of the crime are elusive, and the lines between performance and reality become blurred as they discover, scene by scene, line by line, what really happened. Thought-provoking and unforgettable, Morality Play is at once a masterful work of historical fiction, a gripping murder mystery, and a literary work of the first order.

Others simply found new ways of seeing the world around them: cleaned up a beach, learned how to forage or spent a night alone in the woods. All found that their experiences in nature transformed their lives and freed them, even if only briefly, from the monotony of their 9-5 grind. This book will inspire you to rediscover the joys and the rejuvenating power of spending time outside. Along with compelling stories, interviews and imagery, you'll find a how-to guide full of helpful tips, from how to choose and set up camp to brewing the perfect campfire coffee and enjoying the outdoors without a trace.

The Miracle Goal (The Selwood Boys, #2)

A reclusive designer living in a custom tiny house in the middle of the Montana wilderness. A couple who traded their expensive Bay Area apartment for a slip at a nearby marina, where they live on a docked sailboat. A family of five who decided to simplify their lives by moving into a school bus, selling most of their possessions in the process. Nomad features their stories, and many more. From vanlifers to boondockers, liveaboards to tiny-house dwellers, these freedom seekers have forged a new way of life for themselves—one that values experiences over things, is environmentally conscious, and is often more budget-friendly than their “rooted” lives ever were. The ubiquity of the internet has ushered in a new era of connectivity that makes working from an Airstream beside a roaring river or running a photography business from a mountaintop a reality. It’s now possible to do whatever you want from wherever you want and still have a foothold in the world. This book shows you how, with tours of 26 unconventional homes and the people who live in them, plus all the information you need to make your own off-the-grid dream a reality. There are chapters on bathroom and storage—two of the most challenging aspects of this lifestyle—plus a comprehensive guide to finding the right home, assessing the cost of renovation, handy products for small spaces, and indispensable resources (including sources for replacement RV parts, portable power solutions, tiny wood stoves, and much more).

Stop at Nothing

Immerse yourself in the traditions that have defined our cultures and reveal our connection to what make us human. A new generation wants to lead a more meaningful and sustainable life by reconnecting with heritage and traditions. They are looking to the craftsmanship, lifestyle, and unique experiences of the people keeping these practices alive. The New Traditional tells the stories of those devoting their energy, skills, and creativity to crafts such as blacksmithing, distilling spirits, and globe making, and its authors revisit the customs of growing old varieties of apple, beekeeping and producing honey in gardens or on rooftops, and being modern shepherds in Italy or Iceland. They always seek to help preserve cultural

traditions and share them with likeminded people.

Whether aiming to conquer epic expeditions, or simply complete a day hike to recharge, paths of every size await the intrepid wayfarer in Wanderlust USA, a book that serves as a blueprint for adventurous souls in search of new summits. Remote Places to Stay

More and more people are hitting the road to the middle of nowhere. Along less-traveled paths they are heading up mountains and down dunes in converted mobile homes, campers, trucks, or vans. They are enjoying the drive and the view through mud-splattered windshields as much as the stops and evening campfires amid stunning terrain. Although many of us love living in cities, we have a growing longing to escape to nature. The outdoor scene is booming and many people are heading off to discover it with their own converted vehicles. This way, they can determine their own routes, itineraries, and pace, as well as how many challenges they'd like to meet along the way. After a day on the go, these multifunctional vehicles also serve as kitchens, campgrounds, and sleeping quarters that offer a great deal more improvised fun than a standard, perfectly equipped RV. Conventional luxuries are eschewed for the sake of greater freedom, tranquility, and adventure. Off the Road captures the special mood of such trips by solo travelers, couples, or families who are seeking an alternative to a more standard vacation or want to live their lives differently -- at least for a while. On the one hand, the book shows how familiar models, such as VW buses, Land Rovers, jeeps, and Toyotas are being rediscovered and repurposed for these exploits. On the other, it presents automotive dreamsturned into customized, homey vehicles that offer tailgate breakfasts or roof beds to better admire the stars and that can, in an emergency, cross a river or drag a fallen tree from the road. Whether exploring the desert, showing children the world, or navigating polar landscapes, the journeys collected in Off the Road are as unique as the people who take them. From radical escapists to fans of nature looking for their next trip, the book celebrates the joy of being on the go on four wheels.

