Clinical and Experimental Hypnosis in Medicine, Dentistry, and Psychology

All kinds of people are secretly (or not so secretly) fascinated by the erotic possibilities of hypnosis. Many of us know that hypnosis doesn't really have the kind of mind-melting power we see in movies. Still, we can't help but get turned on at the thought of either controlling someone, or being controlled by someone, into doing things we've been told we shouldn't do but really, inside, kind of want to. In this book, Mark Wiseman (Wiseguy) will teach you how to put your partner into a hypnotic trance safely and effectively. Then the fun begins as you learn how to: Create or intensify arousal and desire Turn their entire body into an erogenous zone eager for your touch Get kinky with hypnotic bondage, flogging, or tickling Give them intense pleasure using his Five-Point Palm Exploding Orgasm technique and more! Whether you are new to hypnosis or have already learned the basics, Mind Play will give you the tools you need to become a skilled, responsible erotic hypnotist. This 2017 edition has been updated to reflect changes in community standards and resources.

How hypnosis can help you

Once thought pure entertainment akin to magic acts, hypnosis is now a growing field being practiced by psychologists, psychiatrists, and medical doctors. Across all ages—from children to adults and the elderly—patients are finding professional, therapeutic hypnosis can help them recover from mental maladies ranging from addiction to depression and psychosis, and from physical illnesses from chronic pain to obesity and skin disorders. Studies show hypnosis can even speed healing from broken bones,

burns, and surgery. These unprecedented volumes, including some of the best-known experts in the field hailing from Harvard, Stanford and other top universities, cover the newest research and practice in this intriguing arena. Edited by a psychologist at Harvard Medical School, this set explains developments in hypnosis, from its colorful if misguided inception with Anton Mesmer, across clinical techniques developed for health care in the 20th century, to emerging research showing new potential applications to aide mental and physical health. Chapters also highlight what psychologists, neurologists, physicians, and scientists have discovered about how personality, cognition, and brain functions affect, and are affected by, hypnosis. An appendix explains how to tell the difference between an entertainer or charlatan and a practitioner who is trained, credentialed, and practicing research-backed hypnosis. Universities with hypnotherapy programs and courses are also included.

All of the methods within are tried, tested and verified - i.e. they all work! This book cuts away all of the linguistic mumbo-jumbo, dispels all the myths and gets down to cold hard facts, straight away. If you want to be confused and bogged down with unnecessary information - this book is NOT for you. If you want to quickly learn how to hypnotise with skill and confidence - this is the book that you need to add to your collection today.

Ultimate Confidence

Necrophilia Variations is a literary monograph on the erotic attraction to corpses and death. It consists of a series of texts that, like musical phrases, take up the theme and advance it by means of repetition, contrast, and variation. To love someone dead is merely nostalgia, but to make love with someone dead is necrophilia, and this book is about that. Although a work of fiction, Necrophilia Variations uses literary means to probe the psychopathology of sexual perversion. Eros, the book asks, is naturally drawn to beauty, and yet nothing would seem to be less inherently beautiful than a cadaver. How is it that a necrophile ends up confusing the two, or making the leap, such that he finds beauty in what most people would find repugnant? How does he come to desire that which would seem to be intrinsically undesirable? Written in a style that ranges from the lugubrious to the ludicrous — from purple prose to black humor — Necrophilia Variations exhibits a world of depravity from the inside out. Each of its texts utilizes the first person — not because it is autobiographical but rather because it is personal, even intimate. Why intimate? Because that's how death is — near you, beside you, eventually inside you as well. It would be nice to say that that's how sex is too — intimate — but then it's no secret just how impersonal sex can be, especially when your lover is unconscious or worse. If you have ever contemplated the curious points of contact between eros and thanatos — if you have ever wondered why femmes fatales are alluring, or why sex can be made more exciting by games that simulate danger and pain, or why that bit of French slang that deems orgasm a "little death" seems so appropriate — then you may well enjoy this book.

