In a life that saw him evolve from a staunchly religious Hindu to an ecumenical master of Buddhist insight meditation, Satyan?r?ya? (S. N.) Goenka (1924-2013) emerged as a leader in the spread of lay mindfulness and insight meditation practice on a global scale. A second-generation Burmese of Indian origin, Goenka was a successful businessman before turning to Buddhist meditation for help with crippling migraines. Becoming first a close student and then assistant teacher under the innovative Burmese lay Buddhist teacher U Ba Khin, Goenka eventually felt the pull of karmic destiny to teach meditation in India and thereby repay the ancient debt that Burmese Buddhists owed to the original Indian Buddhist tradition. In the 1970s, as he became an integral part of the Indian Buddhist spiritual landscape, thousands of young people from the United States and Europe flocked to India to explore its spiritual possibilities. Out of this remarkable convergence was launched a global network of practitioners and meditation centers that would become Goenka's legacy. Drawing heavily on Goenka's own autobiographical writings and Dharma talks, Daniel Stuart draws the first comprehensive portrait of the

master's life and demonstrates that Goenka's influences, teaching, and legacy are much more complex than has been commonly thought. Stuart incorporates a wide range of primary documents and newly translated material in Hindi and Burmese to offer readers an in-depth exploration of Goenka's teachings and his practice lineage in Burma. Stuart further details the trials and tribulations Goenka faced in building a movement in India in the 1970s, developing a global network of meditation centers, and negotiating a range of relationships with students and religious leaders worldwide. This fascinating addition to the Lives of the Masters series reflects on Goenka's role in the revival of Buddhism in postcolonial India and his emergence as one of the most influential meditation masters of the twentieth century.

NEW YORK TIMES BESTSELLER Now for the first time, Tiger Woods reflects on his record-setting win at the 1997 Masters -- both on and off the course. In 1997, Tiger Woods was already among the most-watched and closely examined athletes in history. But it wasn't until the Masters Tournament that his career would definitively change forever. Woods, then only 21, won the Masters by a historic 12 shots, which remains the widest margin of victory in the tournament's history, making it an iconic moment for him and sports. Now, 20 years later, Woods is ready to explore his history with the game, how it has changed over the years, and what it was like winning such an important event. With never-before-heard stories, this book provides keen insight from one of the game's all-time greats. Gary Player is one of golf's greatest champions. As one of the "Big Three" of golf's golden era (with Jack Nicklaus and Arnold Palmer), he helped launch golf as a major international sport. He sits fourth on the list of most major victories on the PGA Tour and built a reputation of being fearless on the course and steely on the greens. Don't Choke is his look at what it takes to achieve success when the pressure is on. Player explains how and why he became a champion and what it takes to win in big-time golf, but he also explains how learning to cope in pressure situations can help anyone. He will review the most pressure-packed situations in his eighteen major victories and how he managed to succeed when things were most tense. But this book is not all about golf. Player has had a long successful career in business since his playing days—designing golf courses, marketing golf equipment and sportswear, and more. If you want to do better in a boardroom or in your next job interview, Player's advice will help. This personal glimpse into the mind of a champion offers lessons to everyone who has to face pressure—and today that is all of us. Remarkable Golf Courses encompasses the extremes of the sport - from the highest golf course in La Paz, Bolivia, to the lowest, in Death Valley, USA; from the most northerly in the Arctic Circle to the most southerly in Tierra del Fuego. The many quirks of the golfing world are covered, such as the 18th green the other side of the River Lea which is serviced by an electric ferry, or the LA golf course that has its own funicular railway, or the floating golf hole in Idaho, where it's not just the pin position that's changed every day, it's the distance from the shore! Golf courses that feature neolithic standing stones (Scotland), Roman roads (England), and ruined medieval castles (Wales) take their place alongside the old temples of Delhi or a UNESCO World Heritage bridge that is used to link the 9th and 10th at Angkor Wat. There are the beloved classic courses of St. Andrews, Carnoustie, Royal St. George and Westward Ho!. There are spectacular golf courses hewn out of the Nevada and Arizona desert, green oases

