Starting a NASCAR team is hard work. Starting a NASCAR team as an African American is even harder. These are just a few of the lessons learned by Leonard T. Miller during his decade and a half of running an auto racing program. Fueled by more than the desire to win, Miller made it his goal to create opportunities for black drivers in the vastly white, Southern world of NASCAR. *Racing While Black* chronicles the travails of selling marketing plans to skeptics and scraping by on the thinnest of budgets, as well as the triumphs of speeding to victory and changing the way racing fans view skin color. With his father—former drag racer and longtime team owner Leonard W. Miller—along for the ride, Miller journeys from the short tracks of the Carolinas to the boardrooms of the "Big Three" automakers to find out that his toughest race may be winning over the human race.

Hard Driving is the dramatic story of one man's dogged determination to live the life he loved, and to compete, despite daunting obstacles, at the highest level of his sport. Wendell Scott figured he was signing up for trouble when he became NASCAR's version of Jackie Robinson in the segregated 1950s. Some speedways refused to let him race. "Go home, nigger," spectators yelled. And after a bigoted promoter refused to pay him, Scott appealed directly to the sport's founder, nascar czar Bill France Sr. France made a promise Scott would never forget – that NASCAR would never treat him with prejudice. For the next two decades, Scott chased a dream whose fulfillment depended on France backing up that promise. Persevering through crashes, health problems, and money troubles, Scott remained convinced he had the talent to become one of NASCAR's best. *Hard Driving* documents a previously untold chapter in the history of integration, politics, and sports in America. It reveals how France, founder of the multibillion-dollar nascar empire, reneged on his pledge and allowed repeated discrimination against Scott by racing officials and other powerful figures. It details France's alliances with leading segregationist politicians such as George Wallace, the reluctance of auto executives such as Lee Iacocca to sponsor a black driver; and the inspiring support Scott received from white drivers such as nascar champions Ned Jarrett and Richard Petty, who admired his skill and tenacity.

As a boy in Brooklyn's Red Hook projects, James McBride knew his mother was different. But when he asked about it, she'd simply say 'I'm light-skinned.' Later he wondered if he was different too, and asked his mother if he was black or white. 'You're a human being,' she snapped. 'Educate yourself or you'll be a nobody!' And when James asked what colour God was, she said 'God is the colour of water.' As an adult, McBride finally persuaded his mother to tell her story - the story of a rabbi's daughter, born in Poland and raised in the South, who fled to Harlem, married a black man, founded a Baptist church, and put twelve children through college.

“Packed full of emotion. . . . An influential read with a powerful message.”—Booklist Whether goose or swan, I have wings. And I'll fly. Gus's life is about one thing—swimming. And he knows that the only coach in town who can get him to the Olympics is Coach Marks. So it seems like a simple plan: convince Coach Marks to train him, and everything from there on in is just hard work. Gus has never been afraid of hard work. But there are a few complications. For one thing, Coach Marks was Danny's coach. Danny, Gus's brother, committed suicide after failing to make the national swimming team—a big step on the way to the Olympics. And for another, Gus and Danny didn't exactly get along; Gus never liked living in Danny's shadow. A shadow that has grown even bigger since his death. In this powerful novel about the punishing and the healing nature of sports, Gus's rage threatens to swallow him at every turn. He's angry at his brother, his mother, his coach . . . even himself. But as he works toward his goal and through his feelings, Gus does everything he can to channel this burning intensity into excelling at the sport that he and Danny both loved, and finds solace in the same place he must face his demons: in the water. In addition to Gus's incredible narrative, there are four pieces of original art featured in *Geese Are Never Swans*. The art was curated by TaskForce, a creative agency that collaborates with the most influential nonprofits, brands, and people taking on the most pressing challenges facing our nation and our world. TaskForce builds capacity and community for those shaping a more empathetic society through public opinion and policy. The artists' interpretations of their work are included in the book.

– using gender neutral words to honour everyone who reads the book. Illustrator Aurélia Durand brings the stories and characters to life with kaleidoscopic vibrancy. After examining the concepts of social identity, race, ethnicity and racism, learn about some of the ways people of different races have been oppressed, from indigenous Americans and Australians being sent to boarding school to be 'civilized' to a generation of Caribbean immigrants once welcomed to the UK being threatened with deportation by strict immigration laws. Find hope in stories of strength, love, joy and revolution that are part of our history, too, with such figures as the former slave Toussaint Louverture, who led a rebellion against white planters that eventually led to Haiti's independence, and Yuri Kochiyama, who, after spending time in an internment camp for Japanese Americans during WWII, dedicated her life to supporting political prisoners and advocating reparations for those wrongfully interned. Learn language and phrases to interrupt and disrupt racism. So, when you hear a microaggression or racial slur, you'll know how to act next time. This book is written for EVERYONE who lives in this racialised society—including the young person who doesn't know how to speak up to the racist adults in their life, the kid who has lost themselves at times trying to fit into the dominant culture, the children who have been harmed (physically and emotionally) because no one stood up for them or they couldn't stand up for themselves and also for their families, teachers and administrators. With this book, be empowered to actively defy racism and xenophobia to create a community (large and small) that truly honours everyone.
