The Adirondacks

Panther Gorge explores the history one of the most remote regions in New York's Adirondack High Peak region. Two thousand feet deep and riddled with sheer cliffs, the chasm lies between Mts. Marcy and Haystack, the state's first and third highest points. A surprisingly rich history begins on a pathless landscape and includes visits by the earliest Adirondack pioneers including surveyor Verplanck Colvin, guides O.S. Phelps and Jim Goodwin, author Alfred B. Street, and a host of others. Panther Gorge also documents the author's explorations into the region during the period from 2009-2018 to pioneer new rock and ice climbs. Detailed narratives, over 170 color photographs, maps, and route plates allow the reader to vicariously experience one of the most mysterious places in the Adirondack high country.

The Trails of the Adirondacks

KIDS ON THE TRAIL! describes sixty-two of the best hikes & walks with children in New York State's 6-million-acre Adirondack Park. The book provides anecdotes, planning information, & numerous practical tips for addressing the needs of children of different ages as they & their adult companions take to the trails. Each trail description notes how to get to the trailhead, the roundtrip distance, & where

Read Free The Trails Of The Adirondacks Hiking Americas Original Wilderness Welcome Books

pertinent, the ascent involved. The authors include discussion of safety issues, trail etiquette, & special cautions & regulations. As educators & parents, the authors have lots of experience with how children learn & what they derive from hiking & being outdoors. As frequent hikers & residents of a community near the northern border of the Park, they are well-suited to share the special considerations & unique character of the Adirondacks. They have tailored their information to the needs of adults new to the pleasures & challenges of hiking with children & to more experienced outings enthusiasts who wish to hike with youngsters in the Adirondack Park. Includes a checklist for what to bring, page maps, & photographs. Guide to Adirondack Trails

A beautiful tribute to one of America's natural treasures offers panoramic photographs of the Adirondack Park's grand mountains, pristine woods, and picturesque waterways, each chapter covering a different corner, from Lake Placid and the High Peaks, to Saranac Lake, Lake George, and the Fulton Chain.

The 4000-Footers of the White Mountains

The Adirondacks have been an Indigenous homeland for millennia, and the presence of Native people in the region was obvious but not well documented by Europeans, who did not venture into the interior between the seventeenth and early nineteenth centuries. Yet, by the late nineteenth century, historians had scarcely any record of their long-lasting and vibrant existence in the area. With *Rural Indigenousness*, Otis shines a light on the rich history of Algonquian and Iroquoian people, offering the first comprehensive study of the relationship between Native Americans and the Adirondacks. While *Otis* focuses on the nineteenth century, she extends her analysis to periods before and after this era, revealing both the continuity and change that characterize the relationship over time. Otis argues that the landscape was much more than a mere hunting ground for Native residents; rather, it a "location of exchange," a space of interaction where the land was woven into the fabric of their lives as an essential source of refuge and survival. Drawing upon archival research, material culture, and oral histories, Otis examines the nature of Indigenous populations living in predominantly Euroamerican communities to identify the ways in which some maintained their distinct identity while also making selective adaptations exemplifying the concept of "survivance." In doing so, *Rural Indigenousness* develops a new conversation in the field of Native American studies that expands our understanding of urban and rural indigeneity.

Great Hiking Trails of the World

The Fifty Falls Challenge was created to help draw visitors away from the High Peaks Region to areas less-visited. While there are numerous waterfalls in the High Peaks Region, many are hard to get to. By good fortune, the majority of the more easily accessible waterfalls and cascades fall outside of the High Peaks. By creating the Fifty Falls Challenge, the hope is that it will help ease some of the strain

Read Free The Trails Of The Adirondacks Hiking Americas Original Wilderness Welcome Books

of overcrowding in the High Peaks; that it will allow hikers to discover other fun and exciting areas of the Adirondacks; and that participants, taking on the challenge, will visit local businesses and help out those economies.

Park's grand mountains, pristine woods, and picturesque waterways. Covering more ground than Yellowstone, Yosemite, and the Grand Canyon combined, the Adirondack Park is one of the great wilderness areas in this country. This volume presents an all-new selection of images, with a focus on how the seasons transform the landscape: the tree-covered mountains in autumnal glory, rivers hushed by winter snow, verdant meadows alive with spring, wildlife such as bears and moose, as well as historic resorts and villages. Each chapter covers a different corner of the park, from Lake Placid and the High Peaks to Saranac Lake, Lake George, and the Fulton Chain. To appreciate the wonders of the Adirondacks through the lens of one of the area's most accomplished photographers is like exploring them for the first time.

