Far from the Madding Gerund and Other Dispatches from Language Log

If you were getting ready to leave behind everything you've ever known, what would you do? Written by young author H. K. Rhudd, this novella tells the story of a teenage boy named Daniel. Everything that has happened in his life has taken place in the same town, the same house, and the same friends. But everything changes when his parents reveal that he has to move to a new house in just 3 weeks. Devastated, he shuts himself away, and relapses on some of the negative behaviors that he's been struggling with for years. And when the move finally happens, he finds the whole situation to be more stressful than he thought. His two cousins live with him, he's moved away from his best friend, Marcus, and his neighbor happens to be his age, a bubbly girl by the name of June. He tries to push her away, but little does he know that June will have a huge impact on his life.

Temperature Log Book

The Foxfire Book

A relaxed morning at home became an amazing family adventure when Mk and Zee engaged their parents in a series of 'chill' activities. The family played, painted, sang and found lots of other wonderful ways of bonding including doing nothing; yes, nothing. The book is part story, part activity and total family fun. Read the story, do the activities, and sing the chill song. Hooray!!

Written by Microsoft's Log Parser developer, this is the first book available on Microsoft's popular yet undocumented log parser tool. The book and accompanying Web site contain hundreds of customized, working scripts and templates that system administrators will find invaluable for analyzing the log files from Windows Server, Snort IDS, ISA Server, IIS Server, Exchange Server, and other products. System administrators running Windows, Unix, and Linux networks manage anywhere from 1 to thousands of operating systems (Windows, Unix, etc.), Applications (Exchange, Snort, IIS, etc.), and hardware devices (firewalls, routers, etc.) that generate incredibly long and detailed log files of all activity on the particular application or device. This book will teach administrators how to use Microsoft's Log Parser to data mine all of the information available within these countless logs. The book teaches readers how all queries within Log Parser work (for example: a Log Parser query to an Exchange log may provide information on the origin of spam, viruses, etc.). Also, Log Parser is completely scriptable and customizable so the book will provide the reader with hundreds of original, working scripts that will automate these tasks and provide formatted charts and reports detailing the results of the queries. Written by Microsoft's sole developer of Log Parser, this is the first book available on the powerful yet completely undocumented product that ships with Microsoft's IIS, Windows Advanced Server 2003, and is available as a free download from the Microsoft Web site This book and accompanying scripts will save system administrators countless hours by scripting and automating the most common to the most complex log analysis tasks

The Month of June

A Lit Hub Most Anticipated Book of 2020 International-award-winning author Jennifer Nansubuga Makumbi's novel is a sweeping and powerful portrait of a young girl and her family: who they are, what history has taken from them, and—most importantly—how they find their way back to each other. In her twelfth year, Kirabo, a young Ugandan girl, confronts a piercing question that has haunted her childhood: who is my mother? Kirabo has been raised by women in the small village of Natteteta—her grandmother, her best friend, and her many aunts, but the absence of her mother follows her like a shadow. Complicating these feelings of abandonment, as Kirabo comes of age she feels the emergence of a mysterious second self, a headstrong and confusing force inside her at odds with her sweet and obedient nature. Seeking answers, Kirabo begins spending afternoons with Nsuuta, a local witch, trading stories and learning not only about this force inside her, but about the woman who birthed her, who she learns is alive but not ready to meet. Nsuuta also explains that Kirabo has a streak of the “first woman”—an independent, original state that has been all but lost to women. Kirabo's journey to reconcile her rebellious origins, alongside her desire to reconnect with her mother and to honor her family's expectations, is rich in the folklore of Uganda and an arresting exploration of what it means to be a modern girl in a world that seems determined to silence women. Makumbi's unforgettable novel is a sweeping testament to the true and lasting connections between history, tradition, family, friends, and the promise of a different future.

