### Redeeming Science

In *Visions, Visitations and the Voice of God*, Lyn Packer demystifies the often-perplexing subject of revelation and experience with God. Drawing from both scripture and personal experience Lyn opens up the realm of supernatural revelation and makes it relevant to your daily life.

### God's Church Through the Ages

The Book of Revelation contains some of the most difficult passages in Scripture. Grant Osborne's commentary on Revelation begins with a thorough introduction and the many difficulties involved in its interpretation. He also examines elements that complicate the interpretation of apocalyptic literature. As with all volumes published in the BECNT series, Revelation seeks to reach a broad audience with scholarly research from a decidedly evangelical perspective.

### The Experience of God

This tremendous exposition of the capstone of Scripture issues from years of teaching, dedicated study, and sound evangelical scholarship. The author defends the premillennial position, but at crucial points considers other views as well.

### Inspiration and Incarnation

The exodus—the story of God leading his chosen people out of slavery in Egypt—stands as a pivotal event in the Old Testament. But if you listen closely, you

will hear echoes of this story of redemption all throughout God's Word. Using music as a metaphor, the authors point us to the recurring theme of the exodus throughout the entire symphony of Scripture, shedding light on the Bible's unified message of salvation and restoration that is at the heart of God's plan for the world.

### The Theology of the Book of Revelation

#### The Truth Seeker

Some theological reflections on prayer and its relation to the nature of God, the character of the believer, and the life of the mind. Contents: Prayer and the Triune God, Prayer and the Divine Nature, Prayer and the Moral Life, and Prayer and the Inner Life.

#### Systematic Theology, Volume 3

The divine inspiration of Scripture may be confidently affirmed from Paul's epistles. However, it is hard to find such an explicit approach from Jesus and the Gospels. In this NSBT volume, Matthew Barrett argues that Jesus and the apostles have just as convictional a doctrine of Scripture as Paul or Peter, but it will only be discovered if the Gospels are read within their own canonical horizon and covenantal context.

#### The Assumption of Moses

What would it take for you to make a change? Weight loss can sometimes be a very self-focused endeavor. Maybe you have struggled with your weight your entire life, riding a constant roller coaster of numbers that go up and down. Or maybe you are finding yourself more stressed out by the world and all its demands. Perhaps you just don't feel as well in your body as you do in your spirit. In *The Wellness Revelation*, certified fitness professional Alisa Keeton will challenge you to get fit with God so that He can free you to complete your purpose. She teaches that when we get fit physically as well as spiritually, we will be better equipped to love and serve others. *The Wellness Revelation* will change the way you perceive yourself and the way that you live your life. Each week in this eight-week journey includes a teaching from Alisa, weekly assignments, Bible study, small-group questions, and more. Alisa will encourage you to love God, get healthy, and serve others; and she will provide you with the tools to spread the gospel with courage, confidence, kindness, and freedom. It's time to make a change from the inside out.

#### Prayer and Revelation

In this volume, the third and last of his *Systematic Theology*, Paul Tillich sets forth his ideas of the meaning of human life, the doctrine of the Spirit and the church, the trinitarian symbols, the relation of history to the Kingdom of God, and the eschatological symbols. He handles this subject matter with powerful

conceptual ability and intellectual grace. The problem of life is ambiguity. Every process of life has its contrast within itself, thus driving man to the quest for unambiguous life or life under the impact of the Spritual Presence. The Spritual Presence conquers the negativities of religion, culture, and morality, and the symbols anticipating Eternal Life present the answer to the problem of life.

### Models of Revelation

#### Canon, Covenant and Christology

In God's Generals, Roberts Liardon will help you recapture God's glory with compelling spiritual biographies of some of the most powerful ministries to ever ignite the fires of revival. Liardon faithfully chronicles their lives in this work, along with their teachings, their spiritual discoveries, and many revealing photos. Four of God's Generals who you will meet include: William J. Seymour, the son of ex-slave, who turned a tiny horse table on Azusa Street, Los Angeles, into an internationally famous center of revival Aimee Semple McPherson, the glamorous and flamboyant founder of the Foursquare Church and the nation's first Christian radio station Smith Wigglesworth, the plumber who read no book but the Bible—and raised the dead! Kathryn Kuhlman, the beloved evangelist whose miracle-filled meetings drew millions of skeptics to faith

#### Fanny J. Crosby An autobiography

A clear and fun guide to the Book of Revelation, the most hyped, hoaxed, and mystified book in the Bible.

#### God's Masterwork

From time to time the series publishes volumes that map the state of the art and the history of the discipline.

