### Lonely Planet Zion & Bryce Canyon National Parks

Johnny Molloy, who has spent more than 800 nights backpacking in

## Read Book Lonely Planet Great Smoky Mountains National Park National Parks

the Smokies, has updated his classic guide *Top Trails: Great Smoky Mountains National Park*. This revised edition has been completely updated, including the new backcountry reservation system implemented in the park. He has also added some excellent hikes, some of them well off the beaten path. For example, the hike to Baskins Creek Falls takes you past a pioneer homesite and to a scenic cascade overshadowed by more popular waterfalls nearby, making it an ideal destination for those who want to escape the crowds. A longer trek traverses the regal pine-oak forests of the western part of the park, making a stop at Abrams Falls, mixing solitude with a must-visit waterfall on every Smokies bucket list. Johnny also explores early park history on a hike up Kephart Prong. Here, you can see the remains of a fish hatchery constructed by the Civilian Conservation Corps, as well as a trail shelter erected by the CCC when the park was just coming to be. Backpackers will enjoy the new loop incorporating Walnut Bottoms along cascading Big Creek, coupled with a stop by historic Mount Cammerer tower, replete with stellar views, before overnighting at Davenport Shelter on the Appalachian Trail. Additionally, Johnny--who considers the Smokies his home stomping ground--makes sure that all the necessary information to help you execute a hike from directions to maps are correct. New photos add flair to the book.

## USA's Best Trips

## Moon Great Smoky Mountains National Park

The Great Smoky Mountains have inspired, challenged, and entertained millions of visitors for hundreds of years. To preserve the splendor of the mountains and valleys for all to enjoy, Franklin D. Roosevelt dedicated this beautiful area as a protected area and National Park in 1940. In this breathtaking book, the husband-and-wife photography team captures a new vision of the Great Smoky Mountains including both popular attractions and spectacular sites off the beaten path. Stunning photos represent all four seasons, including colorful fall foliage, spring 's wildflower riches, intense summer sunsets, and serene winter snowfalls. Majestic views of mountains from Clingman 's Dome to Morton Overlook along Newfound Gap Road will entice new visitors, while regulars will cherish the book as a memory album of their own, enjoying images of Cades Cove, Roaring Fork Motor Trail and the wildlife of the area. This book of new and remarkable photographs is a necessity for everyone who appreciates natural landscapes, wildlife, and beauty in an area rich with history and culture.

## The Unique States of America

God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, *A Walk in the Woods* will add a whole new audience to the legions of Bill Bryson fans.

### Lonely Planet USA

The first full-color, illustrated pocket guide to North American cattle, this handy book profiles more than 60 breeds of beef, dairy, and draft cattle. Whether you are farming 50 head of cattle or raising one cow--or simply want to learn about where your milk and meat come from--this invaluable resource will tell you everything you need to know. The field guide offers a wealth of information, from practical tips for communicating with bulls and reading a cows body language to the history and science behind crossbreeding and herd instincts. Mooing, milking, and calving; horns, bovine digestion, and the difference between dairy wedge, beef block, and draft shoulders--these topics and many more are covered in depth for breeds as familiar as Holstein, Hereford, Angus, and Jersey and as rare as Florida Cracker and Randall Lineback. With its interesting facts, 150 color photographs, glossary, breed classification table, and resource list, The Field Guide to Cattle is the essential guidebook to North Americas cattle breeds.

## Mac's Field Guide to Great Smoky Mountains National Park

The Great Smoky Mountains National Park is among the most visited national parks in the country, and countless attractions around its borders have tried for decades to siphon some of those valuable tourist dollars. From ersatz western towns and concrete dinosaurs to misplaced Florida-type attractions and celebrity theaters, you will find them all preserved in this book. Author Tim Hollis showcases those businesses that no longer exist, from Hill-Billy Village in Pigeon Forge and Gatlinburg's theme parks on the Tennessee side to the motels of Cherokee and Ghost Town in the Sky on the North Carolina side.

## Lonely Planet Route 66 Road Trips

Breakups are an unfortunate but inevitable part of every woman's life, and there's no denying that the heartache experienced after the ending of a serious relationship can be excruciating. But it doesn't have to feel insurmountable, and there is always hope to be found. In *The Breakup Bible*, psychotherapist and breakup expert Rachel Sussman reveals the secrets every woman needs to get her life back on track. Drawing on hundreds of counseling sessions she's conducted with women at all stages of recovery, Sussman developed a proven 3-phase process for healing from a breakup. *The Breakup Bible* takes women through Healing, Understanding, and Transformation, with new perspectives and advice from real, healed women at each step. Sussman's plan for getting over the end of a relationship is revolutionary and sound, complete with steps for creating a personalized Love Map, a vital and groundbreaking tool for moving on after a breakup. *The Breakup Bible* proves that it is possible to not only survive a breakup, but to emerge from one as an even stronger, empowered
