A blazingly funny, heartfelt memoir from the daughter of the larger-than-life woman who ran Sticky Fingers Brownies, an underground bakery that distributed thousands of marijuana brownies per month and helped provide medical marijuana to AIDS patients in San Francisco--for fans of Armistead Maupin and Patricia Lockwood During the '70s in San Francisco, Alia's mother ran the underground Sticky Fingers Brownies, delivering upwards of 10,000 illegal marijuana edibles per month throughout the circus-like atmosphere of a city in the throes of major change. She exchanged psychic readings with Alia's future father, and thereafter had a partner in business and life. Decades before cannabusiness went mainstream, when marijuana was as illicit as heroin, they ingeniously hid themselves in plain sight, parading through town--and through the scenes and upheavals of the day, from Gay Liberation to the tragedy of the Peoples Temple--in bright and elaborate outfits, the goods wrapped in hand-designed packaging and tucked into Alia's stroller. But the stars were not aligned forever and, after leaving the city and a shoulda-seen-it-coming divorce, Alia and her mom returned to San Francisco in the mid-80s, this time using Sticky Fingers' distribution channels to provide medical marijuana to friends and former customers now suffering the depredations of AIDS. Exhilarating, laugh-out-loud funny, and heartbreaking, Home Baked celebrates an eccentric and remarkable extended family, taking us through love, loss, and finding home.

A revolutionary and hopeful look at depression as a silent epidemic in men that manifests as workaholism, alcoholism, rage, difficulty with intimacy, and abusive behavior by the cofounder of Harvard's Gender Research Project. Twenty years of experience treating men and their families has convinced psychotherapist Terrence Real that depression is a silent epidemic in men—that men hide their condition from family, friends, and themselves to avoid the stigma of depression's "un-manliness." Problems that we think of as typically male—difficulty with intimacy, workaholism, alcoholism, abusive behavior, and rage—are really attempts to escape depression. And these escape attempts only hurt the people men love and pass their condition on to their children. This groundbreaking book is the "pathway out of darkness" that these men and their families seek. Real reveals how men can unearth their pain, heal themselves, restore relationships, and break the legacy of abuse. He mixes penetrating analysis with compelling tales of his patients and even his own experiences with depression as the son of a violent, depressed father and the father of two young sons.

This winner of the 2019 Man Booker International Prize and national bestseller is “an innovative reimagining of the family saga . . . Celestial Bodies is itself a treasure house: an intricately calibrated chaos of familial orbits and conjunctions, of the gravitational pull of secrets" (The New York Times Book Review). In the village of al-Awafi in Oman, we encounter three sisters: Mayya, who marries after a heartbreak; Asma, who marries from a sense of duty; and Khawla, who chooses to refuse all offers and await a reunion with the man she loves, who has emigrated to Canada. These three women and their families, their losses and loves, unspool beautifully against a backdrop of a rapidly changing Oman, a country evolving from a traditional, slave-owning society into its complex present. Through the sisters, we glimpse a society in all its degrees, from the very poorest of the local slave families to those making money through the advent of new wealth. The first novel originally written in Arabic to ever win the Man Booker International Prize, and the first book by a female Omani author to be translated into English, Celestial Bodies marks the arrival in the United States of a major international writer.

## **The Rules(TM) for Marriage**

Written with charm and wit, *No Cheating, No Dying* investigates one of the most universal human institutions—marriage. Elizabeth Weil and her husband Dan have two basic ground rules for their marriage: no cheating, no dying. For ten years it's worked fine, but Elizabeth started to wonder if it could be better. Elizabeth Weil believes that you don't get married in a white dress, in front of all your future in-laws and ex-boyfriends but gradually, over time, through all the road rage incidents and pre-colonoscopy enemas, good and bad dinners, and all the small moments you never expected to happen or much less endure. In this book, Weil examines the major universal marriage issues—sex, money, mental health, in-laws, children—through bravely recounting her own hilarious, messy, and sometimes difficult relationship. She seeks out the advice of financial planners, psychoanalysts, therapists, household management consultants, priests, rabbis, and the United States government. Woven into this funny and forthright narrative is Weil's extensive research on marriage and marriage improvement. The result is an illuminating and entertaining read that is a fresh addition to the body of literature about marriage.

Policy, Centre for Social Justice You're in a relationship. Maybe you've been together for a while or you are just starting out. Maybe you're living together or just thinking about it. It seems great. But you want to be sure. With the decline of marriage, the relationship game has changed. Yet we're still not very sure about how to play it. Moving in together early on has become the new social norm, but it's not risk-free. The nature of cohabitation itself can encourage ambiguity and drift in a promising relationship and make it hard to end an unpromising one. Accepting that cohabitation is here to stay, Harry Benson offers a roadmap to navigate the ups-and-downs of modern relationships. Drawing on the latest research on relationships and commitment, he introduces the Two-Year Rule and other Rules for Romance that will help couples make the right choices, find the reliable love they seek, and, ultimately, to "commit or quit".