## God's Word Alone---The Authority of Scripture

For those friends and acquaintances, who have expressed a wish to read the complete story of my life, from my childhood to the present time, I have undertaken the writing of this book. By including even some incidents that, in themselves, may seem trivial, I have tried to make this account a full and accurate autobiography. In modesty, however, I have also desired to render my story as simple as possible, in fact, to give a vivid picture of my work, my opinions and my aspirations, not only as a teacher but also as a writer of sacred songs; and if I have spoken with a frankness that may seem akin to egotism, I hope that I may be pardoned; for I am fully aware of the immense debt I owe to those numberless friends, only a few of whom I have been able to mention, and especially to that dear Friend of us all, who is our light and life.

## Revelation

Discusses the nature of revelation as doctrine, history, and inner experience, and examines its relationship to the Bible, eschatology, and other religions

## Revelation (Understanding the Bible Commentary Series)

With nearly 200,000 copies sold in its 25 years, Chosen by God by Dr. R. C. Sproul is a contemporary classic on predestination, a doctrine that isn't just for Calvinists, says Sproul. It is a doctrine for all biblical Christians. In this updated and expanded edition of Chosen by God, Sproul shows that the doctrine of predestination doesn't create a whimsical or spiteful picture of God, but paints a portrait of a loving God who provides redemption for radically corrupt humans. We choose God because he has opened our eyes to see his beauty; we love him because he first loved us. There is mystery in God's ways, but not

contradiction.

## A Commentary on the Holy Scriptures: Apocrypha

A journal to record and track Dreams, Revelations, Inspirations, Visions, and Encounters

## Visions, Visitations and the Voice of God

## The Late Great Planet Earth

Visions of Hell In A Divine Revelation of Hell, over a period of thirty nights, God gave Mary K. Baxter visions of hell and commissioned her to tell people still alive on earth to reject sin and evil, and to choose life in Christ. Here is an account of the place and beings of hell contrasted with the glories of heaven. Follow Mary in her supernatural journey as she enters with Jesus into a gateway to hell and encounters the sights, sounds, and smells of that dark place of torment, including its evil spirits, cells, pits, jaws, and heart. Be an eyewitness to the various punishments of lost souls and hear their shocking stories. This book is a reminder that each of us needs to accept the miracle of salvation before it is too late—and to intercede for those who do not yet know Christ. Time is running out.

## God's Generals Why They Succeeded and Why Some Fail

The Book of Jonah stands unique among the biblical books of the prophets because it is almost entirely narrative. And, in contrast to all the other prophets portrayed as admirable individuals who bravely speak God's word, Jonah stands out as flawed and fleeing from God. We are drawn to Jonah because God gives him an opportunity to redeem himself. His experience inspires us to find our own second chances--and our own paths to meaningful growth. *Jonah and the Meaning of Our Lives* draws on commentaries of Rashi, Ibn Ezra, Kimchi, Abarbanel, and the Malbim, as well as contemporary culture and personal experiences to reveal the hidden meanings of this perplexing biblical story. In so doing, it explores many of the larger questions and topics we face, including human nature, our relationship with God, and how we understand ourselves and lead our lives. Rabbi Steven Bob's verse-by-verse commentary intimately connects the ancient wisdom of the text with the reality of our own lives, providing us with inspiration and guidance.

## Revelation

## Chosen by God

The Assumption of Moses by Robert Henry Charles, first published in 1897, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.

### The Wellness Revelation

The Powers of Prophecy is an original attempt to investigate the subject of medieval eschatological prophecies: how and in what circumstances they were written; how they circulated; what they told people about the future; and how they were received. Although scholars have studied the ideas of a few outstanding medieval prophetic thinkers or the role of prophecies in heretical movements and popular insurrections, up to now there has been no attempt to study the most commonplace medieval prophetic ideas as they were communicated in the most frequently copied and widely read anonymous prophetic texts. Dedicated to pursuing the typical, Lerner's book traces the fortunes of an eschatological prophecy that was first written around 1240 and thereafter circulated throughout Western Europe for more than four centuries. Originally composed as a response to the Mongol onslaught, the prophecy was resurrected and reconceived to apply to other crises such as the fall of the Holy Land, the Black Death, and the Protestant Reformation. Although it was supposed to have descended from on high, allegedly being a message written by a disembodied moving hand over an altar during mass, countless scribes felt no qualms about recirculating the text with substantial changes. Among the many who took note of the prophecy in one or another of its numerous guises were the scholastic theological John of Paris; the Infante Peter, a prince of the house of Aragon; John Clyn, an Irish monk who entered it into his chronicle shortly before dying of the bubonic plague; and Martin Luther. -- "American Historical Review"

### The Powers of Prophecy

Historians and theologians alike have long recognized that at the heart of the sixteenth-century Protestant Reformation were five declarations (or "solas") that distinguished the movement from other expressions of the Christian faith. Five hundred years later, we live in a different time with fresh challenges to our faith. Yet these rallying cries of the Reformation continue to speak to us, addressing a wide range of contemporary issues. The Five Solas series will help you understand the historical and biblical context of the five solas and how to live out the relevance of Reformation theology today. In *God's Word Alone*—The Authority of Scripture, scholar and pastor Matthew Barrett looks at the historical and biblical roots of the doctrine that Scripture alone is the final and decisive authority for God's people. He examines the development of this theme in the Reformation and traces the crisis that followed resulting in a shift away from the authority of Scripture. Barrett shows that we need to recover a robust doctrine of Scripture's authority in the face of today's challenges and why a solid doctrinal foundation built on God's Word is the best hope for the future of the church.