The Hypno-Orgasm Seduction

Did you know that the clitoris has 8000 nerve endings, twice as many as the penis? Here is everything you've wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key to a great sex life for both partners. Short sections cover philosophy, technique, step-by-step instructions and detailed anatomical information, essential to both beginners and experienced lovers. 'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner

The Instant Hypnosis and Rapid Inductions Guidebook

Hypnosis can make a woman orgasm repeatedly, and Dr. Bill Cooper is the master of the art. But Bill has fallen for a woman with a tragic past, and needs all his skills to cure her. He uses hypno-orgasms to blow her mind and help her frigidity. But after forming the lifemate of his dreams, his jerk brother tries to seduce her with money. But Bill will have the ultimate revenge. EXCERPTS: "I can't masturbate. I'm like a quadriplegic with a chronic erection." "Hypno-orgasms are several times more intense. When a man is over-excited, he cums too soon, but when a woman is over-excited, she cums more often. So I can not only take you to the summit, I can take you there repeatedly. It's the safest sex you'll ever have." Completely stressed out, Emily stared at him like a cow about to be tipped over. Then he smiled that awesome smile of his and she fucking melted like cheese on an omelet. Something vibrated in his pants and it wasn't his beeper. She hooked him like a fish; he could practically taste the metal in his lip. In an ironic twist, the hypnotherapist was the one in the deep trance, and in need of some therapy. Men cannot fall in love with women they do not find attractive, and women cannot fall in love with a man they do not respect. He covered her tongue with cum as she continue to bob on his pole, determined to take every pez from his dispenser. Her tongue must have a Taser attached because it sent jolts of electricity up his spine. Some of his juice spilled on her chin, so she scooped it up, sucking her fingers like a chicken wing. A man in a suit is like a woman in lingerie. "Men get laid by convincing women that they want more than sex." "What is the worst thing that has ever happened to you?" "As a kid I once fell face-first into a fresh pile of steaming doodoo. And let me tell you, it tasted like crap!" She slapped his arm for pulling her leg, but couldn't help laughing. "On the one hand, I owed my mother's meatloaf an apology but, on the other hand, it remains the best shit I've ever had." "I want to nibble on your earlobes." Her hands flew to her ears and she laughed at how silly she must have looked, with her elbows pointing at him like guns over the dinner table. "I'm getting tits? Do you have any idea how much that changes a girl's life? Breast implants for a woman are like a man becoming six inches taller." That's what they now called it: the Orgasm Room, because it reeked of sex all day, every day. Guys who say all pussy is the same are idiots. Every pussy -- like every love -- is unique. Some may feel equally good, but that does not make them the same. A man can hate a woman and still love the sex, but that does not mean his feelings don't color the experience. Even before she heard his message on her voice mail, her legs started trembling. With his trigger words, she collapsed on the campus lawn as another powerful orgasm shook her body like a baby rattle. Her body cruelly responded on cue as her pelvis bucked wildly, saturating her blue jeans. She had no idea how loud she screamed, but apparently the entire campus heard her. He made it his purpose in life to perfect the art of cunnilingus. Unfortunately, while men prefer feedback, women expect mind reading. But now her pussy was like a home security system: once he learned the code, he could make it scream anytime he wanted. Her scream vibrated his cock, still in her mouth, before pounding his ear drums and threatening the windows. It lasted forever, too. Bill could belch the alphabet quicker. It struck like a thunderstorm, charging the room with electricity. His home was not so much silent, as stunned, by her scream. Emily turned around and gasped at the size of the cock. Beauty may be in the eyes of the beholder, but ugly is universal. God must have awarded this guy a huge cock as compensation for shortchanging him on everything else.

New Techniques in Behavior Therapy and Hypnosis

Here's a practical, no nonsense guide to using hypnosis in your sex life. Hypnosis can help you lower inhibitions, and increase sexual feelings and responsiveness. It can also be used to help you get more out of your role-playing and fantasies. And it can be a lot of fun. In this book, Peter Masters takes you firstly through a step-by-step guide to hypnotising your partner, and then explores how you can use hypnosis to: - Heighten their sexual feelings - Help them focus and stay involved longer - Create compelling sexual fantasies - Help them get more involved in your role-playing - Give effective posthypnotic suggestions to your partner which they'll respond to after your hypnosis session is over The second half of the book is packed with practical examples and hypnosis scripts which you can use straight from the book, or which you can adapt and modify to suit you and your partner.