in a cactus-strewn, rocky landscape, along with Hawaiian courses fringed by barren black lava flows. But nothing can beat the thrill in Guatemala of lining up your drive on an active volcano at the Fuego Maya course. In comparison there are the traditional wind-blown Scottish links, such as the Machrie Hotel on the island of Islay which has the most blind greens on any course, or the remote Isle of Barra where greens are only accessible via a kissing gate. Fancy swapping countries mid-round? You can at the Llanmymynech club in Wales. At the fourth hole golfers tee off in Wales and putt out on the green in England. The caddies of the Augusta National Golf Club are some of the game's most colorful characters. Their stories are intertwined with one of the world's most respected private clubs, its elite membership, and golf's greatest champions. The caddies witnessed every great moment, both private and public, at Augusta National, from Gene Sarazen's "shot heard 'round the world" to Nicklaus's winning a record six Masters. Then in 1983, things changed forever when "Tour caddies" were allowed at the Masters for the first time. Memories of a better day live on as Ward Clayton documents a history as compelling as the game itself. Men on the Bag delivers a story never-before-told with passion and candor.

### **Don't Choke**

Long before any of the players actually hit a golf ball, the 1975 Masters Tournament was destined for the record books when Lee Elder became the first African-American ever invited to the exclusive Augusta club's tourney. He was among the veritable Hall of Fame-list of competitors that week: Arnold Palmer,

Tom Watson, Gary Player, Lee Trevino, Hale Irwin, Billy Casper, and Sam Snead. But Elder, rattled by the media attention, missed the cut. By the weekend, this would be overshadowed, however, by a showdown of the game's three heavyweights: Jack Nicklaus, Johnny Miller, and Tom Weiskopf. Their back-and-forth battle would rivet the golfing world and dramatically culminate in one of the greatest finishes in Masters' history. Gil Capps, a twenty-two-year veteran of the golf industry with NBC Sports and the Golf Channel, recaptures, hole-by-hole, the thrilling drama of this singular event from golf's golden era, from the media-crazed build-up to the tournament's final dramatic putt that would change the game of golf forever.

#### **Making the Masters**

When Mohamed Noorani writes, he uses the nom de plume of Sandy Parr. Sandy Parr writes mostly on golf. He loves golf, but he is not the typical, ardent, or fanatic golfer who habitually watches the World Golf Ranking. Instead, Sandy spends his time writhing and agonising just to understand why the incorrigible weekend golfers (including him) find it so hard to shave off their handicap. He never pretends that he has the answer, or is even near to it. Nonetheless, he knows from observation that the touring pros are way ahead of the weekend golf nuts, simply because of their prowess in reaching the greens in regulation, their superiority in the delicate chipping and pitching shots, and their confidence in putting. In other words, the pros are superior in everything. This book is a compilation of what Sandy Parr had noted about golf as seen from the eyes of a weekend golfer. Sandy would advise that the easiest shots to shave off your score are found in the short game. Chipping, pitching, and putting dont require tremendous swing speed or physical ability. Plus, they can be practiced in your backyard or living room. Having a reliable tee shot that land in the fairway is important as well. Finding the short grass off the tee is much more important than distance, especially for high handicappers.

### **Engineering Review**

“Fascinating[Bamberger] knows the world of professional golf, and the pressures it exacts, like few others.” –The Wall Street Journal It’s one of the greatest comebacks of all time. And for Tiger Woods—his game, his body, and his life in shambles—getting back to the winner’s circle was only half the story. Here’s the rest of it. Tiger Woods’s long descent into a personal and professional hell reached bottom in the early hours of Memorial Day in 2017. Woods’s DUI arrest that night came on the heels of a desperate spinal surgery, just weeks after he told close friends he might never play tournament golf again. His mug shot and alarming arrest video were painful to look at and, for Woods, a deep humiliation. The former paragon of discipline now found himself hopelessly lost and out of control, exposed for all the world to see. That episode could have marked the beginning of Tiger’s end. It proved to be the opposite. Instead of sinking beneath the public disgrace of drug abuse and the private despair of a battered and ailing body, Woods embarked on the long road to redeeming himself. In *The Second Life of Tiger Woods*, Michael Bamberger, who has covered Woods since the golfer was an amateur, draws upon his deep network of sources inside locker rooms, caddie yards, clubhouses, fitness trailers, and back offices to tell the true and inspiring story of the legend’s return. Packed with new information and graced by insight, Bamberger’s story reveals how this iconic athlete clawed his way back to the top. Here you’ll meet the people who have shaped and saved Tiger’s life. It’s a disparate group: a Florida police officer, an old friend from Tiger’s boyhood, his girlfriend, his manager, his caddie. You’ll go inside the ropes and see Tiger’s interactions with fellow pros, with broadcasters and rules officials and Tour executives, with legends young (Rory McIlroy) and old (Jack Nicklaus) and in between (Fred Couples). On the Sunday before Masters Sunday, you’ll join Tiger as he takes a long, slow, contemplative walk across Augusta National, and you’ll be with him again seven days later in the splendid isolation of the tee at thirteen, in the rain, his right foot slipping while he swings his driver at 120 miles per hour. This is an intimate portrait of a man who has spent his life in front of the camera but has done his best to make sure he was never really known. Here is Tiger, barefoot, in handcuffs, showing a police officer a witty and self-deprecating side of himself that the public never sees. Here is Tiger on the verge of tears with his children at the British Open. Here is Tiger trying to express his gratitude to

