New Outlook

Good Morning, Africa is a compendium of series of poetry collection on the African dream, Sierra Leone experience, the power of regeneration, and love and life in general. Africa in recent time has experienced a series of wars that seriously threatened the corporate existence of most of its states and brought untold hardship on its people. these wars were quite devastating and gravely debased human dignity and beyond those brutally murdered; others live with the scars of these wars. The Sierra Leone experience is very green in our memories, the beauty of the country, the war and its consequences. Good Morning, Africa further elucidates the general African inclination with a cursory look at political events in Nigeria and its socioeconomic consequences on the country and its people. The Bakassi Peninsula experience was expressed. Good Morning, Africa is a must read for every vibrant and adventurous mind. It is an expression of Africa by an African in pursuit of an African dream italicized in poetry. Similarly, a peep into the various wars within the West African region in which we participated under ECOMOG brings home the feelings of African upset. These are aptly captured poetically in the wake-up call on Africa.

Love Your Children is a book co-authored with my wife Professor Dr. Rajkumari George on parenting. It is the product of our insights and fascinating experience about child and child care, and incorporates our views and thoughts as parents about children. The children are the most precious human asset, and the future of humanity depends on the 26 percent vibrant child population. They belong to the most vulnerable sections of the society and warrant special care and attention of the global community. This book honestly encapsulates the authors' reflections and convictions on responsible parenting. Holistic parenting is a challenging human project and encompasses the family and the community besides sensitization of the perennial issues related to child rights, child abuses, and child deviances. The book also contains many valuable suggestions and tips to parents and aspiring parents. It does not however provide any tailor-made criteria for raising children. There is only one golden rule of child-raising and child care. 'Parents, LOVE YOUR CHILDREN. They will perform miracles if you love them'.

Littell's Living Age

Sixteen years after René Descartes' death in Stockholm in 1650, a pious French ambassador exhumed the remains of the controversial philosopher to transport them back to Paris. Thus began a 350-year saga that saw Descartes' bones traverse a continent, passing between kings, philosophers, poets, and painters. But as Russell Shorto shows in this deeply engaging book, Descartes' bones also played a role in some of the most momentous episodes in history, which are also part of the philosopher's metaphorical remains: the birth of science, the rise of democracy, and the earliest debates between reason and faith. Descartes' Bones is a flesh-and-blood story about the battle between religion and rationalism that rages to this day. A New York Times Notable Book

Fellows in Arms: A 21st Century Teaching Saga

Fraser's Magazine

The Saga of a Supercargo

This story begins as war stories often do: as a call to arms. In the wake of 9/11, Aaron Roston joined the New York City Teaching Fellows program, created to parachute elite career-changers into the schools euphemistically known as hard-to-staff. Thousands answered the call; few were chosen. 25 members of Roston's class began their service in 2002; by the summer of 2005, only 7 remained in the system. FELLOWS IN ARMS is the view from the sharp end of educational reform, and dramatizes what the term teacher accountability really means. The story of idealistic teachers in urban school settings has become cliché. But FELLOWS IN ARMS is different: It uses memoir, history and reportage to create a narrative that finds humor and drama in equal measure. No dry policy book, this is the maddening, sometimes tragic, often comic saga of what ensued when the school bell sounded.

The Rama Saga

The Fulton County Farm Bureau News

Shri Rama permeates the Indian psyche and ethos. Not only has his life inspired a large number of literary works in many Indian and Asian languages but also even the illiterate Indian knows couplets from the Ramacharitmanas. However, the primary source of the Rama saga is Valmiki's Ramayana in Sanskrit, which is the basis of this well researched fictional portrayal of this Great Soul. Rama is the epitome of traditional values and propriety, hence, the epithet maryada purushottama, an excellent man of propriety. The novel covers all important events of his life and presents them in a lively readable manner. What is special is the human treatment of the god. A rewarding work of fiction, delightful and instructive. The appendices clarify some of the controversial issues in the Rama saga. The book will ennoble and at places move the reader to tears. This book is the English translation of much-acclaimed Hindi novel Ramagatha which has been translated into other Indian languages also.

Good Morning Africa

My Maliceless Memoirs is a collection and compilation of my scattered reflections on personal life and experiences. It covers the events and incidents of my life till 1972 the year in which I discarded the life of a postulant. This book contains my personal thoughts and views on vocation, pastoral life, seminary formation, sacramental life, socio-religious indoctrination, academic orientation and so on. The book highlights the Malabar migration scenario in the fifties and sixties. It depicts the miseries and financial problems faced by the migrant population and the saga of their struggle for survival. Thus the book is the record of my intimate experiences and exposures. They are expressed with credibility and sincerity without any exaggeration and covers my views rather than news of my personal life. The second part of the book will come out in near future under the title "The Saga of My Sojourn". It will be the comprehensive exposition of my life and activities from 1973. It will obviously cover my family life, professional life, socio-religious life and so on for about four decades.
