The Dictionary of Demons

Many Christians believe we are living in both the most exciting and also the most precarious worldwide state of affairs in all of history as God is moving to bring the ages to a close. Therefore it is imperative and even critical for God's people to place themselves in a position to hear what He is speaking and directing us to do in these times. From the beginning of time, dreams have been a major way that God speaks to His people, therefore it is important for us to understand the messages in the dreams that He gives us. Because dreams and visions are filled with symbolic language it is essential to properly interpret what the symbols mean, if we are to understand the

message God is communicating to us through our dreams. There are many excellent Christian teachings on dream interpretation, and rather than bring forth material that is already available, my desire instead is to place in your hands over 2400 symbols, with most of them having a multitude of meanings; to assist and train you in unlocking the mysteries of not only your dreams, but also the dreams of others. Since it is God's voice alone we want to hear and understand, we have no interest in knowing how the world that is out of touch with God interprets dream symbols. Every interpretation must be God derived; otherwise we will not be receiving the truth of what He desires us to know. For that reason, the overwhelming majority of the symbol meanings found in this book are derived from the Bible; with the remainder sourced from tested Christian dream courses, teachers, and from interpreting the dreams of Christians. God desires you to know what He is speaking to you, so be encouraged that with the help of this book, you will be able to unlock the meanings and messages of your dreams.

The Book of Dream Symbols

Our dreams provide a myriad of mysterious and confusing images—some from our personal experiences and some from the depths of the human archetype—but what do they mean, and how can we use them in everyday life? *Morpheus Speaks* is a compendium of more than five thousand dream images pulled from the dreams of more than three thousand dreamers. Ideas on how to remember dreams, interpret them, and apply them to daily life are provided. Because some dreams seem to advocate for deeper levels of understanding, there are insight sections, a separate section on nightmares, and a section on images that all humans share, regardless of experience. However, we must be careful as we tread the hidden forests of our dreams. They are the unprotected essence of who and what we are. They are the messengers of our souls and our deeper selves. The outer masks that we present to the world—and even the masks we wear to avoid looking too deeply at ourselves—are stripped away during sleep, allowing us to see our most beautiful faces and darkest shadows. Dreams reveal truths about our emotional state of mind, physical and psychological health, and sense of the spiritual. They are our connection to everything, one another, and God. Discover your deepest truths in this definitive guide to dreams, their meanings, and their practical applications in life.