From bestselling author Nick Spalding comes a laugh-out-loud story about getting offline--and getting on with life. Andy Bellows is in a right state. Plagued with insomnia, anxiety and neckache, he's convinced there's something seriously wrong with him. And the worst thing is that his doctor agrees. The diagnosis: Andy is in the grip of a self-destructive addiction to technology--he just cannot put that bloody mobile phone down. Texting, tweeting, gaming and online dating--technology rules Andy's life. His phone even monitors his bowel movements. So how will he cope when he's forced to follow doctor's orders and step away from all of his beloved screens? From having to leave the flat in search of food like some kind of Neanderthal to engaging in conversations with actual people, Andy's about to discover just how bewildering--and scary--the analogue world can be. And when his sixty-day detox hits the headlines--making him a hero to suffering technophiles everywhere--Andy is sorely tempted to pack it all in and escape in the nearest Uber. Can he get himself out of this mess, and work out how to live a better, technologically balanced life without consulting Google even once?

Mark Liberman and Geoffrey K. Pullum have collected some of their most insightful and amusing material from Language Log, the popular web site started by Liberman. Often irreverent and hilarious, these brief essays take on many sacred cows, showing us--among many things--why Strunk & White is useless, how the College Board can't identify sentence errors in the SAT, and what makes Dan Brown one of the worst prose stylists in the business. There is plenty here to inspire deeper thoughts as well. Why do Pete Rose's statements fall short of saying "I'm sorry," and can we learn how to apologize by analyzing his mistakes? Is there such a thing as mind-reading fatigue? What is the meaning of "pluralism" and "Yankeehood"? Language Log is a site where serious professional linguists go to have fun. There's plenty of fun and plenty to get you thinking about language in new ways in this collection.

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

AVAILABLE NOW IN MULTIPLE SIZES - REGULAR, MID SIZE, & SLIM SIZE - SEE BELOW! WE ARE ALWAYS EXPANDING OUR EXTENSIVE LINE OF TRADITIONAL AND CUSTOMIZED MEDICAL RECORD BOOKS! We have several book formats to meet all your Drug / Narcotic / Controlled Substance record keeping needs. If we don't have what you need, we can make it for you! All of our softbound record books can be fitted for use with a hard cover binder for more durability. Visit our website (look inside the book) for more information. This Controlled Substance Record Book (Original) is an 8.5 x 11 inch softbound book that is divided into convenient, easily accessible sections: * Index Pages - 3 ea. * Shift Count Pages - 45 ea. * Drug / Medication Administration Record Pages - 150 ea. * Drug / Medication Disposition Pages - 150 ea. The index at the front of the book provides instant reference to active drug/medication pages. This book includes numbered pages to record patient drug/medication administration, including transfers to and from other books / pages. The back side of each of these page contains a section to document transferring, surrendering, and discontinuing the medications. The Shift Count pages document the accuracy of the drug/medication counts. NOTE: This book does not contain an "Emergency Drug/Medication Supply" (EDK - Emergency Drug Kit) section. - - - - - Number and Letter Codes - - - - - Some of our record books have numbers and letters and some do not. Understanding the codes will ensure that you get the record book that is best suited for your needs. The record books that do not have numbers or letters are the original record books. Those with numbers are different variations of the originals, based upon customer input / feedback. For example, the record book title that ends with 2 is the second version of that particular book. The interior pages of each version of the books are formatted differently to facilitate specific needs. Record books with letters at the end of the title (i.e. an M or S) indicate the size relative to the original record book. For example, an M indicates Mid sized and contains 2/3 the number of pages, while an S indicates Slim sized, which contains 1/3 the number of pages of the original. For Example a title of Controlled Substance Record Book (without any numbers or letters) would indicate the original record book with the most pages. A title of Controlled Substance Record Book 2M would indicate the second version, mid-sized book with 2/3 as many pages as the original size. Please review each version / variation to find the one that best suits your needs. Then decide on the number of pages you need and choose the original (no letters), mid (M), or slim (S) sized book. - - - - - Alternate Record Books - - - - - We carry a full line of record keeping book series in various formats and colors, including: - Controlled Drug Record Books - Individual Narcotic Record Books - Controlled Substance Record Books - NEW - Veterinary Record Books - NEW - - - - - Customize Your Books - - - - - Can't find

what you're looking for? Do you need a specific form or layout in your book? Want a customized look or color scheme? Want to include your company name, logo, pictures, graphics, etc.?
