Whether expressed in theological or secular terms, evil poses a problem about the world's intelligibility. It confronts philosophy with fundamental questions: Can there be meaning in a world where innocents suffer? Can belief in divine power or human progress survive a cataloging of evil? Is evil profound or banal? Neiman argues that these questions impelled modern philosophy. Traditional philosophers from Leibniz to Hegel sought to defend the Creator of a world containing evil. Inevitably, their efforts--combined with those of more literary figures like Pope, Voltaire, and the Marquis de Sade--eroded belief in God's benevolence, power, and relevance, until Nietzsche claimed He had been murdered. They also yielded the distinction between natural and moral evil that we now take for granted. Neiman turns to consider philosophy's response to the Holocaust as a final moral evil, concluding that two basic stances run through modern thought. One, from Rousseau to Arendt, insists that morality demands we make evil intelligible. The other, from Voltaire to Adorno, insists that morality demands that we don't.

### God Is Not Great

The Rising begins a new Left Behind series that will give you a glimpse into the lives of your favorite characters before the Rapture. Have you ever wondered what life was like before the Rapture for Rayford, Irene, and Chloe Steele, Bruce Barnes, Buck Williams, and Tsion Ben Judah? Plus, see why Viv Ivins plays such a pivotal role in Nicolae Carpathia's life. What were the events surrounding Nicolae's sudden rise to power? How did he become filled with evil? You will find all these answers and more in this exciting new series! In The Rising, Marilena Carpathia has only one dream: to be a mother. So when a mysterious clairvoyant promises the fulfillment of this dream, Marilena does not hesitate. Through genetic engineering and the power of the prince of darkness himself, Marilena is about to become a chosen vessel, one who will unknowingly give birth to the greatest evil the world has ever known. Halfway around the world, God's plans are subtly being carried out too. Young Ray Steele is determined to avoid one day taking over the family business. Instead, Ray sets his heart on becoming a pilot. Soon Carpathia's and Steele's lives will intersect. And good and evil will clash in an explosion that will shake the world. The eternal battle for souls has come to earth. The world hurtles toward the

countdown to the Rapture.

## **An Historical and Moral View of the Origin and Progress of the French Revolution**

In this sequel to *Nephilim* and *The Unholy Deception*, events in the Middle East seem to be culminating in the fulfillment of ancient prophecies found in an unpublished Dead Sea Scroll that tells of a manifestation of hundreds of UFO's over the old city of Jerusalem and the revealing of the Antichrist. Book Three in the *Nephilim* Series.

## **The New Spirit-Controlled Woman**

“Page-turning . . . Set against the political and religious turmoil of the times, the Thoenes’ story vividly reimagines the evolving friendship between Jesus and Lazarus.” —Publishers Weekly *LAZARUS*—the man Jesus raised from the dead in one of the most extraordinary encounters with The Living Savior in all of Scripture. But the life of Lazarus holds interest well beyond this miraculous event. Living in Bethany, near Jerusalem, Lazarus witnessed many of the most important events of Jesus’s life and ministry. Lazarus owned a vineyard and devoted his life to caring for its vines and fruit. But he encountered another man—Jesus—whose vineyard was the world, its fruit the eternal souls of men. When Lazarus’s story and the story of Jesus’s crucifixion and resurrection touch in *When Jesus Wept*, we are offered a unique vision into the power and comfort of Christ’s love. Brock and Bodie Thoenes’s most powerful and climactic writing project to date, *When Jesus Wept*, captures the power and the passion of the men and women who lived through the most important days in the history of the world.

## **What Technology Wants**

*Romancing Death* sheds the light of God on the popularity of vampirism in today’s pop culture. This fascinating exposé of the dark realities behind romanticizing the occult in our current culture reveals the naked truth about how the church has not addressed the needs of people young and old who fill the holes in their souls and spirits with evil rather than good. Weaving his personal history—including involvement in Wicca, Freemasonry, and vampirism—the author lays out the literary and cultural history of vampirism and closely analyzes the romanticized presentation of the occult in the *Twilight* saga. *Romancing Death* is a clarion call for the Church to take responsibility to be true salt and light in the world.