Lolita Hypnosis

Have you been looking for a book that lays bare all the secrets of hypnotic play for pleasure and kink? A clear, step by step guide that explains theory as well as practice so that you can develop your own style and flair? Authors James Gordon, a clinical hypnotherapist, and Rebecca Doll, who holds a master's in education, wrote an exhaustive guide. Taking a clear, consent based, non-gendered , approach to hypnotic instruction, we use a scientific and historical approach to de-mystify hypnosis so that anyone and everyone can learn to hypnotize not just highly suggestible individuals, but any partner. We focus on teaching fundamentals so that you can develop your own unique style and flair. Other books are designed to give you a few scripts and tricks, but they are not an entire course in hypnosis. We reveal all the keys that will allow the reader a complete understanding of how to hypnotize. Among many topics we cover: ethics and consent, types of suggestibility, suggestibility testing, hypnotic modalities, inductions, deepening techniques. Designed to be an inclusive course, we offer roadmap of how to recover if you have a problem, and what to do if you experience abreactions or other issues in hypnosis, discussing important issues such as emotional support and aftercare. We tell you the things that are vital to your knowledge and understanding of how to successfully hypnotize even those subjects that have previously proven difficult or impossible to hypnotize. If you've been looking for a respectable source for training in erotic hypnosis with a full and up front discussion of both the easy and hard parts, this book is an excellent guide. In addition to a broad overview of hypnotic skills we include a detailed discussion of play suggestions, including hypnotic bondage, eroticization, orgasm control and orgasm on command , hypnotic roleplay and how to use hypnosis as part of D/s play.

All the F*cking Mistakes

The Control Book is about the fine art of taking control of your partner. It's about the processes involved, about taking control, using control, about ensuring that you have control, and-importantly-about giving control back once you are done with it. The book discusses how this works-the psychology of it-and looks at what can go right, and at what can go wrong and how to fix it. It considers the role of authority in the equation, and looks at how to manage the control you have over someone so that it is both effective and rewarding for you both. I believe that a very large part of the activities which we include under the umbrella of BDSM rely explicitly or implicitly on control being asserted over one person by another. My goal in this book is to talk about control, explain what it is, demonstrate it, show how to take it, how to give it, how to manage it, and more. I want you, the reader, to be aware of the ebb and flow of control around you and through you.

Exploring Sexuality and Spirituality

I have a confession to make. I am a sex addict. I love everything about sex. The look of it, the feel of it, the smell of it. I love the thrill, the excitement, the danger. But most of all, I love feeling the raw desire of being wanted so badly in a moment that nothing else matters. Sex is how I get that.

Here She Comes!

“ Erica Garza has written a riveting, can't-look-away memoir of a life lived hardcore...In an era when predatory male sexual behavior has finally become a topic of urgent national discourse...Getting Off makes for a wild, timely read ” (Elle). A fixation on porn and orgasm, strings of failed relationships and serial hook-ups with strangers, inevitable blackouts to blunt the shame—these are not things we often hear women share publicly, and not with the candor, eloquence, and introspection Erica Garza brings to Getting Off. What sets this courageous and riveting account apart from your typical misery memoir is the absence of any precipitating trauma beyond the garden variety of hurt we've all had to endure in simply becoming a person—reckoning with family, learning to be social, integrating what it means to be sexual. Whatever tenor of violence or abuse Erica's life took on through her behavior was of her own making, fueled by fear, guilt, self-loathing, self-pity, loneliness, and the hopelessness those feelings brought on as she runs from one side of the world to the other in an effort to break her habits—from East Los Angeles to Hawaii and Southeast Asia, through the brothels of Bangkok and the yoga studios of Bali to disappointing stabs at therapy and twelve-steps back home. In these remarkable pages, Garza draws an evocative, studied portrait of the anxiety that fuels her obsessions, as well as the exhilaration and hope she begins to feel when she suspects she might be free of them. Getting Off offers a brave and necessary voice to our evolving conversations about addiction and the impact that internet culture has had on us all— “ a profoundly genuine, gripping story that any reader can appreciate ” (Vice). “ In reading Garza's insight into her own experiences, we better understand ourselves ” (The New York Times Book Review).

And this is available to anyone who reads the book and applies and practices the methods described in *Extended Massive Orgasm*.

