**AUTHOR'S NOTE:** This book was originally published by Cerridwen Press in 2012. The current edition contains minor changes. Garath Melbourne, sixth Marquess of Blackbourne, survived Waterloo only to discover that the life awaiting him back in England was anything but peaceful. In addition to dealing with properties left in disarray by his late father, he feels honor bound to locate the child of his friend who died at Waterloo. Garath is the boy's guardian, and he's determined to protect the young earl from the influences of his merchant-class mother. Amanda may have been born into the merchant class, but her father had ensured that her education was as genteel as that of any noblewoman in the kingdom. Now a widow, Amanda is determined to protect her young son from the excesses of his father's world. To her horror, she discovers her late husband has appointed a guardian for her son-the disreputable Marquess of Blackbourne who is obviously a danger to her plans and to her resolution to avoid entanglement with another nobleman.

you everyone you love. Attacked and injected with a drug which slows his metabolism to a fraction of normal, Martin James becomes an unwilling time traveler who hurtles through the years. His children grow up, his wife grows older, and his only hope is finding the people who injected him in the first place- not an easy task when one day for Martin lasts four years. And while Martin James strives to find a cure before everyone he loves is gone, others are uncertain if his journey can be stopped at all. W. Lawrence weaves a dystopian future filled with the best and worst of humanity, highlights the blessings and curses of technology, and pushes the limits of faith and hopelessness. Above all, Syncing Forward is a tale of one man's love for his family, and their devotion to saving him from being lost forever.

It is said that the winner writes the history, but it's also true that the loser is free to use fiction to present the case for the defeated. John William Corrington, a noted Southern writer, published *And Wait for the Night*, his first novel, in 1964, near the one hundredth anniversary of the end of the American Civil War. As the novel begins, he describes the fall of Vicksburg, Mississippi to show the agony of the defeat of the Army of the Confederate States by the overwhelming might of

the Federal Army. But *And Wait for the Night* is not primarily about the war. It is about Reconstruction, the twelve-year occupation of the Confederate States that followed their defeat. Corrington's dramatic example of this is the occupation of Shreveport, Louisiana, by the arrogant uniformed Yankee conquerors, both white and black, and their plundering civilian companions, the carpetbaggers. During the Civil War, one out of every five Southern families lost a husband, father or son. Under Reconstruction, the surviving Southerners found their Confederate money worthless, their land taken for unpaid taxes, and their civil government replaced by military fiat. And there was one further loss: the communal agreement that a Southerner should live his life with honor. Without any hope of redress by day, the survivors forgot their honor and responded by forming secret societies that waited for the night to take vengeance against their oppressors. Major Edward Malcolm Sentell, a paroled CSA officer, tries to maintain his honor but finds himself despised by his fellow Southerners and helpless to stop the looming conflict between them and the occupying Federal forces.

## **Honor Bound**

In this book I have written about some aspects of the war which, I believe, the world must know and remember, not only as a memorial of men's courage in tragic years, but as a warning of what will happen again--surely--if a heritage of evil and of folly is not cut out of the hearts of peoples. Here it is the reality of modern warfare not only as it appears to British soldiers, of whom I can tell, but to soldiers on all the fronts where conditions were the same.

Man's best friend goes to war. Chuck and Ajax are partners, and they're good at their job. Chuck leads Ajax through the jungles of Vietnam, and Ajax sniffs out hidden, deadly traps before they can hurt US soldiers. The war is almost over now, and the Army is grateful for Chuck's service. They want to give him a medal. But their plans for Ajax are less noble. Suddenly, Chuck is forced to answer two impossible questions: Is his loyalty to Ajax or to the US Army? And just how far is he willing to go to protect his partner? DOG TAGS is a series of stand-alone books, each exploring the bond between soldier and dog in times of war.

1943, Germany. Martin Murray, a homosexual man in the Office of Strategic Services-an American espionage agency during World War II-desperately tries to save the world while hiding his sexuality from it. Emmerich Hubar, a former SS Officer who had been on trial for being a homosexual-the verdict not guilty by a stroke of luck-struggles with his grief as he tries to drink himself to death in Sweden. Agent Martin Murray just wants to be a patriot and do his job right. The OSS wants him to use the German named Emmerich Hubar to gain access into the Nazi military and prevent them from building nuclear weapons. A dangerous and trying task, but one worth doing if it prevents the Nazis from destroying the planet. But Emmerich Hubar isn't just some depressed drunk who wants to run away from his past. He's a passionate, brave soul with a bleeding heart and the thirst to destroy the government that nearly destroyed him. Danger lurks around every corner-even from Martin's own allies-and it doesn't help matters as he grows more and more enticed by Emmerich, an asset he needs to keep his distance from to protect their cover. Emmerich, a wild card, plays by different methods,