## **Books Out Loud**

Will unbelievers and half-hearted churchgoers have 7 more years to make up their minds about Christ after He raptures the Church? LEFT BEHIND gives them all a 'second chance.' But is that what Jesus taught? His parables of the talents, the wise and foolish virgins, the wheat and the tares, and the faithful and evil servant all show him returning unexpectedly with both rewards and punishments in his hands. Neither the parables nor the plain words of Christ teach a second chance for those surprised by his coming. But LEFT BEHIND does. Few Christians realize LEFT BEHIND tosses aside the teachings of Luther, Calvin, Tyndale, Wesley, Wycliffe and Spurgeon. Read dozens of quotes from these and other respected sources that show LEFT BEHIND strays far from the truths Bible readers have understood for centuries. Author of JEHOVAH'S WITNESSES ANSWERED VERSE BY VERSE and MORMONS ANSWERED VERSE BY VERSE (Baker Book House), David A. Reed is known worldwide as an expert in refuting false prophecy.

## **Bad News**

Bob King is a self-made billionaire who parlayed a rusty backhoe into the 27th spot on Forbes list. Now, his corporation is a multi-billion dollar construction company that instills greed and competition among friends, including his son Scott and his two best friends, Thane and Ben. But instead of handing over the company's crown, Bob reveals a massive public offering that will make him CEO for life. Thane's wife, Jessica, is furious and goads him into a conspiracy to kill Bob. When the board of directors makes Thane CEO, Ben investigates the truth and Thane realizes that he can only be safe if his old friend is also dead.

## **Evil in Modern Thought**

Christopher Hitchens, described in the London Observer as “one of the most prolific, as well as brilliant, journalists of our time” takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell’s *Why I Am Not a Christian* and Sam Harris’s recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope’s awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix. From the Hardcover edition.

## **The Women of Faith Daily Devotional**

The authors discuss signs of end time events according to biblical prophecy and provide twenty reasons why they believe the current generation will witness the end times.

## **Left Behind Answered Verse by Verse**

In this the final prequel to the blockbuster series, the story features the Rapture three-quarters of the way through the book and then follows characters such as Irene and Raymie (and others) up to heaven, where they are able to see events in the Tribulation from heaven's perspective. The story alternates between events on earth immediately after the Rapture (covering lots of things the authors wished they could have covered in the original volumes) and characters in heaven and how they view the chaotic events on earth.

## **Facing the Future**

“Nothing special” is the best way to describe Owen Reeder—at least that's what he's been told all his life. When a stranger visits his father's bookstore, Owen's ordinary life spirals out of control and right into a world he didn't even know existed. Owen believes the only gift he possesses is his ability to devour books, but he is about to be forced into a battle that will affect two worlds: his and the unknown world of the Lowlands. Perfect for readers ages 10 to 14 who enjoy a fast-paced story packed with action, fantasy, and humor.

## **Epidemics and Society**

In this important book, William J. Baumol, Robert E. Litan, and Carl J. Schramm contend that the answers to these questions lie within capitalist economies, though many observers make the mistake of believing that "capitalism" is of a single kind. Writing in an accessible style, the authors dispel that myth, documenting four different varieties of capitalism, some "Good" and some "Bad" for growth. The authors identify the conditions that characterize Good Capitalism--the right blend of entrepreneurial and established firms, which can vary among countries--as well as the features of Bad Capitalism. They examine how countries catching up to the United States can move faster toward the economic frontier, while laying out the need for the United States itself to stick to and reinforce the recipe for growth that has enabled it to be the leading economic force in the world. This pathbreaking book is a must read for anyone who cares about global growth and how to ensure America's economic future.

## **The Book Thief**

Equality 7-2521 finds himself out of step with the collectivist society of the future, and discovers a means to freedom in Ayn Rand's fable of the individual in conflict with society. First published in 1938, *Anthem* takes place in a dystopian future world in which humanity is enduring a new dark age, human life is regimented in every respect and personal identity has been all but snuffed out by a totalitarian government. The narrator, writing his story in secret, realizes he is a criminal simply for having thoughts of his own. Exploring the ruins of a previous civilization he discovers relics, conducts forbidden experiments and learns enough to question the very structure of his society. Can he share this knowledge with his fellow citizens? The author strips the relationship of humanity to civilization down to its bare essence in this modern parable that starkly illuminates the challenge an oppressive government presents to individuality. With an eye-catching new cover, and professionally typeset manuscript, this edition of *Anthem* is both modern and readable.

