Time to turn your dreams into goals and reach them! Time to finally make the change you've been thinking about. The This Year I will is a guided journal notebook to help you get there. The process is a simple, science-backed method: Identify your vision for the year. Based on the themes of health, wealth and learning or growing, you'll follow the prompts to write your vision. Create goals based on your vision. Record those goals, following the prompts. Regular journalling. Guided check-ins against those goals every two weeks. Over the course of your journaling you need to stay on track, identify your barriers, and celebrate your successes. The guided check-in every two weeks checks your progress towards your goals and is one of the most important steps! Take the time today to bring your vision to life with your new journal.

Learn the secret to making changes that stick Every so often people get inspired (again!) to lose weight, get organized, start saving, or stop worrying – but a few months later they give up, frustrated. It doesn't have to be that way. In This Year I Will . . . I, bestselling author M.J. Ryan offers breakthrough wisdom and coaching to help readers make this time the time that change becomes permanent. Why do people find it so hard to change? The secret is that everyone has their own formula for making changes that stick, but most people don't know what theirs is. They think there is one way to lose five pounds, and another way to stay on top of their e-mail, but they don't realize that for all changes, there is one system that works best for each individual. This Year I Will . . . helps you lock on to your unique formula for planning, implementing, and seeing a life change through, so you can use it again and again to tackle anything else you'd like to do. For anyone who has broken a New Year's resolution, fallen off a diet, or given up on fulfilling a dream, the ingenious strategies, inspiring stories, and sheer motivational energy of This Year I Will . . . help you make a promise to yourself that you can actually keep. Answers to the jacket quiz: c, c, false, b. Take the whole quiz and learn your score at M.J. Ryan's Web site, www.mj-ryan.com. Are you really ready to change? Take this quiz and find out. Every New Year's Day, my list of resolutions is: Ambitious. I aim for everything from losing weight to saving more money for my retirement. Realistic. I just try to bump my good behavior up a notch--be a better friend, give more money to charity---without giving myself any strict deadlines or goals. Precise. I decide exactly how many men I will ask for a date, or how many new jobs I will apply for. Whenever I decide to change something, it's usually because: My doctor has put the fear of God into me. I read a magazine article about why making this change is important. I start daydreaming about how great life will be after I make the change. True or False: When you want to make a big change in your life, timing is crucial. Failure is: Impossible. Inevitable. Not in my vocabulary. (The answers are on the inside back flap.)

This Year I Will

The guide to shortening your execution cycle down from one year to twelve weeks Most organizations and individuals work in the context of annual goals and plans; a twelve-month execution cycle. Instead, The 12 Week Year avoids the pitfalls and low productivity of annualized thinking. This book redefines your "year" to be 12 weeks long. In 12 weeks, there just isn't enough time to get complacent, and urgency increases and intensifies. The 12 Week Year creates focus and clarity on what matters most and a sense of urgency to do it now. In the end more of the important stuff gets done and the impact on results is profound. Explains how to leverage the power of a 12 week year to drive improved results in any area of your life Offers a how-to book for both individuals and organizations seeking to improve their execution effectiveness Authors are leading experts on execution and implementation Turn your organization's idea of a year on its head, and speed your journey to success.

This Year I Want I Will

On the heels of her mother's death, Hope Logan reluctantly returned to her grandparents' home place in search of a journal that revealed explosive crimes and atrocities of the past that had haunted her grandma for nearly sixty-five years. Bitterness, unforgiveness, and anger consumed her as she set out to solve the mystery that surrounded her grandma's life. The dark evil secret that was contained in the journal

only deepened her resentment of God. Because of her quest, she came in contact with many strong believers, especially a handsome young pastor and three senior citizens. In that small town in the foothills of the mountains of North Carolina, Hope's bitterness, unforgiveness, and anger slowly began to fade in the light of the strong faith of the young pastor and three senior citizens. She discovered the true meaning of faith and hope in Christ in the midst of adversity. Carolyn Digh Griffin, a native North Carolinian, resides in Waxhaw, North Carolina, with her husband, Hoyle. She is retired from Union County Public Schools where she was an Administrative Assistant to the Assistant Superintendent. She has two daughters and four grandchildren who also reside in the Old North State.

The Year of Less

A New York Times correspondent shares his financial successes and mishaps, offering an everyman's guide to straightening out your money once and for all. Money management is one of our most practical survival skills—and also one we've convinced ourselves we're either born with or not. In reality, financial planning can be learned, like anything else. Part financial memoir and part research-based guide to attaining lifelong security, *This Is the Year I Put My Financial Life in Order* is the book that everyone who has never wanted to read a preachy financial guide has been waiting for. John Schwartz and his wife, Jeanne, are pre-retirement workers of an economic class well above the poverty line, but well below the one percent. Sharing his own alternately harrowing and hilarious stories—from his brush with financial ruin and bankruptcy in his thirties to his short-lived budgeted diet of cafeteria french fries and gravy—John will walk you through his own journey to financial literacy, which he admittedly started a bit late. He covers everything from investments to retirement and insurance to wills (at fifty-eight, he didn't have one!), medical directives and more. Whether you're a college grad wanting to start out on the right foot or you're approaching retirement age and still wondering what a 401(K) is, *This Is the Year I Put My Financial Life in Order* will help you become your own best financial adviser.

This Year I Will :a 52-Week Guided Journal to Achieve Your Goals

In his new book, Stephen Levine, author of the perennial best-seller *Who Dies?*, teaches us how to live each moment, each hour, each day mindfully--as if it were all that was left. On his deathbed, Socrates exhorted his followers to practice dying as the highest form of wisdom. Levine decided to live this way himself for a whole year, and now he shares with us how such immediacy radically changes our view of the world and forces us to examine our priorities. Most of us go to extraordinary lengths to ignore, laugh off, or deny the fact that we are going to die, but preparing for death is one of the most rational and rewarding acts of a lifetime. It is an exercise that gives us the opportunity to deal with unfinished business and enter into a new and vibrant relationship with life. Levine provides us with a year-long program of intensely practical strategies and powerful guided meditations to help with this work, so that whenever the ultimate moment does arrive for each of us, we will not feel that it has come too soon.

This Year I Will

In traditional Jewish societies of previous centuries, literacy education was mostly a male prerogative. Even more recently, women have not been taught the traditional male curriculum that includes the Talmud and midrashic books. But the situation is changing, partly because of the special emphasis that modern Judaism places on learning its philosophy and traditions and on broadening its circle of knowers. In *Next Year I Will Know More*, the distinguished Israeli anthropologist Tamar El-Or explores the spreading practice of intensive Judaic studies among women in the religious Zionist community. Feminist literacy, notes El-Or, will alter gender relations and the construction of gender identities of the members of the religious community. This in turn could effect changes in Jewish theology and law. In an engaging narrative that offers

rare insights into a traditional society in the midst of a modern world, the author points to a community that will be more feminist—and even more religious.
