The Works of Richard Brinsley Sheridan

Surfing has been described as a sport, a religion, an obsession and a way of life. For Shaun Tomson, world champion surfer and successful entrepreneur, surfing is all of that and more. In *Surfer's Code*, Tomson shares the life lessons he's gathered over many years of surfing - from his boyhood in South Africa to the World Tour in the 70s and 80s. While the lessons Tomson shares are taken from beaches all over the world, they translate powerfully to everyday life and the extraordinary challenges we face. They reflect the attitude and outlook necessary to survive not only the ups and downs of life, but to master them and emerge a winner. His lessons include: I will never turn my back on the ocean; I will always paddle back out; I will watch out for other surfers; there will always be another wave; I will catch a wave every day.

"Just imagine: a beach in the middle of nowhere. You can see a camper with sea view. You can hear Portuguese music coming from the speakers. The canopy is out and there are some chairs underneath. On the table is a plate of freshly grilled fish and a glass of vinho verde. Welcome to my surfer's life." "Living to the rhythm of the sea" "The waves, the flowing shapes, the poetry of the sea: surfing is, in fact, a distinctly female sport." Lifestyle journalist Veerle Helsen went 'out-of-office' for six months, bought an old camper and travelled by herself along the Spanish and Portuguese coastline. Ever true to her motto "surf, see, sleep & eat", she combines three of her passions in this book: surfing, travelling and

discovering hidden gems. How about a heavenly holiday mansion where there's a tree growing through the roof? Or an architectural public swimming pool that's hidden between rocks and the sea? She searched and found camper spots so quiet she could stay there for days without seeing another soul. Secret beaches that aren't indicated on the map where one can sit back and watch the waves. Veerle Helsen dismisses the classic tourist image of Spain and Portugal and writes about a completely different world: untouched, fierce and free, with little beach bars serving the very fish they caught earlier that day, and roads wrapping themselves around cliffs and dunes, sheltered by pine trees and maintaining the view of sandcastles on the beach. While she drove, her drone was beside her on the passenger seat and her surf board was on the roof. This guide transcends the cliches and avoids the classic tourist traps. 'Sea' you soon! AUTHOR: Die-hard surfer, Veerle Helsen, works as an interior design and architecture journalist. She travelled along the coastline of Spain and Portugal to write this surfing guide. SELLING POINTS: * Discover surf spots, as well as authentic beach restaurants, hidden hotels, architectural gems, secret camper sites and the most idyllic road and surf trips * Drone footage of the surf coasts of Spain and Portugal like you've never seen before * Surprising combination of surfing, campers and authentic places-to-be * A must-read for anyone who loves the sea and the waves 200 colour, 40 b/w illustrations

Surfing South Africa is a simple, down-to-earth exploration of the country's top surfing destinations, from the most popular spots which feature widely on the local, national - and international - surfing event calendar to those secret hideaways that surfers like to keep to themselves Well written with wit and a refreshing subjectivity by Daniel Beatty and Craig Jarvis - insiders in every sense, of the surfing world - this fascinating account examines not only the waves that are to be caught off South Africa's beaches, but what lies beyond and beneath: which beach offers the world's best ice cream, which is South Africa's most sought-after wave, and even how geological phenomena affect the impact of waves on southern Africa's shoreline. Funny, irreverent and forthright, this is a must-have guide to the beaches and shores of the continent's most popular surfing playground.