Pillow Talk: A Comprehensive Guide to Erotic Hypnosis & Relyfe Programming: Step by Step Instructions & Easy to Read Scripts

Scott Adams-a trained hypnotist and a lifelong student of persuasion-was one of the earliest public figures to predict Trump's win, doing so a week after Nate Silver put Trump's odds at 2 percent in his FiveThirtyEight.com blog. The mainstream media regarded Trump as a novelty and a sideshow. But Adams recognized in Trump a level of persuasion you only see once in a generation. Trump triggered massive cognitive dissonance and confirmation bias on both the left and the right. We're hardwired to respond to emotion, not reason. We might listen to 10 percent of a speech-a hand gesture here, a phrase there-and if the right buttons are pushed, we irrationally agree with the speaker and invent reasons to justify that decision after the fact. The point isn't whether Trump was right or wrong, good or bad. Win Bigly goes beyond politics to look at persuasion tools that can work in any setting-the same ones Adams saw in Steve Jobs when he invested in Apple decades ago. For instance- If you need to convince people that something is important, make a claim that's directionally accurate but has a big exaggeration in it. Everyone will spend endless hours talking about how wrong it is while accidentally persuading

themselves the issue is a high priority. Stop wasting time on elaborate presentations. Inside, you'll learn which components of your messaging matter, and where you can wing it. Creating olinguistic kill shotso with persuasion engineering (such as oLow-energy Jebo) can be more powerful than facts and policies. Adams offers nothing less than oaccess to the admin passwords to human beings.o This is a must-read if you care about persuading others in any field-or if you just want to resist persuasion from others.

The Dominance Playbook

From the earliest days of our youth, we are schooled in the national myth of freedom, of a personal liberation we can and must achieve. They tell us to Be yourself! Do your thing! Do you! Be you! You go, girl! Get 'em, boys! Tell the world to take a number, get in line, and kiss the cellulite-ridden cottage-cheese ass you live your life in front of courtesy of the obesity crisis! Think-as they themselves refuse to do in employing so tired a cliché-outside the box! Until, that is, you actually do go ahead and follow this advice-that's when you'll find that they really don't want you to be yourself. No, your wife, husband, your friends, mommy and daddy, your kiddies, your colleagues, the good people of the world and even Jesus Christ Himself: they want you to be who they want you to be, to live how they want you to live, and to pork like they want you to pork, which usually ends up looking something like-Saturday night, missionary position, simultaneous orgasm on the connubial couch. But what if, in the backseat of your car, you want to clutch fistfuls of your wife's hair while dumping the 57 ropes of cum you've been brewing for the last two weeks into her tight, empurpled starfish of a butthole, exulting in thrill of risky semi-public sex while oblivious families picnic nearby? What if you want to invite your old college bros to the office for a wild afternoon of bukkakeing your secretary, cum all over her face and hair and tits and glasses, and all over the Danish that she is obliged to wash down, bite by bite, with a steaming, foaming cup of cum coffee? What if you want to hire an escort and dick slap her for ten minutes straight while she sings the National Anthem? Or what if you're a chick and are in a mood to drop 15 clams on a set of ginormous, 88 Triple F porn-star tits, for no reason other than that you like the feeling of cocks sliding between them, and the more jiggle and amplitude, the better? Never mind that you will henceforth be obliged to walk with your torso at a 45 degree angle. And never mind that you will almost certainly never be elected president of the PTA. Or maybe you've decided that you're in possession of so much love, that one other person is simply incapable of processing it all; and you've therefore decided to give polyamory a roll of the dice. Or maybe you wake up after 55 years of life and 25 years of respectable marriage only to find that, well, you're a flaming homosexual, and if you don't go and bugger a cabana boy in the next 24 hours, you're going to feel some type of way, indeed? I'm here to tell you that you can do any of these things-indeed, anything at all, from tame to extreme, so long as your desires are legal, consensual, respectful for all involved. I am not concerned with morality. I am concerned with your liberation, your happiness, with the fact that when you die you are going to be dead for a very long time. And you see where I'm going with this. The choice is yours, dear reader: live a life of quiet desperation and run up perhaps a college- education's worth of psychiatrist bills, passing out each night in a Valium stupor in front of the TV, your ill-used dick more or less dead in your shit-stained tightie-whities. Or lead a life of rich, joyous, exhilarating, life- and self-affirming sexual adventure. This would seem to me, as they say, to be a no-brainer. Inside, 1. STARTLING SECRETS MAN IN MIDLIFE CRISIS JOINS NEW AGE SEX CULT. WIFE FINDS FREEDOM. 2. AN ANCIENT SECRET TO SUCCESSBORED HOUSEWIFE MEETS TATTOOTED EX-CON AND FINDS LIBERATION BEHIND THE KFC/TACO BELL FAST FOOD JOINT. 3. TURNING FAILURES INTO HEALING MAN FINDS HAPPINESS BY HAVING PROSTITUTES SHIT ON HIM. 4. THE PROSPERITY SECRETS OF THE AGESROBBING BANKS IF ALL YOU WANT IS A MILLION DOLLARS. 5. SEX IS A SUCCESS POWERSHELDON THE ACCOUNTANT GETS FACE PHOCKED LIKE A TENDER VEAL SHANK. REMEMBER, YOU CAN HAVE EVERYTHING!

