### The Collected Works of Theodore Parker

“ I don ’ t normally read books about surfers, but this is like Truman Capote, with shorts. ” —Lee Child  
“ Andy Martin, to his immense credit, knows that surfers are misfits and accidental comics, as well as great athletes. ” —Matt Warshaw  
“ A sublime mixing of stoke and sorrow, hedonism and the macabre—skillfully and deftly penned by someone who had, and still has, intimate access to many of the key players.” —Tom Anderson, author of *Riding the Magic Carpet: A Surfer's Odyssey to Find the Perfect Wave*  
This is the true story of Ted, Viscount Deerhurst, the son of the Earl of Coventry and an American ballerina who dedicated his life to becoming a professional surfer. Surfing was a means of escape, from England, from the fraught charges of nobility, from family, and, often, from his own demons. Ted was good on the board, but never made it to the very highest ranks of a sport that, like most, treats second-best as nowhere at all. He kept on surfing, ending up where all surfers go to live or die, the paradise of Hawaii. There, in search of the “ perfect woman, ” he fell in love with a dancer called Lola, who worked in a Honolulu nightclub. The problem with paradise, as he was soon to discover, is that gangsters always get there first. Lola already had a serious boyfriend, a man who went by the name of Pit Bull. Ted was given fair warning to stay away. But he had a besetting sin, for which he paid the heaviest price: He never knew when to give up. *Surf, Sweat and Tears* takes us into the world of global surfing, revealing a dark side beneath the dazzling sun and cream-crested waves. Here is surf noir at its most compelling, a dystopian tale of one man ’ s obsessions, wiped out in a grisly true crime.

### Association Men

In *Out of Africa*, author Isak Dinesen takes a wistful and nostalgic look back on her years living in Africa on a Kenyan coffee plantation. Recalling the lives of friends and neighbours—both African and European—Dinesen provides a first-hand perspective of colonial Africa. Through her obvious love of both the landscape and her time in Africa, Dinesen ’ s meditative writing style deeply reflects the themes of loss as her plantation fails and she returns to Europe. HarperTorch brings great works of non-fiction and the dramatic arts to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperTorch collection to build your digital library.

## The Way of Perfect Love

Detective Alex Morrow discovers that the darkest secrets never stay buried as she investigates the criminal underbelly of a seemingly tranquil seaside town. For reasons she can't quite explain, Alex Morrow is addicted to watching surveillance footage of Roxanna Fuentes--a gorgeous Spanish mother of two, in a tempestuous relationship with her boyfriend, who recently relocated to Glasgow under mysterious circumstances. She is also Morrow's prime suspect in an investigation that resembles a soap opera, filled with glamorous jetsetters and enough money to interest the highest levels of law enforcement. Until Roxanna vanishes. Morrow traces Roxanna's steps to Helensburgh, a sleepy, picturesque seaside community. But behind the idyllic Victorian homes and quaint storefronts, darkness lurks. Home to a man with blood on his hands who is haunted by guilt, a mysterious woman with ulterior motives back in town for the first time in decades, a sexually frustrated restaurateur looking to blow off steam, and a crew of vicious small-time gangsters blindly following orders, it's a town ruled by base instincts where no one is quite what they seem. And it's the perfect place to get rid of someone. When she uncovers an unsettling connection to Roxanna's job back in Glasgow, Morrow suspects that her missing person is more than a white-collar criminal on the lam--she may also be a victim caught up in a sophisticated conspiracy that stretches far beyond Helensburgh and is more personal than Morrow ever imagined. As the truth rises to the surface and the conflicts that lie beneath Helensburgh's calm waters threaten to explode, Morrow must find Roxanna before any hope of solving the case disappears with her. A gripping tale of greed, power, and vengeance, *Blood, Salt, Water* is a masterful crime novel from Denise Mina that confirms her reputation as "one of the genre's bright stars" (George Pelecanos).

## Out Of Africa

'An ode to the ocean, and the generations of women drawn to the waves or left waiting on the shore'  
Guardian In *Salt On Your Tongue*, Charlotte Runcie explores what the sea means to us, and particularly what it has meant to women through the ages. In mesmerising prose, she explores how the sea has inspired, fascinated and terrified us, and how she herself fell in love with the deep blue. This book is a walk on the beach with Turner, with Shakespeare, with the Romantic Poets and shanty-singers. It 's an ode to our oceans -- to the sailors who brave their treacherous waters, to the women who lost their loved ones to the waves, to the creatures that dwell in their depths, to beachcombers, swimmers, seabirds and mermaids. Navigating through ancient Greek myths, poetry, shipwrecks and Scottish folktales, *Salt On Your Tongue* is about how the wild untameable waves can help us understand what it means to be human.

## The New Decameron

## The Western Christian Advocate

## Journal of the American Medical Association

A young man is born into an existential fog. Nothing for him is ever black or white; nothing for him is ever determined. His name is Lyle, a slave in western Virginia, and his story speaks of the indeterminacy of family and identity in a world where slavery and violence wrench and pull at bonds of blood and affection. From the Blue Ridge Mountains to the Confederate infantry, to the Union ranks on the shores of the Ohio River, Lyle navigates his way through shifting loyalties and precarious relationships, discovering who he is, as a slave, as a son, as black, as white, as shackled, as free. Lyle is a divided spirit in a divided nation, steadily uncovering, steadily determining, steadily creating that half beneath.

## America and Vietnam

Reviews critically the dynamic and functional aspects of mineral metabolism, and thus serves as a reference and text for research scientist and advance students in biology, medicine, and agriculture whose interests touch upon the role of minerals in physiology, biochemistry, biophysics or nutrition -- Preface volume 1, part A.