The Adirondacks

The Adirondack Heart

Ski and Snowshoe Trails in the Adirondacks

This book features the best day hikes and weekend backpacking trips in the mountain wilderness of northeastern New York State. From 360-degree mountaintop views to dramatic waterfalls and pristine ponds, it takes readers to 47 of the most scenic locations, some well-known and others off the beaten path.

The Other 54

With six million acres' worth of valleys, lakes, peaks, and passes, New York State's Adirondack Park is the biggest and best managed park in the Lower Forty-Eight. Simply put, it's a big place. Fittingly, the 235-mile Trans Adirondack Route is a big adventure designed for backpackers who love walks on the wild side. Created by a former Adirondack backcountry ranger, the Trans Adirondack Route is the newest Northeast Pathway, linking small towns, wilderness areas, scenic river valleys, and high summits to create a route that's as unique as the Adirondack Park itself. Includes: Easy-to-read trail descriptions for all 235 miles ; Lightweight backpacking how-to, sample gear lists ; Tours of Adirondack history, flora, and fauna

The Adirondacks

The Allure of Deep Woods

On Feb. 15, 2015, Kate Matrosova, an avid mountaineer, set off before sunrise for a traverse of the Northern Presidential Range in New Hampshire's White Mountains. Late the following day, rescuers carried her frozen body out of the mountains. What went wrong? Where You'll Find Me offers possible answers to that question.

50 Hikes in the Adirondack Mountains

A comprehensive guidebook for dog owners that includes seventy-seven great hikes from the Adirondacks through the Catskills. Much more than a guidebook showing readers great places to hike with their canine companions in upstate New York, Doghiker is a dog owner's operating manual and tool kit. A lifelong dog owner, Alan Via makes a strong case for responsible ownership and offers guidance on selecting a canine hiking companion, training, safety, appropriate gear, canine first aid, and keeping your dog fit and healthy. Covering the Adirondacks through the Catskills, and areas in between, this unique guidebook includes seventy-seven beautiful hikes that are great for dogs. Each hike has a custom topographic map showing parking areas, trails, viewpoints, water sources, and other points of interest. Included are a peak-finder map and chart showing every hike and a summary of rating categories, as well as information on total mileage, elevation gain, ratings for views, difficulty level, dog safety and hazards, hiker traffic, trail conditions, and whether a leash is suggested or required. Detailed driving directions for each outing, including GPS coordinates for key intersections and trailheads, are also provided. By presenting all of this information, drawn from Via's forty-plus years of hike leadership, readers can easily evaluate which hike fits their needs and get outside and explore the great outdoors with their four-legged friends.

Boreas Ponds

The unique geological history of the Adirondacks can be found in a pebble. So discovers humorist and outdoorsman Tim Rowland as he chronicles the evolution of hiking in the howling wilderness of the High Peaks. From nineteenth-century guides' "random scoots" to Melville Dewey's "Adirondaks Loj" to today's technologically enhanced weekenders, Rowland, who has climbed the forty-six himself, incorporates personal anecdotes and laugh-out-loud wit to capture the appeal and beauty of this beloved region, all the while reminding us of the importance of keeping these stunning mountains, and their attendant "neat rocks," "Forever Wild."

Color Remote

Adirondack Trails with Tales

An illustrated survey of the innovative, wood-and-stone camp buildings found deep in the woods of the Adirondack region examines in detail the magnificent country homes of the Vanderbilts, Morgans, and Whitneys

Hiking the Adirondacks

The Boreas Ponds Tract is a major new addition to the public lands in the Adirondack High Peaks. With dozens of miles of roads and trails to explore plus the stunning Boreas Ponds themselves, the Tract offers something for every interest and every season. Extensively researched and backed by on-the-ground surveys, this is the most complete and accurate guide book for the area. Detailed trail descriptions Complete topographic maps Campsite and lean-to locations Suggested hikes Elevation profiles GPS coordinates Driving directions and parking Area-specific safety tips Info on the Tract's future Historical information and much more Whether you're looking for an easy day hike or a multi-day wilderness adventure, this book provides everything you need to know both before you leave and when you're on the trail.

Panther Gorge

Doghiker

This classic guide to hiking in the Adirondacks has been extensively revised and updated and now includes five new hikes. 50 photos, 51 maps.

Great Camps of the Adirondacks

This is a collection of hikes and the histories of places of interest in northern NY. Focusing mainly on St. Lawrence, Franklin, Lewis and Herkimer counties, this book will offer some insight into these lost destinations and serve as a trail guide to get you there. The author, William C. Hill shares his knowledge of the area's local heritage and his passion for the outdoors.

