In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance — women and learning, writing and poverty — which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence — a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, *The*

Alice's Adventures in Wonderland (1865) is a novel written by English author Charles Lutwidge Dodgson, better known under the pseudonym Lewis Carroll. It tells the story of a girl named Alice who falls down a rabbit-hole into a fantasy world populated by peculiar and

anthropomorphic creatures. The tale is filled with allusions to Dodgson's friends (and enemies), and to the lessons that British schoolchildren were expected to memorize. The tale plays with logic in ways that have made the story of lasting popularity with adults as well as children. It is considered to be one of the most characteristic examples of the genre of literary nonsense, and its narrative course and structure has been enormously influential, mainly in the fantasy genre.

Eleven-year-old Delphine has it together. Even though her mother, Cecile, abandoned her and her younger sisters, Vonetta and Fern, seven years ago. Even though her father and Big Ma will send them from Brooklyn to Oakland, California, to stay with Cecile for the summer. And even though Delphine will have to take care of her sisters, as usual, and learn the truth about the missing pieces of the past. When the girls arrive in Oakland in the summer of 1968, Cecile wants nothing to do with them. She makes them eat Chinese takeout dinners, forbids them to enter her kitchen, and never explains the strange visitors with Afros and black berets who knock on her door. Rather than spend time with them, Cecile sends Delphine, Vonetta, and Fern to a summer camp sponsored by a revolutionary group, the Black Panthers, where the girls get a radical new education. Set during one of the most tumultuous years in recent American history, one crazy summer is the heartbreaking, funny tale of three girls in search of the mother who abandoned them—an unforgettable story told by a distinguished author of books for children and teens, Rita Williams-Garcia.

The Best We Could Do

From Kate Walbert, the highly acclaimed, National Book Award nominee, comes a dazzling, career-spanning collection of new and selected stories. In these twelve deft, acutely funny and often heartbreaking stories, Kate Walbert delves into the hearts and minds of women. Her characters are searchers, uneasy in one way or another. They yearn for connection. They question the definitions assigned to them as wives, mothers, and daughters; they seek their own way within isolated, and often isolating, circumstances, reveling in small, everyday epiphanies and moments of clarity. In the riveting opening story "M&M World," a woman is plunged into panic when she briefly loses one of her daughters at the vast and over-stimulating Times Square store. In "Slow the Heart," a single mother tries to ease tension at the dinner table with Roses and Thorns, the game she knows the Obamas played in the White House. In "Radical Feminists," a woman skating with her two children encounters the man who derailed her career years earlier. And in the poignant, "A Mother Is Someone Who Tells Jokes," a mother reflects on the nursery school project that preceded her son's autism diagnosis. This is a deeply moving, resonant collection from a writer "rightly celebrated for her ability to capture the variety and vulnerability of women's lives with a
