Beeper built a universal messaging app that pulls 15 different messaging services, including WhatsApp, Slack, Telegram, Instagram, Signal, Skype, Discord and iMessage into one single app. Beeper isn't trying to replace those apps entirely, though, just wrangling them into one concise (paid) app. And it uses Matrix to help pull it all together.

Culture - CNET

Sesquipedalian: A long word, or characterized by the use of long words. From the Latin roots meaning "a foot-and-a-half long." Loquaciousness: That would be garrulousness, verbosity, effusiveness. How about "chattiness"? A predilection by the intelligentsia to engage in the manifestation of prolix exposition through a buzzword disposition form of communication notwithstanding the availability

History. Early home automation began with labor-saving machines. Self-contained electric or gas powered home appliances became viable in the 1900s with the introduction of electric power distribution and led to the introduction of washing machines (1904), water heaters (1889), refrigerators, sewing machines, dishwashers, and clothes dryers.. In 1975, the first general purpose home automation
