### **The Man in the White Suit**

This illustrated official biography explores the life of the most successful racing motorcyclist in the 107-year history of the Isle of Man TT races. In this classic book, written in association with the Dunlop family and originally published a year after Joey's death, Mac McDiarmid charts the life of the passionate motorcycle road racer who competed for the love of the sport, whether at high-profile races or to promote humbler events such as the Estonian one that claimed his life in July 2000. His achievements included three hat tricks at the Isle of Man TT races (1985, 1988 and 2000), where he won a record 26 races in total, as well as 24 wins in the Ulster Grand Prix and 13 in the North West 200 in his native Northern Ireland. For motorcycle fans, Joey Dunlop is still akin to royalty.

From the earliest days of single-speed, belt-driven machines delivering 5 bhp, to the highly developed projectiles of today offering a fearsome 200 bhp, race fans have thronged the roadside banks and watched in awe as the best racing motorcyclists in the world rode the fastest machines of their day around the twists, turns and climbs of the 374 mile Mountain Course, all in pursuit of a coveted Tourist Trophy. This new updated edition covering the 2007 - 2012 races, reveals the event's colourful history through the high-speed activities of great riders such as the Collier brothers, Geoff Duke, Mike Hailwood, Giacomo Agostini, Steve Hislop, Joey Dunlop, John McGuinness and many others. Joey Dunlop's racing career began in 1969, and his yellow helmet and number 3 bike quickly became synonymous with high-octane wins. The 'King of the Roads' died as he had lived: in an adrenaline rush. On 2 July 2000 he crashed during a race in the republic of Estonia. The death of Joey Dunlop triggered an unparalleled emotional response as the sporting world and his fans openly mourned his passing. His funeral in his home town of Ballymoney was attended by 50,000 people, and thousands more recorded their feelings for 'Yer Maun' in books of condolence set up throughout Ireland. The Isle of Man TT - the world's most dangerous race - as seen through the eyes of Cummins, Martin, McGuinness and Dunlop. THAT NEAR DEATH THING is a life-affirming journey to the heart of the world's most dangerous race. The Isle of Man TT is a throwback to a maverick era that existed before PR platitudes and PC attitudes. WILLIAM HILL SPORTS BOOK OF THE YEAR-shortlisted author Rick Broadbent gets inside the helmets of four leading motorcycle racers as they battle fear, fire and family tragedy for a gritty sort of glory. Guy Martin is a tea-drinking truck mechanic and TV eccentric who 'sucks the rabbits out of hedges', but must now deal with the flipside of fame; Conor Cummins is the local hero facing a race against time as he battles depression and a broken body after falling down the mountain; John McGuinness is the living legend fending off the ravages of middle-age for one last hurrah; Michael Dunlop is the wild child living with one of the most remarkable legacies in sport. They tell their astonishing stories in a book that provides the most rounded, intimate, behind-the-scenes account yet of the last great race. Rick Broadbent has delivered the final word on the Isle of Man TT, one that really gets to grips with an event that continually pulls unsung riders and fans back year after year to witness That Near Death Thing.

'The unmistakable voice of Moto GP' - Valentino Rossi As 'The Voice' of motorcycle racing for forty years, commentator Nick Harris became the biggest star not on two wheels in the paddock, and this is his mostly eye-witness, white-knuckle account of MotoGP's scorching seventy-year history. The story starts on the Isle of Man in 1949, when Geoff Duke, with his slicked-back hair and one-piece black leathers, became the nation's hero, defying the odds and winning the most dangerous race in the world on a British-built Norton. Just over a decade later at Mallory Park, another British champion and one of the greatest riders of all time Mike Hailwood screamed past a young Nick Harris on his 250cc Honda, and a life-long passion was born. Harris has been at the centre of the sport for decades, getting to know the riders as individuals, seeing feuds unfold, champions made, careers and sometimes lives ended. We'll see the biggest podium stars up close, from Barry Sheene and Kenny Roberts to Valentino Rossi, and we'll meet the mechanics behind them, the manufacturers who poured millions into the teams, and the organisers who, in the early days, ruthlessly compromised rider safety for profits. The drama has often been as tense off the track as on it. This is the book the motorcycling world has been waiting for.

## **Between the Hedges**

"Tough, straight, upsetting, and strangely beautiful. One of the best sports autobiographies I've ever read. It comes from the heart." —Stephen King Eclipsing the traditional sports memoir, House of Nails, by former world champion, multimillionaire entrepreneur, and imprisoned felon Lenny Dykstra, spins a tragicomic tale of Shakespearean proportions -- a relentlessly entertaining American epic that careens between the heights and the abyss. Nicknamed "Nails" for his hustle and grit, Lenny approached the game of baseball -- and life -- with mythic intensity. During his decade in the majors as a center fielder for the legendary 1980s Mets and the 1990s Phillies, he was named to three All-Star teams and played in two