High Peaks

Fire towers evoke images forever linked to Forest Preserve lands. Threatened with destruction, these historical towers are being preserved through the efforts of volunteer organizations throughout the Adirondack & Catskill parks. This guide describes 29 fire tower trails, how to get each, the condition of the tower & whether or not it's open to the public. Includes historical information & anecdotes, page maps & current & archival photos. To order contact: Adirondack Mountain Club, 814 Goggins Rd., Lake George, NY 12845 or call 800-395-8080.

Hiking the Trail to Yesterday - a Collection of Northern NY Trails and Their Histories

State Hiking Series Each guide includes: - Hikes suited to every ability - Accurate directions to popular as well as less-traveled trails - Up-to-date trail descriptions with mile-by-mile directional cues - Detailed trail maps and GPS coordinates - Difficulty ratings, average hiking times, and best hiking seasons for each hike - Trail Finder for best hikes with dogs, children, great views, or wildlife viewing - Information on fees and permits, contacts, events and attractions, restaurants and accommodations, canine compatibility, and more - Zero-impact and wilderness safety tips and techniques
*** This book features forty-two of the best day hikes and weekend backpacking trips in the mountain wilderness of northeastern New York State. From 360-degree mountaintop views to dramatic waterfalls and pristine ponds, it takes readers to the most scenic locations, some well-known and others off the beaten path.

Forests and Trees of the Adirondack High Peaks Region

This official book published with the Adirondack Mountain Club celebrates America's original hiking destination through breathtaking contemporary photography, maps, rarely seen archival photos, and a text that brings the history of the trails to life. The Adirondack Park is home to the largest protected natural area in the lower 48 states--six million acres including more than 10,000 lakes, 30,000 miles of rivers and streams, and thousands of miles of hiking trails running from mountain summits through a wide variety of habitats including wetlands and old-growth forests. How better to view this wilderness than afoot on the many trails, many leading to some of the most picturesque summits in North America. There are trails for everyone in the Adirondacks. Today, thousands enjoy hiking, skiing, and snowshoeing trails to backcountry destinations all around the park while others aspire to climb all 46 peaks. Water trails include the historic Fulton Chain of Lakes, Raquette River, and Saranac River routes, in addition to more intimate paddles across wild lakes and waters that meander through towering mountains and verdant forests. Every season has its own charm, all portrayed here in this one of a kind volume of history and photography along Adirondack trails. This is a book for anyone who enjoys travelling through the Adirondack backcountry and includes unique and picturesque destinations throughout the Adirondack Park in addition to a comprehensive history on hiking in the Adirondacks. From the dramatic beauty of the Lake George Wild Forest, to numerous fire tower summits and open ledges and mountaintops scattered around the park, and the rugged splendor of the High Peaks and bucolic beauty of the Champlain Valley, this book covers it all.

Blue Line to Blue Line

His book is a romance, a story of first love between Americans and a thing they call "wilderness." For it was in the Adirondacks that masses of non-Native Americans first learned to cherish the wilderness as a place of recreation and solace. In this lyrical narrative history, the author reveals that the affair between Americans and the Adirondacks was by no means one of love at first sight. And even now, Schneider shows that Americans' relationship with the glorious mountains and rivers of the Adirondacks continues to change. As in every good romance, nothing is as simple as it appears.

50 Hikes in the Adirondacks

Get great photos whether you use a cell phone or a top-of-the-line digital camera. New York's Adirondack

Park is a treasure trove of photographic possibilities; you just need to know where to find them. In this new guidebook, Carl Heilman, an Adirondacks insider, takes you to the best photo sites in the park and shows you how and when to shoot them for your best results ever. This ruggedly beautiful National Park stretches through a large portion of New York State. Much of it is easily accessible, and yet it offers some of the most striking and dramatic natural features to be found anywhere in the Northeast. With the help of this informative guide you'll know just where to go to find its loveliest spots and how best to capture them on film. Now that virtually everyone has a good digital camera in his cell phone, we can all benefit from the tips and advice in this guide. Your visit to Adirondack Park will remain forever memorable with the photos you'll make using the expert help provided in this book. Carl Heilman II is an award-winning outdoor photographer who specializes in nature photography of New York State and the Adirondacks. He has written and provided photographs for several books, and he regularly leads nature-photography workshops to sites in the Adirondacks and in Acadia National Park in Maine.