## **The Rapture**

Dynamic Romanian multimillionaire Nicolae Carpathia's sphere of influence steadily grows as he parlays his looks, charm, charisma, and intellectual brilliance into success in business and politics. But is it mere coincidence that those who oppose or offend him suffer to the point of death? Meanwhile, a young Buck Williams begins his journalistic career. Pilot Rayford Steele gains more responsibility at

work and at home. Scientist Chaim Rosenzweig begins work on a secret formula that could change the world. All three go about their daily lives, unaware of each other or of the powerful young man from Romania. Around the world, the stage is being set for the cataclysmic event that will change the world forever.

## Shatter Me

The author of the acclaimed *Stringer: A Reporter's Journey in the Congo* now moves on to Rwanda for a gripping look at a country caught still in political and social unrest, years after the genocide that shocked the world. *Bad News* is the story of Anjan Sundaram's time running a journalist's training program out of Kigali, the capital city of one of Africa's most densely populated countries, Rwanda. President Kagame's regime, which seized power after the genocide that ravaged its population in 1994, is often held up as a beacon for progress and modernity in Central Africa and is the recipient of billions of dollars each year in aid from Western governments and international organizations. Lurking underneath this shining vision of a modern, orderly state, however, is the powerful climate of fear springing from the government's brutal treatment of any voice of dissent. "You can't look and write," a policeman ominously tells Sundaram, as he takes notes at a political rally. In Rwanda, the testimony of the individual—the evidence of one's own experience—is crushed by the *pensée unique*: the single way of thinking and speaking, proscribed by those in power. A vivid portrait of a country at an extraordinary and dangerous place in its history, *Bad News* is a brilliant and urgent parable on freedom of expression, and what happens when that power is seized.

## **The Old Regime and the Revolution**

Profiles technology as an evolving international system with predictable trends, counseling readers on how to prepare themselves and future generations by anticipating and steering their choices toward developing needs.

## **The Regime**

Victor Burgin has made contributions as an artist and cultural theorist for more than three decades. His writings on general issues such as photographic, psychoanalytic and cultural theory are noted for their lucidity, compactness and reason. In contrast, the photographs and videos that Burgin creates as an image-maker are paradoxical and constitute an inquiry into the structure of meaning in contemporary society.

## **The Rising**

This groundbreaking international bestseller lays to rest many myths about the Holocaust: that Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. Hitler's Willing Executioners provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans. Goldhagen reconstructs the climate of "eliminationist anti-Semitism" that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals, tortured them wantonly, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen shows how ordinary Germans, nurtured in a society where Jews were seen as unalterable evil and dangerous, willingly followed their beliefs to their logical conclusion. "Hitler's Willing Executioner's is an original, indeed brilliant contribution to the literature on the Holocaust."--New York Review of Books "The most important book ever published about the Holocaust Eloquenty written, meticulously documented, impassioned A model of moral and scholarly integrity."--Philadelphia Inquirer

## **Cassette Books**

A wide-ranging study that illuminates the connection between epidemic diseases and societal change, from the Black Death to Ebola This sweeping exploration of the impact of epidemic diseases looks at how mass infectious outbreaks have shaped society, from the Black Death to today. In a clear and accessible style, Frank M. Snowden reveals the ways that diseases have not only influenced medical science and public health, but also transformed the arts, religion, intellectual history, and warfare. A multidisciplinary and comparative investigation of the medical and social history of the major epidemics, this volume touches on themes such as the evolution of medical therapy, plague literature, poverty, the environment, and mass hysteria. In addition to providing historical perspective on diseases such as smallpox, cholera, and tuberculosis, Snowden examines the fallout from recent epidemics such as HIV/AIDS, SARS, and Ebola and the question of the world's preparedness for the next generation of diseases.
