It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. Soon, Laurel has a notebook full of letters to people like Janis Joplin, Amy Winehouse, Amelia Earhart, Heath Ledger, and more -- though she never gives a single one of them to her teacher. She writes about starting high school, navigating new friendships, falling in love for the first time, learning to live with her

splintering family. And, finally, about the abuse she suffered while May was supposed to be looking out for her. Only then, once Laurel has written down the truth about what happened to herself, can she truly begin to accept what happened to May. And only when Laurel has begun to see her sister as the person she was -- lovely and amazing and deeply flawed -- can she begin to discover her own path in this stunning debut from Ava Dellaira, *Love Letters to the Dead*.

He hires Imp's sister, Eve, to procure it by any means necessary, and in the process, he encounters Wendy Deere. Sink your teeth into the first novel in the #1 New York Times bestselling Sookie Stackhouse series—the books that gave life to the Dead and inspired the HBO® original series True Blood. Sookie Stackhouse is just a small-time cocktail waitress in small-town Bon Temps, Louisiana. She's quiet, doesn't get out much, and tends to mind her own business—except when it comes to her “disability.” Sookie can read minds. And that doesn't make her too dateable. Then along comes Bill Compton. He's tall, dark, handsome—and Sookie can't hear a word he's thinking. He's exactly the type of guy she's been waiting for all her life But Bill has a disability of his own: he's a vampire with a bad reputation. And when a string of murders hits Bon Temps—along with a gang of truly nasty bloodsuckers looking for Bill—Sookie starts to wonder if having a vampire for a boyfriend is such a bright idea.

Classical music in our society is a window to the past. While social attitudes are increasingly forward thinking, backward-looking preferences in classical music have stayed relatively unchanged since the mid 19th century. Why isn't the music of living composers listened to and respected as much as that of dead composers? I begin this paper by briefly outlining the beginnings of our modern musical landscape—that is where we came from and how we got here. I then made a series of observations on performing groups that are presenting contemporary classical music in innovative ways. Lastly, I discuss the concert of new music that I curated, ways I attempted to make it more relevant to a general audience, and insights I gained from the experience

Bury the Dead is a collection of personal encounters with death: stories of Alzheimer's, AIDS, cancer, hospice, suicide, murder, systemic violence, genocide, and war. In this book a teenager tenderly washes her mother's body, a community organizer cries outrage over his blood-soaked comrade, a father builds a coffin for his infant son, martyrs are honored by a former political prisoner, a young scholar's experiences in Palestine shape her reading of the Exodus narrative, and a community of gardeners plant trees at urban-core murder sites. Drawing from sources such as the peace movement, the Catholic Worker, and Occupy, these stories make connections between medicine delivery, labor picket lines, and PICC-lines; between jazz funeral secondlines and the front lines of countless struggles. Part pastoral theology, part movement history, this book powerfully demonstrates that resisting the power of death is at the heart of Christian discipleship, and that in a culture that fears death, we will only find resurrection in facing it.

Dive into a "tour de force of investigative reporting" (Ron Chernow): a "searching, atmospheric and ultimately entrancing" (Patrick Radden Keefe) true crime narrative of an unsolved 1969 murder at Harvard and an "exhilarating and seductive" (Ariel Levy) narrative of obsession and love for a girl who dreamt of rising among men. You have to remember, he reminded me, that Harvard is older than the U.S. government. You have to remember because Harvard doesn't let you forget. 1969: the height of counterculture and the year universities would seek to curb the unruly spectacle of student protest; the winter that Harvard University would begin the tumultuous process of merging with Radcliffe, its all-female sister school; and the year that Jane Britton, an ambitious twenty-three-year-old graduate student in Harvard's Anthropology Department and daughter of Radcliffe Vice President J. Boyd Britton, would be found bludgeoned to death in her Cambridge, Massachusetts apartment. Forty years later, Becky Cooper a curious undergrad, will hear the first whispers of the story. In the first telling the body was nameless. The story was this: a Harvard student had had an affair with her professor, and the professor had murdered her in the Peabody Museum of Archaeology and Ethnology because she'd threatened to talk about the affair. Though the rumor proves false, the story that unfolds, one that Cooper will follow for ten years, is even more complex: a tale of gender inequality in academia, a 'cowboy culture' among empowered male elites, the silencing effect of institutions, and our compulsion to rewrite the stories of female victims. We Keep the Dead Close is a memoir of mirrors, misogyny, and murder. It is at once a rumination on the violence and oppression that rules our revered institutions, a ghost story reflecting one young woman's past onto another's present, and a love story for a girl who was lost to history.

For a year he's sloshed around the subway tunnels and sewers, tapping the veins of the lost, while above ground a Vampyre civil war threatens to drag the Clans into the sunlight once and for all. What's it gonna take to dig him up? Just the search for a missing girl who's carrying a baby that just might be the destiny of Vampyre-kind. Not that Joe cares all that much about destiny and such. What he cares about is that his ex-girl Evie wants him to take the gig. What's the risk? Another turn playing pigeon in a shooting gallery. What's the reward? Maybe one shot of his own. What's he aiming for? Nothing much. Just all the evil at the heart of his world.
