"Fox writes some sexy as hell cowboys. No question! They're a danger to panties everywhere." -herding cats & burning soup  
"Not for the faint of heart." - Fresh Fiction  
"\* \* \* \* ½" -Manic Readers  
After boot-stomping all night with every last Cameron man on the ranch, Holly can't wait to get her honeymoon started with her new husband, Gavin. He's her dream come true-smart, rugged and kinky as hell, but the very best part is marrying into his big family; a close-knit, loving clan who take care of each other. She'd never had that. Ever. "Do you take this man?" was the easiest question Holly ever had to answer. But when Gavin poses a new, unthinkable question on their wedding night, Holly must choose between the idealized happily-ever-after she'd always dreamed of and something much more than she ever knew she wanted-or needed. Yet her happiness isn't the only thing put at risk by the unconventional arrangement she finds herself in, and when everything Gavin treasures is threatened, Holly must decide if she can give up the family she'd always wanted for the family that wants her in every possible way. Warning: These cowboys may make you squirm like a little roped calf. Their story includes questionable consent, open relationships, and a lot of hot sex, some of it rough. It is a work of fiction intended for an adult audience.

Thoughtlessness, of course, leads to mistakes and misunderstandings, and in the space of a month, Heidi manages to lose control of a group of kindergartners, make a terrible impression on the social worker, and damage--possibly irreparably--her closest

## **Peak**

The only thing you'll find on the summit of Mount Everest is a divine view. The things that really matter lie far below. - Peak Marcello

After fourteen-year-old Peak Marcello is arrested for scaling a New York City skyscraper, he's left with two choices: wither away in Juvenile Detention or go live with his long-lost father, who runs a climbing company in Thailand. But Peak quickly learns that his father's renewed interest in him has strings attached. Big strings. As owner of Peak Expeditions, he wants his son to be the youngest person to reach the Everest summit--and his motives are selfish at best. Even so, for a climbing addict like Peak, tackling Everest is the challenge of a lifetime. But it's also one that could cost him his life. Roland Smith has created an action-packed adventure about friendship, sacrifice, family, and the drive to take on Everest, despite the incredible risk. The story of Peak's dangerous ascent--told in his own words--is suspenseful, immediate, and impossible to put down.

more remarkable was that Susan was not a mountain climber, but a high-powered Fortune 500 executive who had never hiked or climbed until she met Phil at the age of 36. Phil, a professional mountain guide who was the first American to summit Everest from its treacherous north face, had climbed his whole life with Crohn's disease, a chronic, debilitating illness. Adding to these challenges, Phil was diagnosed with colon cancer just before their final summit, and the resulting surgeries and complications were expected to end his career. This is Susan and Phil's story: a tale of love set in some of the world's highest mountains, a story of triumphal highs and devastating lows on a quest to achieve a seemingly impossible dream.

The incredible bestselling book from the author of *No Barriers and The Adversity Advantage* Erik Weihenmayer was born with retinoscheses, a degenerative eye disorder that would leave him blind by the age of thirteen. But Erik was determined to rise above this devastating disability and lead a fulfilling and exciting life. In this poignant and inspiring memoir, he shares his struggle to push past the limits imposed on him by his visual impairment—and by a seeing world. And he tells the story of his dream to climb the world's Seven Summits, and how he is turning that dream into astonishing reality (something fewer than a hundred mountaineers have done).
