Whitaker's Cumulative Book List

The Dictionary of Classical Mythology, Religion, Literature, and Art

Joseph Campbell's Final Completed Book Developed from a memorable series of lectures delivered in San Francisco, which included a legendary symposium at the Palace of Fine Arts with astronaut Rusty Schweickart, Joseph Campbell's last book explores the space age. Campbell posits that the newly discovered laws of outer space are actually at work within human beings as well and that a new mythology is implicit in this realization. He examines the new mythology and other questions in these essays which he described as "a broadly shared spiritual adventure." In this work, beloved mythologist Joseph Campbell explores the Space Age. He posits that the laws of outer space are actually within us as well, and that a new mythology is implicit in that realization. But what is this new mythology? How can we recognize it? Campbell explores these questions in the concluding essay, "The Way of Art," in which he demonstrates that metaphor is the language of art and argues that within the psyches of today's artists are the seeds of tomorrow's mythologies. Campbell writes in his introduction: "My desire and great pleasure in the preparation of this little volume has been as rendering a return gift to the Graces for the transforming insights of these recent years, which we have been testing out in a broadly shared spiritual

Primitive Culture: Researches Into the Development of Mythology, Philosophy, Religion, Art and Custom

Joseph Campbell, arguably the greatest mythologist of our time, was certainly one of our greatest storytellers. This new cloth edition of *The Hero's Journey*, published to celebrate the 100th anniversary of Campbell's birth, recounts his own quest and conveys the excitement of his lifelong exploration of our mythic traditions, what he called "the one great story of mankind."

national political conversation about race” (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation’s history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

The Eleven Religions and Their Proverbial Lore

Dictionary of Illustrations Adapted to Christian Teaching, Embracing Mythology, Analogies, Legends and Religious Anecdotes, Etc.

This previously unpublished title shows Campbell's remarkable mind engaged with a favorite topic, the myths and metaphors of Asian religions. The book collects seven lectures and articles ranging from the ancient Hindu Vedas to Zen koans, Tantric yoga, and the Tibetan Book of the Dead. Campbell conveys complex insights through warm, accessible storytelling, revealing the intricacies and secrets of his subjects with his typical enthusiasm.--From publisher description.

International Encyclopaedia of Tribal Religion: Tribal cosmology, myths and world view

Since its publication in 1939, countless would-be readers of Finnegans Wake - James Joyce's masterwork, which consumed a third of his life - have given up after a few pages, dismissing it as a "perverse triumph of the unintelligible." In 1944, a young professor

of mythology and literature named Joseph Campbell, working with Henry Morton Robinson, wrote the first "key" or guide to entering the fascinating, disturbing, marvelously rich world of Finnegans Wake. The authors break down Joyce's "unintelligible" book page by page, stripping the text of much of its obscurity and serving up thoughtful interpretations via footnotes and bracketed commentary. They outline the book's basic action, and then simplify ? and clarify ? its complex web of images and allusions. A Skeleton Key to Finnegans Wake is the latest addition to the Collected Works of Joseph Campbell series.

same ways as their ancient and medieval forebears had done—and often using the dream-guides their predecessors had written—dreamers rejoiced in heralds of good fortune and consulted physicians, clerics, or practitioners of magic when their visions waxed ominous. *Dreams, Dreamers, and Visions* traces the role of dreams and related visionary experiences in the cultures within the Atlantic world from the late thirteenth to early seventeenth centuries, examining an era of cultural encounters and transitions through this unique lens. In the wake of Reformation-era battles over religious authority and colonial expansion into Asia, Africa, and the Americas, questions about truth and knowledge became particularly urgent and debate over the meaning and reliability of dreams became all the more relevant. Exploring both indigenous and European methods of understanding dream phenomena, this volume argues that visions were central to struggles over spiritual and political authority. Featuring eleven original essays, *Dreams, Dreamers, and Visions* explores the ways in which reports and interpretations of dreams played a significant role in reflecting cultural shifts and structuring historic change. Contributors: Emma Anderson, Mary Baine Campbell, Luis Corteguera, Matthew Dennis, Carla Gerona, María V Jordán, Luís Filipe Silvério Lima, Phyllis Mack, Ann Marie Plane, Andrew Redden, Janine Rivière, Leslie Tuttle, Anthony F. C. Wallace.

Travel with Comparative Mythologist Joseph Campbell to discover the power of myth in Asia At the beginning of his career, Joseph Campbell developed a lasting fascination with the cultures of the Far East, and explorations of Buddhist and Hindu philosophy later became recurring motifs in his vast body of work. However, Campbell had to wait until middle age to visit the lands that inspired him so deeply. In 1954, he took a sabbatical from his teaching

position and embarked on a yearlong voyage through India, Thailand, Cambodia, Burma, Hong Kong, Taiwan, and finally Japan. Asian Journals combines the two hardcover editions of Campbell's journals, *Baksheesh & Brahman* and *Sake & Satori*, into one paperback volume, an edited day-to-day travel diary of the people he met and the historical places he visited on his trek through Asia. Along the way, he enlivens the narrative with his musings on culture, religion, myth, and politics, describing both the trivial and the sublime. As always, Campbell's keen intellect and boundless curiosity shine through in his lucid prose. From these pages, Campbell enthusiasts will come away with a deeper understanding of the man, his work, and his enduring legacy.
