Hope Dies Last is the true story of twenty-something Eleni Zoe's pursuit of love, a boy who will sit still with her for a while and the perfect mantra. As a self-confessed perpetual singleton, she shares her tragicomic stories as if she's whispering her heart out to you over a girly dinner. From first kisses and what sex is really like to bruised egos and broken hearts, Eleni asks the questions we each have on our quest for love. The difference is, she's also got some answers.

Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, *The Alchemist* has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. Born into the halcyon life of the Austrian royal court, Princess Marysa meets her prince charming at a dinner she is hosting for her father. It is love at first sight. Rudolf, an officer in the Imperial Hussars, wastes no time suing for her hand. They become engaged. She is sixteen and the year is 1913. A ring is bought but war breaks out. Rudolf dashes off to Serbia with her ring in his pocket, and Marysa has to be satisfied with rare, totally inadequate, letters. On his first home leave, she demands her ring, and then coaxes him into marrying her before he returns to the war. Bored and unhappy, Marysa flits around trying to be patriotic. She works briefly as a nurse, but faints when handed a leg and decides that this is not suitable work for a princess. The war is lost, the empire is lost, Austria becomes a republic and Rudolf goes into exile with the emperor, sending Marys, now pregnant, to England for safety. For seven years Marysa hears nothing from him and,

assuming he is dead, she has an affair and becomes pregnant - and she is in this state when Rudolf reappears. Marysa, abandoned by her lover, moves to Belgium where she has several affairs, and when the war comes and the Nazis invade Belgium, she becomes involved in the underground. She is arrested by the Gestapo, tortured and is sent to Auschwitz, and ends up in Buchenwald. She is found alive in a mass grave, but close to death. It is an Army nurse who initiates a search for Rudolf; but he has begun a search of his own. Perhaps miracles do happen.

Second novel by this chart topping author! #1 Crime Thriller #1 Conspiracies Thriller "A great spy thriller! MI5 don't know what's hit them, nor does a nation impacted by a sudden disaster. What one critic said: "I wish I could write a review as well as the author wrote this book to do it justice. Another magnificent literature masterpiece from Tim Heath. I really enjoy the concept of the story-line which I must recommend to anybody into thrillers and high tech espionage. The frightening thing about it is this could actually be fact one day!" The back cover text: "John awakes to find himself in a hospital bed with no memory of how he got there. Then the visions start. Destruction and death. A last chance. The only one who can save millions of people. He is no hero. Could he do what was being asked of him?" If you like your British thriller, boiling with espionage as various secret service teams move around a damage but not defeated London, this is the one for you! Book 1 in the 'Shadow Man' series of thrillers. Book 2 ('The Shadow Man') is due out at Nov 2016. Here are some of the reviews for The Last Prophet; "Thrillers don't normally encourage you to ask such questions: Is this all there is to life? Can there be hope despite the certainty of death? Once bad, always bad - but can a person perhaps change? Is it possible to redeem oneself - perhaps through a

heroic act or through one's love for others? Can one person sacrifice himself for everyone? Is it ethical for the community to sacrifice one person's life for everyone else's survival? Is it ethical to lie or even to build a web of lies in order to save many from destruction? And yet despite - or perhaps because of? - these deep philosophical questions we are kept in suspense until the last page." "I have to say that I massively enjoyed this book from beginning to end. I enjoyed the plot, the characters, the ideas, the developing urgency of the story and the underlying theme of sacrifice. I enjoyed the mixture of covert teams operating against each other and the ensuing action well researched and thought through. In fact I can actually see something like this taking place one day-who knows, this may well be a Prophetic book!" "International espionage and sneaky twists provide the backdrop to some heart-wrenching decisions for the people we meet along the way. Not afraid to ask the big questions, The Last Prophet foretells a journey none of us would ever wish to make. If you like your thrillers with a dash of apocalypse and a side order of sacrifice, check this one out!" "Very good read. Couldn't put it down. Brilliant from beginning to end and very thought provoking. We are going to read it at our Book Club next time. Thank you Tim." "This is an exciting fast moving story. Just as you are beginning to understand what is going on, a new factor comes into play and new complexities appear. Right up to the end it is not clear which way it will go and I couldn't put the book down." "A thriller in the traditional sense, but with an edgy provoking setting. The use of tension and revelation perfectly balanced to keep you turning pages late into the night. Political intrigue, together with subtly revealed plot twists keep the reader alert and motivated to uncover the truth ahead of its telling. 3D characters challenge you to examine human nature and personal boundaries. A satisfying read with refreshingly strong female characters." "A Riveting

