An Amazon Best Book of the Year A multigenerational family saga about the long-lasting reverberations of one tragic summer by "a wonderful talent [who] should be read widely" (Edward P. Jones). In 1948, a small stretch of the Woodmont, Connecticut shoreline, affectionately named "Bagel Beach," has long been a summer destination for Jewish families. Here sisters Ada, Vivie, and Bec assemble at their beloved family cottage, with children in tow and weekend-only husbands who arrive each Friday in time for the Sabbath meal. During the weekdays, freedom reigns. Ada, the family beauty, relaxes and grows more playful, unimpeded by her rule-driven, religious husband. Vivie, once terribly wronged by her sister, is now the family diplomat and an increasingly inventive chef. Unmarried Bec finds herself forced to choose between the family-centric life she's always known and a passion-filled life with the married man with whom she's had a secret years-long affair. But when a terrible accident occurs on the sisters' watch, a summer of hope and self-discovery transforms into a lifetime of atonement and loss for members of this close-knit clan. Seen through the eyes of Molly, who was twelve years old when she witnessed the accident, this is the story of a tragedy and its aftermath, of expanding lives painfully collapsed. Can Molly, decades after the event, draw from her aunt Bec's hard-won wisdom and free herself from the burden that destroyed so many others? Elizabeth Poliner is a masterful storyteller, a brilliant observer of human nature, and in *As Close to Us as Breathing* she has created an unforgettable meditation on grief, guilt, and the boundaries of identity and love.

There are still approximately 1000 Camp Meeting Grounds left from a high point of over 3000 locations. Camp Meetings are about vernacular or historic design, as well as a resource for those interested in urban design, ingenuity in structure and use of materials, and building detailing. As part of the discussion on Lean Urbanism, these places are source information on small or tiny houses, cottage design, pocket neighborhoods, affordable housing and self-building for lean, efficient living. Design and site planning to generate community through an

intuitive understanding of spaces, distances and how it all works is also discussed. The observations on how behavior is affected by built space reflects knowledge achieved over time. The beauty of the buildings and design concepts that are cutting-edge even by today's standards, are shown in many color photographs, maps, and drawings. The history of the movement is recounted to show the evolution of Camp Meetings alongside the evolution of the United States as the movement started just after the Revolution. Today's concepts of land trust communities, resorts, condominiums, trailer parks, co-housing, even town design owe much to the communities designs as Camp Meetings. The book is a rich collection of vernacular construction techniques, ideas that support tiny houses, movable houses, and self-build found here. Simple and lean lifestyle and design is shown in Camp Meeting Communities from over 50 Camp Grounds from Maine to Mississippi and Colorado. The book is a good resource for architects, planners and designers, but it also provides an overview of the subject appropriate to anyone interested in Camp Meetings.
