Dr. James E. Hardy is one of the few dentists in the world who has never used a common "silver" (mercury) dental filling in his practice. He has written a book explaining why dental mercury should be banned. Consumers need to be more aware of dental mercury's dangers. Medical and environmental consequences of mercury exposure are covered. Practical advice is given on how to become mercury-free by using safer, stronger replacements for amalgam. *Mercury-Free* is written in