The Outsiders

In May of 2015, Lenny Flank left his St Petersburg FL apartment for the last time, climbed into a four-year-old cargo van that had been outfitted with a sleeping bag bed, a homemade sink, a homemade toilet, and a solar panel for electricity, and set out to live on the road. This book is a chronicle of some of his adventures living and traveling around the country. It is part travelogue, describing the history of some of the interesting and unusual places he has been to and people he has met: It is also part how-to guide, for anyone who gets the travel bug and wants to follow their inner hippie, take to the road, and live the nomadic lifestyle of the van dweller. Living the RV Life

A gorgeous work of literary journalism that follows a nomadic family's fraught migration to the high Himalayan plains, as a changing world closes in around them. Following his vivid account of traveling with one of the last camel caravans on earth in *Men of Salt*, Michael Benanav now brings us along on a journey with a tribe of forest-dwelling nomads in India. Welcomed into a family of nomadic water buffalo herders, he joins them on their annual spring migration into the Himalayas. More than a glimpse into an endangered culture, this superb adventure explores the relationship between humankind and wild lands, and the dubious effect of environmental conservation on peoples whose lives are inseparably intertwined with the natural world. The migration Benanav embarked upon was plagued with problems, as government officials threatened to ban this nomadic family—and others in the Van Gujjar tribe—from the high alpine meadows where they had summered for centuries. Faced with the possibility that their beloved buffaloes would starve to death, and that their age-old way of life was doomed, the family charted a risky new course, which would culminate in an astonishing mountain rescue. And Benanav was arrested for documenting the story of their plight. Intimate and enthralling, *Himalaya Bound* paints a sublime picture of a rarely-seen world, revealing the hopes and fears, hardships and joys, of a people who wonder if there is still a place for them on this planet. Laced with stories of tribal cultures from India to Yellowstone, from Jordan to Kenya, Benanav deftly wends through the controversial terrain where Western ways of protecting the environment clash with indigenous understandings of nature. *Himalaya Bound* celebrates and mourns an ancient way of life, while revealing an unlikely battleground in the fight to save the earth.

Hit the Road

NEW YORK TIMES BESTSELLER • Gloria Steinem—writer, activist, organizer, and inspiring

leader—tells a story she has never told before, a candid account of her life as a traveler, a listener, and a catalyst for change. ONE OF O: THE OPRAH MAGAZINE'S TEN FAVORITE BOOKS OF THE YEAR | NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Harper's Bazaar • St. Louis Post-Dispatch • Publishers Weekly When people ask me why I still have hope and energy after all these years, I always say: Because I travel. Taking to the road—by which I mean letting the road take you—changed who I thought I was. The road is messy in the way that real life is messy. It leads us out of denial and into reality, out of theory and into practice, out of caution and into action, out of statistics and into stories—in short, out of our heads and into our hearts. Gloria Steinem had an itinerant childhood. When she was a young girl, her father would pack the family in the car every fall and drive across country searching for adventure and trying to make a living. The seeds were planted: Gloria realized that growing up didn't have to mean settling down. And so began a lifetime of travel, of activism and leadership, of listening to people whose voices and ideas would inspire change and revolution. *My Life on the Road* is the moving, funny, and profound story of Gloria's growth and also the growth of a revolutionary movement for equality—and the story of how surprising encounters on the road shaped both. From her first experience of social activism among women in India to her work as a journalist in the 1960s; from the whirlwind of political campaigns to the founding of *Ms.* magazine; from the historic 1977 National Women's Conference to her travels through Indian Country—a lifetime spent on the road allowed Gloria to listen and connect deeply with people, to understand that context is everything, and to become part of a movement that would change the world. In prose that is revealing and rich, Gloria reminds us that living in an open, observant, and “on the road” state of mind can make a difference in how we learn, what we do, and how we understand each other. Praise for *My Life on the Road* “This legendary feminist makes a compelling case for traveling as listening: a way of letting strangers' stories flow, as she puts it, ‘out of our heads and into our hearts.’”—People “Like Steinem herself, [*My Life on the Road*] is thoughtful and astonishingly humble. It is also filled with a sense of the momentous while offering deeply personal insights into what shaped her.”—O: The Oprah Magazine “A lyrical meditation on restlessness and the quest for equity . . . Part of the appeal of *My Life* is how Steinem, with evocative, melodic prose, conveys the air of discovery and wonder she felt during so many of her journeys. . . . The lessons imparted in *Life on the Road* offer more than a reminiscence. They are a beacon of hope for the future.”—USA Today “A warmly companionable look back at nearly five decades as itinerant feminist organizer and standard-bearer. If you've ever wondered what it might be like to sit down with Ms. Steinem for a casual dinner, this disarmingly intimate book gives a pretty good idea, mixing hard-won pragmatic lessons with more inspirational insights.”—The New York Times “Steinem rocks. *My Life on the Road* abounds with fresh insights and is as populist as can be.”—The Boston Globe

