## **Robot - Wikipedia**

“A serious work of candid reflection by a singular figure of early-twenty-first-century America . . . Becoming is refined and forthright, gracefully written and at times laugh-out-loud funny.”—Isabel Wilkerson, The New York Times Book Review “Becoming is inspirational without trying to be.From the first words, the very warmth that permeates its author emanates from the pages. . . .

A robot is a machine—especially one programmable by a computer— capable of carrying out a complex series of actions automatically. Robots can be guided by an external control device or the control may be embedded within. Robots may be constructed on the lines of human form, but most robots are machines designed to perform a task with no regard to their aesthetics.