of the most memorable World Series of the modern era. An overachiever known for his clutch hits, high on-base percentage, and aggressive defense, Lenny was later identified by his former minor-league roommate Billy Beane as the prototypical "Moneyball" player in Michael Lewis's bestseller. Tobacco-stained, steroid-powered, and booze-and-drug-fueled, Nails also defined a notorious era of excess in baseball. Then came a second act no novelist could plausibly conjure: After retiring, Dykstra became a celebrated business mogul and investment guru. Touted as "one of the great ones" by CNBC's Jim Cramer, he became "baseball's most improbable post-career success story" (The New Yorker), purchasing a \$17.5-million mansion and traveling the world by private jet. But when the economy imploded in 2008, Lenny lost everything. Then the feds moved in: convicted of bankruptcy fraud (unjustly, he contends), Lenny served two and a half harrowing years in prison, where he was the victim of a savage beating by prison guards that knocked out his front teeth. The Daily Show's Jon Stewart, channeling the bewildered fascination of many observers, declared that Lenny's outrageous rise and spectacular fall was "the greatest story that I have ever seen in my lifetime." Now, for the first time, Lenny tells all about his tumultuous career, from battling through crippling pain to steroid use and drug addiction, to a life of indulgence and excess, then, an epic plunge and the long road back to redemption. Was Lenny's hard-charging, risk-it-all nature responsible for his success in baseball and business and his precipitous fall from grace? What lessons, if any, has he learned now that he has had time to think and reflect? Hilarious, unflinchingly honest, and irresistibly readable, House of Nails makes no apologies and leaves nothing left unsaid.

## **A Pearl in the Storm**

Go on the ride of your life with the racing legend himself **\*\*with a thrilling NEW CHAPTER on John's dramatic 2017 crash\*\*** 'Then I was there myself, just another face in the crowd, watching the bikes fly by. The smells, the noise and the speed were all there for me to experience. It was like a massive injection in my head and it just blew my mind. I knew within seconds that I was going to be a TT racer. I didn't know how or what I was going to have to do to achieve this, and my dad wasn't going to be keen. Everyone around me was aware of the dangers, but from that moment I knew I had to do it.' John McGuinness is one of the all-time giants of road racing, with a huge host of victories to his name. But his easy humour and down-to-earth attitude off the bike have always kept people guessing: what's the truth about the man inside the helmet, that has kept him at the top of such a sport for over 20 years? His autobiography tells the whole story, from his humble beginnings in Morecambe and getting his first bike at the age of 3, to working as a bricklayer and cockle fisherman before deciding to follow his dream, and finally to his many victories in the most dangerous sporting event on the planet. He tells of what it takes to be a champion in such an exacting sport, and to keep winning even though all logic tells you to stop - and when so many of your fellow racers are paying the ultimate price for doing it. This thrilling autobiography gets into the head of the man who stares death in the face, and doesn't even flinch.

"In the end," writes Tori McClure, "I know I rowed across the Atlantic to find my heart, but in the beginning, I wasn't aware that it was missing." During June 1998, Tori McClure set out to row across the Atlantic Ocean by herself in a twenty-three-foot plywood boat with no motor or sail. Within days she lost all communication with shore, but nevertheless she decided to keep going. Not only did she lose the sound of a friendly voice, she lost updates on the location of the Gulf Stream and on the weather. Unfortunately for Tori, 1998 is still on record as the worst hurricane season in the North Atlantic. In deep solitude and perilous conditions, she was nonetheless determined to prove what one person with a mission can do. When she was finally brought to her knees by a series of violent storms that nearly killed her, she had to signal for help and go

home in what felt like complete disgrace. Back in Kentucky, however, Tori's life began to change in unexpected ways. She fell in love. At the age of thirty-five, she embarked on a serious relationship for the first time, making her feel even more vulnerable than sitting alone in a tiny boat in the middle of the Atlantic. She went to work for Muhammad Ali, who told her that she did not want to be known as the woman who "almost" rowed across the Atlantic Ocean. And she knew that he was right. In this thrilling story of high adventure and romantic quest, Tori McClure discovers through her favorite way—the hard way—that the most important thing in life is not to prove you are superhuman but to fully to embrace your own humanity. With a wry sense of humor and a strong voice, she gives us a true memoir of an explorer who maps her world with rare emotional honesty.

## **Road Racer**

Ian Hutchinson - 'Hutchy' to his many thousands of fans - is a motorcycle racer like few others. A road racer to the core, he has enjoyed spectacular success, notably at the Isle of Man TT, but his own story goes far beyond even those triumphs. In the summer of 2010, Hutchy set the record for most wins in a single TT festival - five in all - having already won the Supersport class at the North West 200 in Northern Ireland. Then disaster struck. At a British Supersport round at Silverstone in September that year, he crashed heavily and was struck by another rider's machine, breaking his left leg so badly that at one stage it was feared it might have to be amputated. After many surgical operations and a long period of recovery, he fractured the same leg in 2012 while practising exhibition-riding for a motorcycle show. Yet not even these disasters could keep the Yorkshireman from racing. After modifications to the rear-brake and gear levers on his race machines, he went out and won the 2013 Macau Grand Prix. Two years later saw an even more staggering return to form, when he secured three wins, a second and a third place at the 2015 Isle of Man TT, also winning the Joey Dunlop TT Championship Trophy for that year. And 2016 was to prove even better. Honest, brave and quirkily amusing, Hutchy: Miracle Man presents Hutchy's own accounts and opinions with those of various celebrated figures from the world of motorcycle racing. It is a book not only for fans of road racing, but for anyone interested in the life and career of a brilliant rider and an extraordinarily brave and enduring man, justly popular not just for his achievements, but for his unassuming modesty, kindness and humour.