Spy Thriller! MI5, MI6, the South African Secret Service, and the Chinese-what more could you ask for in an international spy thriller. You have shadow governments, or rogue governments-or is this really the normal operating procedures for nations who want to take down their enemies, in revenge for spying on them? I highly recommend this book."

Bridget Thorsdottir is a seventeen-year-old girl living during the waning days of the Norse colony in Greenland in the year 1501. At the brink of an age of discovery, her colony has been taken over by a new bishop who turned the people's farms into a more lucrative fishing village. The lone voice of opposition in this sea of change is Bridget's own father, Thor, whose stubborn adherence to his farm makes it harder and harder for him to pay the rising taxes owed to the bishop. When Thor refuses to give up his ways and leave the family home, Bridget realizes that it is up to her to make the dangerous journey to the New World in order to establish a new life for herself and her family.

'This deeply researched, very well-written and penetrating book will be the standard work on the subject for many years to come' - Andrew Roberts, author of Churchill- Walking with Destiny The Second World War began on 1 September 1939, when German tanks, trucks and infantry crossed the Polish border, and the Luftwaffe began bombing Poland's cities. The Polish army fought bravely but could not withstand an attacker superior in numbers and technology; and when the Red Army invaded from the east - as agreed in the pact Hitler had concluded with Stalin - the country's fate was sealed. Poland was the first to fight the German aggressor; it would be the first to suffer the full murderous force of Nazi persecution. By the end of the Second World War, one in five of its people had perished. The Polish campaign is the forgotten story of the Second World War. Despite prefacing many of that conflict's later horrors - the wanton targeting of

civilians, indiscriminate bombing and ethnic cleansing - it is little understood, and most of what we think we know about it is Nazi propaganda, such as the myth of Polish cavalry charging German tanks with their lances. In truth, Polish forces put up a spirited defence, in the expectation that they would be assisted by their British and French allies. That assistance never came. *First to Fight* is the first history of the Polish war for almost half a century. Drawing on letters, memoirs and diaries by generals and politicians, soldiers and civilians from all sides, Roger Moorhouse's dramatic account of the military events is entwined with a tragic human story of courage and suffering, and a dark tale of diplomatic betrayal.

Dr. Perkins' final manifesto on race, faith, and reconciliation
We are living in historic times. Not since the civil rights movement of the 60s has our country been this vigorously

Free Copy PDF Parting Words 9 Lessons For A Remarkable Life

engaged in the reconciliation conversation. There is a great opportunity right now for culture to change, to be a more perfect union. However, it cannot be done without the church, because the faith of the people is more powerful than any law government can enact. The church is the heart and moral compass of a nation. To turn a country away from God, you must sideline the church. To turn a nation to God, the church must turn first. Racism won't end in America until the church is reconciled first. Then—and only then—can it spiritually and morally lead the way. Dr. John M. Perkins is a leading civil rights activist today. He grew up in a Mississippi sharecropping family, was an early pioneer of the civil rights movement, and has dedicated his life to the cause of racial equality. In this, his crowning work, Dr. Perkins speaks honestly to the church about reconciliation, discipleship, and justice and what it really takes to live out biblical reconciliation. He offers a call to repentance to both the white church and the black church. He explains how band-aid approaches of the past won't do. And while applauding these starter efforts, he holds that true reconciliation won't happen until we get more intentional and relational. True friendships must happen, and on every level. This will take the whole church, not just the pastors and staff. The racial reconciliation of our churches and nation won't be done with big campaigns or through mass media. It will come one loving, sacrificial relationship at a time. The gospel and all that it encompasses has always traveled best relationally. We have much to learn from each other and each have unique poverties that can only be filled by one another. The way forward is to become "wounded healers" who bandage each other up as we discover what the family of God really looks like. Real relationships, sacrificial love between actual people, is the way forward. Nothing less will do.