In *Stop at Nothing* Annabel Crabb brings all her wit and perceptiveness to the story of Malcolm Turnbull. This is a memorable look at the Prime Minister in action – his flaws and achievements – as well as his past lives and adventures. Drawing on extensive interviews with Turnbull, Crabb delves into his university exploits – which included co-authoring a musical with Bob Ellis – and his remarkable relationship with Kerry Packer, the man for whom he was first a prized attack dog and then a mortal enemy. She examines the extent to which Turnbull – colourful, aggressive, humorous and ruthless – has changed. Crabb tells how he first lost, and then won back, the Liberal leadership, and explores the challenges that now face him today as the forward-looking leader of a conservative Coalition.

The New Traditional

A food critic chronicles four years spent traveling with René Redzepi, the renowned chef of Noma, in search of the most tantalizing flavors the world has to offer. "If you want to understand modern restaurant culture, you need to read this book."--Ruth Reichl, author of *Save Me the Plums* Hungry is a book about not only the hunger for food, but for risk, for reinvention, for creative breakthroughs, and for connection. Feeling stuck in his work and home life, writer Jeff Gordinier happened into a fateful meeting with Danish chef René Redzepi, whose restaurant, Noma, has been called the best in the world. A restless perfectionist, Redzepi was at the top of his game but was looking to tear it all down, to shutter his restaurant and set out for new places, flavors, and recipes. This is the story of the subsequent four years of globe-trotting culinary adventure, with Gordinier joining Redzepi as his Sancho Panza. In the jungle of the Yucatán peninsula, Redzepi and his comrades go off-road in search of the perfect taco. In Sydney, they forage for sea rocket and sandpaper figs in suburban parks and on surf-lashed beaches. On a boat in the Arctic Circle, a lone fisherman guides them to what may or may not be his secret cache of the world's finest sea urchins. And back in Copenhagen, the quiet canal-lined city where Redzepi started it all, he plans the resurrection of his restaurant on the unlikely site of a garbage-filled lot. Along the way, readers meet Redzepi's merry band of friends and collaborators, including acclaimed chefs such as Danny Bowien, Kylie Kwong, Rosio Sánchez, David Chang, and Enrique Olvera. Hungry is a memoir, a travelogue, a portrait of a chef, and a chronicle of the moment when daredevil cooking became the most exciting and groundbreaking form of artistry. Praise for Hungry "In Hungry, Gordinier invokes such playful and lush prose that the scents of mole, chiles and even lingonberry juice waft off the page."--Time "This wonderful book is really about the adventures of two men: a great chef and a great journalist. Hungry is a feast for the senses, filled with complex passion and joy, bursting with life. Not only did Jeff Gordinier make me want to jump on the next flight (to Mexico, Copenhagen, Sydney) in search of the perfect meal, but he also reminded me to stop and savor the ride."--Dani Shapiro, author of *Inheritance*