### The Genre of the Book of Revelation from a Source-critical Perspective

This prophetic book depicts the ultimate victory of Christ.

### Jonah and the Meaning of Our Lives

Translates and interprets the Apocalypse of John, investigating theories of authorship and deducing that the inspirations for the visions lay in the prophecies of John the Baptist.

### The Reconstruction of the Christian Revelation Claim

The impact of *The Late Great Planet Earth* cannot be overstated. The *New York Times* called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

### Glory In Our Midst

Many people think science is antagonistic to Christian belief. Science, it is said, shows that the universe is billions of years old, while the Bible says it is only thousands of years old. And some claim that science shows supernatural miracles are impossible. These and other points of contention cause some Christians to view science as a threat to their beliefs. *Redeeming Science* attempts to kindle our appreciation for science as it ought to be—science that could serve as a path for praising God and serving fellow human beings. Through examining the wonderfully complex and immutable laws of nature, author Vern Poythress explains, we ought to recognize the wisdom, care, and beauty of God. A Christian worldview restores a true response to science, where we praise the God who created nature and cares for it.

### Revelation (Baker Exegetical Commentary on the New Testament)

Charles Swindoll's practical study of the books of Matthew through 1 Thessalonians is part of *God's Masterwork*, a five-volume overview of the Bible that lays a foundation for a lifetime of personal Bible study and application.

### Internal Evidence of Inspiration

The Book of Revelation is a work of profound theology. But its literary form makes it impenetrable to many modern readers and open to all kinds of misinterpretations. Richard Bauckham explains how the book's imagery conveyed meaning in its original context and how the book's theology is inseparable from its literary structure and composition. Revelation is seen to offer not an esoteric and encoded forecast of historical events but rather a theocentric vision of the coming of God's universal kingdom, contextualised in the late first-century world dominated by Roman power and ideology. It calls on Christians to confront the political idolatries of the time and to participate in God's purpose of gathering all the nations into his kingdom. Once Revelation is properly grounded in its original context it is seen to transcend that context and speak to the contemporary church. This study concludes by highlighting Revelation's continuing relevance for today.

### The Writing of American Religious History

How can an evangelical view of Scripture be reconciled with modern biblical scholarship? In this book Peter Enns, an expert in biblical interpretation, addresses Old Testament phenomena that challenge traditional evangelical perspectives on Scripture. He then suggests a way forward, proposing an incarnational model of biblical inspiration that takes seriously both the divine and the human aspects of Scripture. This tenth anniversary edition has an updated bibliography and includes a substantive postscript that reflects on the reception of the first edition.

### Vision, Tradition, Interpretation

This text is an extensive examination that starts off by explaining what revelations mean, how they happened at the time of the Prophet (s.a.w.w.) and how they happened at the time of the Jewish and the Christian. The book continues by describing the authenticity of the Old and New Testaments and talks about the Injil, Jesus's (a.s.) book. After the study of the previous revealed book we can dive in the explanation on the authenticity of the Holy Qurʾān, how to interpret the verses, what ahadith are and how to prove their authenticity. The book also provides lots of examples and is a wonderfully way to learn about our Holy Book and the ahādith

## What Does Revelation Reveal?

Dr. Hackett provides, in digestible form, a comprehensive, systematic, and pervasively philosophical apologetic for the Christian revelation claim. Although the approach is seriously philosophical, the text is free as possible of the earmarks of technical scholarship--reflecting the author's aspiration to reach the common person who has a deep interest in such questions. Thus, although positions, arguments, and counter-arguments are discussed (of necessity), these are set forth without distracting encumbrances. Specifically, this book is designed as a substantial textbook for college and seminary courses in apologetics. In his thorough introduction, *Philosophical Prolegomena*, a firm base for the whole study is established by initiating the reader firmly in epistemology and the concept of revelation. The main divisions are: -- *Christianity and the Revelation Cosmos: A Philosophical Case for a Theistic Metaphysic.* -- *Christianity and the Revelational Person: An Historical / Critical Case for the Incarnation of God in Jesus Christ.* -- *Christianity and the Revelational Word: The Propositional Expression of Revelation in Scripture.* Dr. Hackett includes on every page parallel marginal summaries and outlines to guide the reader and to facilitate ready reference.