## Honor Bound

With the fall of the Abyssial Obsidian Gold City, war has waged in Primosaec for 16 Milenius between the First bloods of Arinvial, the pure bloods of Primordia and the Rift born of evolution. With the War Games of the Anikhaziri drawing to a close in Median, once Medius, all of Trivium drift in instability with the rise of a new Champion. With the first success of the War Games election, due to Delectris's experiment, Trivium finds itself in unpredictable circumstances. With peace in Median as one cycle of 8 Milenius draws to a close, another begins as a new aspect of the War's origins arises in the Aftermath. As it comes to light the Anikhaziri are not what they appear to be, the layers of Trivium's depths become clear to the children of the Blackrose. With civil war in Primosaec ensuing over the last 16 Milenius, their champion must now uncover the mystery behind its circumstances and the puppet master pulling the strings of the Anikhaziri

themselves. In the struggle for survival, the people of Primosaec have all but torn themselves and each other apart over the greatest kept secret, the primordial flower. When the lines of historical truth, spoken truth and experienced truth begin to blur, all of Primosaec finds itself tangled in the web of chaos surrounding their new champion and her mysterious origins. Teetering on the brink of utter destruction and war again, Primios now united with Blackrose must find a way to restore the shattered remains of Primosaec to create a balance of power as they find themselves in the center of this web of Chaos. The Champion that could be their redemption is the same factor that could destroy everything and sometimes you have to break something apart to fix it. Can the people of Primosaec be restored in the absence of the only thing they had in common or will their differences destroy the entire civilization they have built? Below the Blackrose Territory of Median, lays the original foundation of the middle ground Primios as the Queen of Blackroses must now confront her greatest enemy yet, herself. Trapped between two worlds, she finds there is far more to this war than she bargained for as its roots lay buried beyond the territory of Median in the second world, Primosaec. In the search for answers to uncover the facts behind her origin, she must first unravel the tangled web of truths and in this one truth is fact above all, secrets will kill and too much truth is madness. With all of Trivium at stake she is torn between the calling of architects and the War Born Path before her as one thing is clear, she has forgotten something important from the war in Median. The truth can be poison when the secrets themselves can kill as the Queen finds herself on a journey through the second world of Trivium. From Primosaec territory in the east to Arinvial Territory in the west, there is far more than what meets the eye as the layers of truth begin to surface. When she finds

herself caught in a deadly 7 tier Enochian chess game between the Aedifix, the unseen threat and herself, there is only one way to end this war over Trivium.

MOST of the verses in this little volume were conceived and written, if not quite finished, at the time of Cronje's surrender at Paardeberg. A certain doubt, however, as to any message of theirs, though modestly set off by a belief in their polemic and literary value, has, I think now, unduly delayed their advent into the crowded world of print; and, though the present juncture of a heralded, but, by no means, perfected peace, be perhaps not a very opportune moment for their publication, I have yet thought well to give them forth; the more, since what so be the outcome of the negotiations pending, and whichsoever be the motive of the stronger party thereto—whether a bitter, though slowly realized necessity, or, a trick of pure heart, or, say, tardy insight and charity, both—be this as it may—the long, though fruitless attempt on England's part to compel a surrender by the South African republics of their political existence, illustrating and upholding, as no modern exhibition of this kind has done, how rampant is still in Man, and collective Man especially,

### **The White Company**

In the first volume of the To Shine with Honor trilogy, Galien de Coudre, scholarly third son in a family of minor nobility, comes of age in the perilous world of late 11th century France, where powerful noblemen massacre the other and innocents in unending petty warfare over lands and silver, despite the efforts of the Church to control their violence. Galien, educated for the priesthood, trained at arms and horse by his father and older brothers, all knights, finds his once-certain future as a high Church official compromised by family misfortunes. Through a series of oft-wrenching events, he discovers his own destiny as events in France and the distant Holy Land draw inexorably toward the great war of faiths known in history as the First Crusade.

Honor takes a huge chance and flees her compound one wintry night. A genetically altered woman, she has no memories from before her kin staged a rebellion seven years before. Because of her enhanced physiology, she finds a home working for the CIA alongside four other women just like her. There are still plenty of rules, but they're different, and she's figuring out how to blend in. Milton Reins burns through women and marriages. After the third one implodes, he swears off hunting for a replacement. Running the CIA is a more than fulltime job. There's no time for anything else in his life, which is fine until Honor comes along. Training in the gym throws their bodies together, and makes him remember the feel of a woman in his arms. Milton aches for her, but she's a freak, the CIA term for test tube humans designed by scientists. Honor wants Milton with every bone in her body, but it's a terrible idea, especially after she delves into his head and sees his ambivalence toward her kind. Need drives them together, but their differences create roadblocks every step of the way. Fueled by anger and fear, she shuts him out. So what if the sex was great, she's done. Or is she?