Mind-Body Therapy: Methods of Ideodynamic Healing in Hypnosis

HypnoBirthing® has gained momentum around the globe as a positive and empowering method of childbirth. In fact, more than 25,000 books were sold in 2014 through the author's website alone, and according to Nielsen BookScan, over 70,000 were sold through reporting retailers since its publication in 2005. Here's why: HypnoBirthing helps women to become empowered by developing an awareness of the instinctive birthing capability of their bodies. It greatly reduces the pain of labor and childbirth; frequently eliminates the need for drugs; reduces the need for caesarian surgery or other doctor-controlled birth interventions; and it also shortens birthing and recovery time, allowing for better and earlier bonding with the baby, which has been proven to be vital to the mother-child bond. What's more, parents report that their infants sleep better and feed more easily when they haven't experienced birth trauma. HypnoBirthing founder Marie Mongan knows from her own four births that it is not necessary for childbirth to be a terribly painful experience. In this book she shows women how the Mongan Method works and how parents they can take control of the greatest and most important event of their lives. So, why is birth such a traumatic event for so many women? And why do more than 40% of births now end in caesarian section, the highest percentage in history? The answer is simple: because our culture teaches women to fear birth as a painful and unsettling experience. Fear causes three physical reactions in the body—tightening of the muscles, reduced blood flow to the birthing muscles, and the release of certain hormones—which increase the pain and discomfort of childbirth. This is not hocus-pocus; this is science.

The Orgasmic Way

Effective techniques for fashioning pleasurable and satisfying sex lives. Here, Shelley K. Green and Douglas Flemons gather a wonderful array of approaches to sex therapy, each presented by a well-known therapist in the field. "Quickies" takes its cue from clients and keeps it positive and quick, as readers are reminded that the point of sex therapy is sexual change.

She Comes First

This is a Revised Second Edition of Dr. Kroger's classic work on hypnosis, which describes successful hypnotherapy techniques for a wide range of medical, psychiatric, and dental conditions. Dr. Kroger's work in developing the concept of clinical hypnosis, and making it a part of the science of behavior modification, is generally regarded as the foundation of modern hypnotherapy. This Revised Second Edition features an introduction by Michael Yapko, PhD, an internationally recognized expert in short-term psychotherapy, which places Dr. Kroger's work in contemporary context. A bound-in DVD features two of Dr. Kroger's filmed demonstrations of surgical procedures using hypnosis as anesthesia, one for childbirth and another for thyroid surgery, plus extensive commentary by Michael Yapko, PhD.

Pillow Talk - a Comprehensive Guide to Erotic Hypnosis and Relyfe Programming

From the time of Hippocrates until the 1920s, massaging female patients to orgasm was a staple of medical practice among Western physicians in the treatment of "hysteria," an ailment once considered both common and chronic in women. Doctors loathed this time-consuming procedure and for centuries relied on midwives. Later, they substituted the efficiency of mechanical devices, including the electric vibrator, invented in the 1880s. In *The Technology of Orgasm*, Rachel Maines offers readers a stimulating, surprising, and often humorous account of hysteria and its treatment throughout the ages, focusing on the development, use, and fall into disrepute of the vibrator as a legitimate medical device.

The Multi-Orgasmic Woman

Hypnosis

In *The Dominance Playbook*, kink educator and lifelong power exchange fanatic Anton Fulmen builds on the fundamentals he established in *The Heart of Dominance* to explore beyond the basics of dominance and submission in both scenes and relationships. The *Playbook* includes inspiration and practical advice for a wide range of power exchange practices: administering effective punishments, providing useful service, navigating the delicate territory of sexual objectification, and other fulfilling but sometimes tricky areas of kink. You'll find invaluable guidance for creating an intense evening of power exchange play, and also for weaving power exchange into the fabric of a long term relationship - in ways that are exciting, fulfilling and sustainable for everyone.
