Bernstein teaches readers how to transform their fear into faith in order to live a divinely guided life. Each story and lesson in the book guides readers to release the blocks to what they most long for: happiness, security and clear direction. The lessons help readers relinquish the need to control so they can relax into a sense of certainty and freedom. Readers will learn to stop chasing life and truly live. Making the shift from fear to faith will give readers a sense of power in a world that all too often makes them feel utterly powerless. When the tragedies of the world seem overwhelming, this book will help guide them back to their true power. Gabrielle says, "My commitment with this book is to wake up as many people as possible to their connection to faith and joy. In that connection, we can be guided to our true purpose: to be love and spread love. These words can no longer be cute buzz phrases that we merely post on social media. Rather, these words must be our mission. The happiness, safety, and security we long for lies in our commitment to love." When readers follow this path, they will begin to feel a swell of energy move through them. They will find strength when they are down, synchronicity and support when they are lost, safety in the face of uncertainty, and joy when they are otherwise in pain. Follow the secrets revealed in this book to unleash the presence of your power and know always that The Universe Has Your Back.

Sunlight is beginning to spill across the Malibu coastline as I begin this Preface. And the deep indigo tint of the Pacific Ocean at this time of the morning seems to match the depth of pleasure I'm feeling as I'm imagining the value you're about to receive from the revelations within this book. Ask and It Is Given is certainly a book about our "asking" being answered by All-That-Is. But it's primarily about how whatever we're asking for is being given to us - and it's also the first book to ever, in such clear terminology, give us the simple practical formula for how to ask for, and then how to receive, whatever we want to be, do, or have. Decades ago, while searching for plausible answers to my never-ending quest to know what "It" is all about, I discovered the word ineffable (meaning "incapable of being expressed in words"). Ineffable coincided with a conclusion I'd formed relative to It. I had decided that the closer we get to knowing the "Non-Physical," the fewer words we have for clearly expressing It. And so, any state of complete knowing would also, therefore, be a state of ineffability. In other words, at this point in our time-space reality the Non-Physical cannot be clearly expressed with physical words. Throughout physical history, we've evolved to, through, and into billions of philosophies, religions, opinions, and beliefs. Yet, with the billions upon billions of thinkers thinking, concluding, and passing

their beliefs on to the next generations, we have not - at least not in any words we can agree on - found physical words to express the Non-Physical. This book offers you a hands-on course in spiritual practicality. It's a how-to book in the broadest sense of the term - that is, how to be, do, or have anything that pleases you. This book also teaches you how not to be, do, or have anything that displeases you.----Jerry

YOU ARE A MANIFESTING MACHINE! We were born to manifest and regardless of where you are in your life, you are manifesting all the time. The challenge is most people manifest in default mode, simply unaware of the power they possess to consciously co-create their life. You wouldn't build a house without a blueprint, yet most will build their life without one. If you are ready to activate the forces within and take control of your destiny then The 5 "F" Words won't disappoint. This treasure of a book, by first time author Jerilynn Stephens, breaks down the theory of manifestation into a simple-to-use, real-world practice where co-creating the life of your dreams is as natural as brushing your teeth.

We can each radiate unconditional love. We don't even need to create it — we are love. But the flow of love is blocked in moments of hurt, blame, anger, criticism, competition or insecurity. These emotions have dominated our emotional space, and hardly enable us to feel our own love. So today, we rely on someone else to love us. This book teaches us to think right, enable self-love, feel it and extend it to other people. The central message here is that love is not "out there", but within us. A spectrum of emotions like attachment, expectations, hurt, worry, stress, fear or anger, which we use in the pretext of love, are analysed. The conversations also explore the fact that the parent-child relationship is not challenging — It does not need to be. As you free yourself from judgments and expectations, as you start thinking right for people, and as you accept people for who they are, you become a Radiator of unconditional love. You are one decision away from vibrating at a frequency of love — by not needing love or giving love — but just by being love.