his mother at a ceremony at the Rose Garden. In these pages, Tiger is funny, cold, generous, self-absorbed, inspiring—and real. The Second Life of Tiger Woods is not only the saga of an exceptional man but also a celebration of second chances. Bamberger's bracingly honest book is about what Tiger Woods did, and about what any of us can do, when we face our demons head-on.

Great architectural essays on golf, including the best material ever written on golf courses, old and new, by the greats of the game -- MacKenzie, Crenshaw, Dye, Doak, and Tillinghast. Masters of the Links is a superb collection that should rest on every golfer's nightstand.

### **Seven Days in Augusta**

The incredible true story of Tiger Woods's dramatic comeback following his humbling and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as "the greatest closer in history" before he fell further than any beloved athlete in America's memory, Tiger swung at the world's wildest expectations and beat the skeptics with his April 2019 Masters championship. Roaring Back traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times–bestselling author Curt Sampson details the highs and lows of Woods's career in three gripping acts. From his startling loss at the 2009 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron...to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report . . . finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods's defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Siltan, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the perseverance of the winner in the mirror. "Sampson admirably details all the highs and lows." –Jim Nantz, CBS Sports

THE GREATEST GAME EVER PLAYED is the story of Francis Ouimet and Harry Vardon, who in pursuit of their passion for a game that captivated them as children, broke down rigid social barriers that made their sport accessible to everyone on both sides of the Atlantic and beyond, positioning golf as one of the most widely played games in the world. Ouimet and Vardon were two men from different generations and vastly different corners of the world whose lives, unbeknownst to them at the time, bore remarkable similarities, setting them on parallel paths that led with a kind of fated inevitability to their epic battle at Brookline years in the future. This collision resulted in the big bang' that gave rise to the sport of golf as we know it today. For Mark Frost, Francis Ouimet and Harry Vardon represent everything that's right about sports in general and sportsmen in particular; gentlemen, champions, teachers, leaders, and each in their own quiet way, heroes. In THE GREATEST GAME EVER PLAYED, Frost attempts to create penetrating studies of both of these men, along with over dozens of the game's seminal figures, within the dramatic framework offered by the tournament when they finally met, one of the most thrilling sports events in history, the 1913 U.S. Open.

the ground in 1934, and how it fully established itself in 1935. The key figure in the tournament's creation and success was Bobby Jones, who was a living legend after winning the Grand Slam in 1930 and immediately retiring at the age of twenty-eight. He went on to found Augusta National and sought a high-profile tournament for his new course. But nearly as important was Clifford Roberts, a banker friend of Jones who not only embraced Jones's vision but became his right-hand man in working to bring that vision to reality. Barrett explores how Jones and Roberts built the Masters from scratch, creating a golf institution embellished by the often surprising details of what that entailed as they were trying to establish a golf club and golf tournament in tough economic times. It also vividly chronicles the events of the 1934 and 1935 Masters, with Gene Sarazen's spectacular victory in 1935 providing the climax. Set against the backdrop of golf, and America, in the 1930s, the book provides an informative and entertaining read for fans of the Masters and students of golf history.