At the conclusion of World War II, war crimes tribunals were carried out at Nuremberg, Germany. Justice was meted out for major war criminals, and Benjamin Ferencz was chief prosecutor for what the Associated Press said was the largest murder trial in history. This biography of the last living Nuremberg prosecutor traces his life from early childhood growing up as an immigrant in Hell's Kitchen in New York City, to Harvard Law School, to the U.S. Army and Patton's Judge Advocate War Crimes Investigation Section, to the Nuremberg Tribunals and beyond. His life has been spent working toward the goal of world peace through law, not war, including the successful formation of the International Criminal Court, in which Ferencz played a key role.

First, Last, and Always

A Powerless Prisoner: A Captive God
No one is sure when the New World deity Quetzalcoatl was first worshipped. The god-man can be portrayed as a feathered serpent - and also associated with a bright green bird of the same name - but he was worshipped in a variety of ways by various cultures. Some versions of the myth state that he was a man with light hair, beard, blue eyes, and light skin. After helping humankind, he was said to have returned to his home, promising to return. It is not surprising that he has been identified as a Viking by some historians (and as an extraterrestrial by more adventuresome scholars). The Aztec Emperor Moctezuma II is reputed to have initially believed that when Hernán Cortés appeared in 1519 Quetzalcoatl had returned. Here Orfeo has been kidnapped by a New World tribe. They plan keep him as a prisoner while presenting him to a subjugated populace as a god. He has no desire to live his life in a gilded cage. His wife, Clarice, his aging mentor, Zurga, and the jack of all trades, Daryush, must cross the ocean to save their friend. They soon find they are involved in a civil war between the Nastases and Ixtlans. It will take all their cunning to rescue Orfeo and get back alive. Back at home a war is brewing between Sparta and Pylos. This time Zurga is not there to keep the peace.

Winner of First Place for Adult Genre Novels, awarded by the Pacific Northwest Writers Association. *Tepui* is an "intelligent, cutting edge" tale of adventure, intrigue, and forbidden love. In 1559, forty-nine Spaniards exploring a tributary of the Orinoco River reached a sheer-sided, cloud-capped mountain called Tepui Zupay. When they tried to climb it, all but six of them were slaughtered by Amazons. Or so claimed Friar Sylvestre, the expedition's chronicler. But Sylvestre made many bizarre claims: rivers of blood, plants that lead to gold. Jerry Pace, a burn-scarred botanist struggling for tenure at UCLA, thinks the friar was high on mushrooms. Jerry's best friend, the historian who just acquired Sylvestre's journal, disagrees. He plans to retrace the expedition's footsteps, and wants Jerry to come with him. Jerry refuses, until he spots a stain between the journal's pages—a stain that could only have been left by a plant that died out with the dinosaurs. Now he has to find that plant. But the Venezuelan wilderness does not forgive intruders. Battered and broken, they reach a

remote Catholic orphanage where the old prioress warns of death awaiting any who would venture farther. But an exotic Indian girl leads them on, through piranha-infested rivers and jungles teeming with poisonous plants, to Tepui Zupay-the forbidden mountain no outsider has set eyes on since the Spaniards met their doom. This is a story about life's surprises-the challenges, risks-and how they transform us. It is also a tale of Beauty and the Beast and the eye of the beholder.
