Great Beers

On October 12, 2005, a massive fire broke out in the Wines Central wine warehouse in Vallejo, California. Within hours, the flames had destroyed 4.5 million bottles of California's finest wine worth more than \$250 million, making it the largest destruction of wine in history. The fire had been deliberately set by a passionate oenophile named Mark Anderson, a skilled con man and thief with storage space at the warehouse who needed to cover his tracks. With a propane torch and a bucket of gasoline-soaked rags, Anderson annihilated entire California vineyard libraries as well as bottles of some of the most sought-after wines in the world. Among the priceless bottles destroyed were 175 bottles of Port and Angelica from one of the oldest vineyards in California made by Frances Dinkelspiel's great-great grandfather, Isaias Hellman, in 1875. Sadly, Mark Anderson was not the first to harm the industry. The history of the California wine trade, dating back to the 19th Century, is a story of vineyards with dark and bloody pasts, tales of rich men, strangling monopolies, the brutal enslavement of vineyard workers and murder. Five of the wine trade murders were associated with Isaias Hellman's vineyard in Rancho Cucamonga beginning with the killing of John Rains who owned the land at the time. He was shot several times, dragged from a wagon and left off the main road for the coyotes to feed on. In her new book, Frances Dinkelspiel looks beneath the casually elegant veneer of California's wine regions to find the obsession, greed and violence lying in wait. Few

people sipping a fine California Cabernet can even guess at the Tangled Vines where its life began.

The Big Bucket List Book

It's complicated! That's a simple way to describe the sort of relationship that seemingly defies simple explanations. Like a love triangle, money, taste, and wine are caught in a complicated relationship affecting every aspect of the wine industry and wine enthusiast experience. As wine economist and best-selling author Mike Veseth peels back the layers of the money-taste-wine story, he discovers the wine buyer's biggest mistake (which is to confuse money and taste) and learns how to avoid it, sips and swirls dump bucket wines and Treasure Island wines, and toasts anything but Champagne. He bulks up with big-bag, big-box wines and realizes that sometimes the best wine is really a beer. Along the way he questions wine's identity crisis, looks down his nose at wine snobs and cheese bores, follows the money, surveys the restaurant war battleground, and imagines wines that even money cannot buy before concluding that money, taste, and wine might have a complicated relationship but sometimes they have the power to change the world. His engaging and enlightening book will surprise, inform, inspire, and delight anyone with an interest in wine—or complicated relationships.

The Beer Bucket List

Writing with wit and verve, Mike Veseth (a.k.a. the Wine Economist) tells the compelling story of the war between the market trends that are redrawing the world wine map and the terroirists who resist them. Wine and the wine business are at a critical crossroad today, transformed by three powerful forces. Veseth begins with the first force, globalization, which is shifting the center of the wine world as global wine markets provide enthusiasts with a rich but overwhelming array of choices. Two Buck Chuck, the second force, symbolizes the rise of branded products like the famous Charles Shaw wines sold in Trader Joe's stores. Branded corporate wines simplify the worldwide wine market and give buyers the confidence they need to make choices, but they also threaten to dumb down wine, sacrificing terroir to achieve marketable McWine reliability. Will globalization and Two Buck Chuck destroy the essence of wine? Perhaps, but not without a fight, Veseth argues. He counts on "the revenge of the terroirists" to save wine's soul. But it won't be easy as wine expands to exotic new markets such as China and the very idea of terroir is attacked by both critics and global climate change.

Veseth has "grape expectations" that globalization, Two Buck Chuck, and the revenge of the terroirists will uncork a favorable future for wine in an engaging tour-de-force that will appeal to all lovers of wine, whether it be boxed, bagged, or bottled.

I'd Love to Take You Out for a Cup of Coffee

From the world-renowned sommelier Aldo Sohm, a dynamic, essential wine guide for a new generation NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY FOOD52 Aldo Sohm is one of the most respected and widely lauded sommeliers in the world. He's worked with celebrated chef Eric Ripert as wine director of three-Michelin-starred Le Bernardin for over a decade, yet his philosophy and approach to wine is much more casual. Aldo's debut book, Wine Simple, is full of confidence-building infographics and illustrations, an unbeatable depth of knowledge, effusive encouragement, and, most important, strong opinions on wine so you can learn to form your own. Imbued with Aldo's insatiable passion and eagerness to teach others, Wine Simple is accessible, deeply educational, and lively and fun, both in voice and visuals. This essential guide begins with the fundamentals of wine in easy-to-absorb hits of information and pragmatic, everyday tips—key varietals and winemaking regions, how to taste, when to save and when to splurge, and how to set up a wine tasting at home. Aldo then teaches you how to take your wine knowledge to the next level and evolve your palate, including techniques on building a "flavor library," a cheat sheet to good (and great) vintages (and why you shouldn't put everything on the line for them), tips on troubleshooting tricky wines (corked? mousy?), and, for the daring, even how to saber a bottle of champagne. This visual, user-friendly approach will inspire readers to have the confidence, curiosity, and enthusiasm to taste smarter, drink boldly, and dive headfirst fearlessly into the exciting world of wine. Praise for Wine Simple "If you've ever felt like you ought to be smart about wine, this is the book. Aldo makes wine approachable and never dumbed down." Madeline Puckette, co-founder of Wine Folly "A meal at Le Bernardin is always an incredible experience, especially with Aldo's expert knowledge and effortless charm! It can be intimidating to choose wine, but with Wine Simple we can all feel like world-class sommeliers." Chrissy Teigen "Whoever thinks wine is all about snobbery and intricate complexity should open this book! In less than 300 pages, Aldo Sohm manages to open the doors of this universe with wit, fun, and great pedagogy. A perfect, personal beginner's guide by a legend in our industry, Wine Simple will surely be the bedside book for a new generation of wine lovers." Pascaline Lepeltier, Master Sommelier and managing partner, Racines NY

The Bucket List - Beer

2019 marks the twenty-fifth anniversary of the acclaimed French Laundry restaurant in the Napa Valley—the most exciting place to eat in the United States— (The New York Times). The most transformative cookbook of the century celebrates this milestone by showcasing the genius of chef/proprietor Thomas Keller himself. Keller is a wizard, a purist, a man obsessed with getting it right. And this, his first cookbook, is every bit as satisfying as a French Laundry meal itself: a series of small, impeccable, highly refined, intensely focused courses. Most dazzling is how simple Keller's methods are: squeegeeing the moisture from the skin on fish so it sautées beautifully; poaching eggs in a deep pot of water for perfect shape; the initial steeping in the shell that makes cooking raw lobster out of the shell a cinch; using vinegar as a flavor enhancer; the repeated washing of bones for stock for the cleanest, clearest tastes. From innovative soup techniques, to the proper way to cook green vegetables, to secrets of great fish cookery, to the creation of breathtaking desserts; from beurre monté to foie gras au torchon, to a wild and thoroughly unexpected take on coffee and doughnuts, The French Laundry Cookbook captures, through recipes, essays, profiles, and extraordinary photography, one of America's great restaurants, its great chef, and the food that makes both unique. One hundred and fifty superlative recipes are exact recipes from the French Laundry kitchen—no shortcuts have been taken, no critical steps ignored, all have been thoroughly tested in home kitchens. If you can't get to the French Laundry, you can now re-create at home the very experience Wine Spectator described as “as close to dining perfection as it gets.”