## New Scientist

## Everyday Book of Science Questions & Answers from the New York Times

Fewer people have rowed across the Atlantic than have climbed Everest. Adam Rackley is among them. For 70 days he and his rowing partner ate, slept and rowed in a boat seven metres long and two metres wide, in one of the world's most extreme environments. This is his story of adventure, endurance and self-discovery. They were following in the wake of pioneers. In 1896 a pair of Norwegian fisherman crossed the 2,500 miles in a wooden fishing dory - and their record stood for 114 years. John Fairfax, a smuggler, gambler and shark hunter, was the first to complete the feat single-handedly in 1969. Others have followed; some have not survived the attempt. This is their story, too.

## Salt, Nature's Fifth Element

The author relates his pursuit of the Incan treasures rumored to be hidden in the mountains of Ecuador, a quest that became a consuming passion as he immersed himself in the lore of the treasure and the daily life of the region's people

### Circular

When the body of an old war buddy, the victim of a brutal killer, turns up in the forest and the police do not seem overly anxious to solve the crime, Jack Devlin embarks on a one-man quest for revenge. Original.

### Quarterly Review of the Michigan Alumnus

Examines the political history, military events, social impact, and long-term effects of the Vietnam War.

### Salt On Your Tongue

A riveting first-person account and history of rowers who have attempted to navigate across the Atlantic. More people have climbed Mount Everest than have rowed across the Atlantic. For more than seventy days, Adam Rackley and his rowing partner ate, slept and rowed in a boat seven meters long by two meters wide, in one of the world's most extreme environments. This is his story of adventure, endurance, and self-discovery. They were following in the wake of pioneers. In 1896 George Harbo and Frank Samuelsen, a pair of Norwegian fishermen, crossed the 2,500 miles in a wooden fishing dory – and their record stood for 114 years. John Fairfax, a smuggler, a gambler, and a shark hunter, was the first to complete the feat singlehandedly in 1969. Others have followed; some have not survived the attempt. This is their story, too.

### Mineral Metabolism: The elements. 2 pts

A novel of Paris in the 1930s from the eyes of the Vietnamese cook employed by Gertrude Stein and Alice B. Toklas, by the author of *The Sweetest Fruits*. Viewing his famous mesdames and their entourage from the kitchen of their rue de Fleurus home, Binh observes their domestic entanglements while seeking his own place in the world. In a mesmerizing tale of yearning and betrayal, Monique Truong explores Paris from the salons of its artists to the dark nightlife of its outsiders and exiles. She takes us back to Binh's youthful servitude in Saigon under colonial rule, to his life as a galley hand at sea, to his brief, fateful encounters in Paris with Paul Robeson and the young Ho Chi Minh. Winner of the New York Public Library Young Lions Fiction Award A Best Book of the Year: *New York Times*, *Village Voice*, *Seattle Times*, *Miami Herald*, *San Jose Mercury News*, and others “ An irresistible, scrupulously engineered confection that weaves together history, art, and human nature...a veritable feast. ” —*Los Angeles Times* “ A debut novel of pungent sensuousness and intricate, inspired imagination...a marvelous tale. ” —*Elle* “ Addictive...Deliciously written...Both eloquent and original. ” —*Entertainment Weekly* “ A mesmerizing narrative voice, an insider's view of a fabled literary household and the slow revelation of heartbreaking secrets contribute to the visceral impact of this first novel. ” —*Publishers Weekly*, starred review

### The Critical and Miscellaneous Writings of Theodore Parker

AJN Book of the Year Award Winner! (Second Edition) "This book is a gem! It provides a wealth of well researched information to help the reader understand sources of stress .It tackles very important issues that lead to burnout and provides an exceptionally comprehensive analysis .This book is illuminating for clinicians." Afaf Meleis, PhD, DrPS(hon), FAAN Dean of Nursing, University of Pennsylvania School of Nursing This inspiring, award-winning title guides nurses to transform work-related stress and anger into strength and resilience. The profession has witnessed increasing workplace violence, conflicts with colleagues, and poor working conditions. In this book, Thomas demonstrates how anger can actually be a catalyst for personal and professional empowerment. In this new edition, Thomas discusses the causes and consequences of nurses' stress and anger, and presents new strategies to prevent and manage both, even under the worst conditions. She demonstrates how to forge stronger relationships with colleagues and patients, and solve work-related problems head-on. As a nursing educator, therapist, practitioner, and practicing RN, Thomas provides personal accounts of her own experiences as a nurse, struggling to meet the many challenges of the job. Key Features: Thoroughly updated with new research data and case studies Offers step-by-step guidelines on working towards remediation and healing Organized with bulleted lists and boxes highlighting key points Guidance on pursuing career movement, both vertical and horizontal Useful for nurses, hospital administrators, managers, and graduate students

"The sacredness & dignity of salt! This mineral is like unto the four elements earth, air, fire & water. So universal, so necessary to life, it is the fifth element." Jean de Marcounille, Paris 1584. Salt so important to man because it is a constituent of many parts of the body especially the blood, the lymph, the digestive juices. In the blood stream salt furthers good circulation & heart action. In the first part of the book, John Heinerman, Ph.D covers the historical significance & health benefits of salt from man's earliest days through modern society. But all salt is not created equal. Gary Anderson, an undergraduate in oceanography & geological marine sciences in the second part of the book talks about the most nutritious, lowest in sodium Brittany Natural Sea Salt from Brittany, France which is Certified Kosher & which is hand harvested in the true Celtic tradition, using wooden tools to avoid metal transference. Welcome to the first book about sea salt since 1948, by Ocean Press. Order Direct 800-903-SALT. Paperback retails for \$9.95, 100 pages, glossy cover, 5-1/2 x 8-1/2.
